Magic and Magicians in the Middle Ages and the Early Modern Time

Albrecht Classen,2017-10-23 There are no clear demarcation lines between magic astrology necromancy medicine and even sciences in the pre modern world Under the umbrella term magic the contributors to this volume examine a wide range of texts both literary and religious both medical and philosophical in which the topic is discussed from many different perspectives The fundamental concerns address issue such as how people perceived magic whether they accepted it and utilized it for their own purposes and what impact magic might have had on the mental structures of that time While some papers examine the specific appearance of magicians in literary texts others analyze the practical application of magic in medical contexts In addition this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion of disenchantment pertaining to the modern world can be maintained Magic is oddly but significantly still around us and exerts its influence Focusing on magic in the medieval world thus helps us to shed light on human culture at large

Indigenous Continent: The Epic Contest for North America Pekka Hämäläinen,2022-09-20 NATIONAL BESTSELLER New York Times Book Review 100 Notable Books of 2022 Best Books of 2022 New Yorker Kirkus Reviews Longlisted for the Andrew Carnegie Medal for Excellence I can only wish that when I was that lonely college junior and was finishing Bury My Heart at Wounded Knee I'd had H m l inen's book at hand David Treuer The New Yorker T he single best book I have ever read on Native American history Thomas E Ricks New York Times Book Review A prize winning scholar rewrites 400 years of American history from Indigenous perspectives overturning the dominant origin story of the United States There is an old deeply rooted story about America that goes like this Columbus discovers a strange continent and brings back tales of untold riches The European empires rush over eager to stake out as much of this astonishing New World as possible Though Indigenous peoples fight back they cannot stop the onslaught White imperialists are destined to rule the continent and history is an irreversible march toward Indigenous destruction Yet as with other long accepted origin stories this one too turns out to be based in myth and distortion In Indigenous Continent acclaimed historian Pekka H m l inen presents a sweeping counternarrative that shatters the most basic assumptions about American history Shifting our perspective away from Jamestown Plymouth Rock the Revolution and other well trodden episodes on the conventional timeline he depicts a sovereign world of Native nations whose members far from helpless victims of colonial violence dominated the continent for centuries after the first European arrivals From the Iroquois in the Northeast to the Comanches on the Plains and from the Pueblos in the Southwest to the Cherokees in the Southeast Native nations frequently decimated white newcomers in battle Even as the white population exploded and colonists land greed grew more extravagant Indigenous peoples flourished due to sophisticated diplomacy and leadership structures By 1776 various colonial powers

claimed nearly all of the continent but Indigenous peoples still controlled it as H m l inen points out the maps in modern textbooks that paint much of North America in neat color coded blocks confuse outlandish imperial boasts for actual holdings In fact Native power peaked in the late nineteenth century with the Lakota victory in 1876 at Little Big Horn which was not an American blunder but an all too expected outcome H m l inen ultimately contends that the very notion of colonial America is misleading and that we should speak instead of an Indigenous America that was only slowly and unevenly becoming colonial The evidence of Indigenous defiance is apparent today in the hundreds of Native nations that still dot the United States and Canada Necessary reading for anyone who cares about America s past present and future Indigenous Continent restores Native peoples to their rightful place at the very fulcrum of American history [The Adventure Zone: Murder on the Rockport Limited!](#) Clint McElroy,Griffin McElroy,Justin McElroy,Travis McElroy,Carey Pietsch,2019-07-16 This format is designed to be read on color devices and cannot be read on black and white e readers In the second Adventure Zone graphic novel adapted from the McElroy family s wildly popular D D podcast we rejoin hero adjacent sort of comrades in arms Taako Magnus and Merle on a wild careen through a D D railroad murder mystery This installment has a little of everything a genius child detective an axe wielding professional wrestler a surly wizard cursed magical artifacts and a pair of meat monsters You know the usual things you find on a train Hot on the heels of The Adventure Zone Here There Be Gerblins the smash hit graphic novel that launched the series The Adventure Zone Murder on the Rockport Limited picks up the saga where volume 1 left off Both books are based on The Adventure Zone a tabletop RPG comedy podcast with downloads numbering in the tens of millions and an army of passionately devoted fans With art and co adaptation from Carey Pietsch the McElroys are once again turning their raucous freewheeling D D campaign into some damn fine comics *Five Steps To The Perfect Pet* Mike Deathe,2016-05-24 Over the past several years I found there were five articles from my blog that became more and more popular These five got more views comments and results than any of my other articles In fact my first session with clients often focused on these five topics as a way to jump start training and leadership not to mention helping with owner frustration I even started carrying copies of these articles in my car to give clients after our sessions Then one day a client made two observations that have stuck with me and been repeated by a few others as well You know everything you just taught me is really nothing more than common sense and I really should have been able to figure this out on my own AND Why on earth have you not put these ideas into a book Well that was about three years ago during that time we finished up our book on potty training The Dog Owner s Book of Poop and Pee and also released a book for shelter volunteers called Forever Home Dog Training 101 How to be a Better Shelter Volunteer Instead of taking a break and enjoying the fact that both were done I instead sit here with the final draft of Five Steps to the Perfect Pet in my hand I hope it helps you as much as it did the clients that inspired me to write it Mike Deathe CPDT KA is a dog trainer who for years has seen the communication problems dogs and their owners encounter In the end the animal with all the grey matter and the opposable
