**Da'ath Magic for Beginners** Harry Eilenstein, 2021-06-22 Usually magic begins with simple telepathy experiments the production of talismans telekinesis experiments and the like However these beginnings which mainly show that magic is possible can be increased significantly first by practice then by recognizing one's own soul and finally by one-pointedness invocations presence and the like Thus simple ordinary magic can eventually be increased to extraordinary magic to miracles such as firewalks spontaneous healings and materializations For this no craftsmanship no special rituals or spells no secret traditions and the like are necessary but a certain consciousness which in the Kabbalistic tradition is called Da'ath This is the state of letting go and of boundlessness The way to it can be sudden which can be felt as a jumping into a bottomless abyss Or it can be approached gradually in which case it can be one of the most pleasant states of all a smile like Buddha a boundaryless consciousness like the gods have a fully conscious collective subconsciousness just Da'ath
