Magical Urbanism Latinos Reinvent The U S Big City:

Magical Urbanism Mike Davis, 2000 Explores the Latinization of the American urban landscape discusses the impact it has had on society the economy and politics **Transnational America** Russell Duncan, Clara Juncker, 2004 This is an interdisciplinary analysis of the interaction between today's globalisation and Americanisation Transnationalism involves a loosening of boundaries a deterritorialisation of the nation state and higher degrees of interconnectedness among cultures and peoples across the globe As people make transnational voyages and live lives of flexible citizenship in two or more cultures they adhere to a new type of nationalism that creates an exclusionist discourse and builds the Other as conservative defenders of cruder territorial loyalties This transnational solidarity a new communitarianism beyond the loyalties to any one place or ethnic group threatens the old order with its conceptions that assimilation and integration will remake the foreigner into a particular national citizen The authors address the complex issues of globalisation American mythology Christian proselytising modern slavery conspiracy theory apocalyptic terrorism Vietnam stories international feminism changing gender roles resurgent regionalism and the changing definitions of place *Hispanic and Latino New Orleans* Andrew Sluyter, Case Watkins, James P. Chaney, Annie M. Gibson, 2015-12-07 Often overlooked in historic studies of New Orleans the city's Hispanic and Latino populations have contributed significantly to its development Hispanic and Latino New Orleans offers the first scholarly study of these communities in the Crescent City This trailblazing volume not only explores the evolving role of Hispanics and Latinos in shaping the city's unique cultural identity but also reveals how their history informs the ongoing national debate about immigration As early as the eighteenth century the Spanish government used incentives of land and money to encourage Spaniards from other regions of the empire particularly the Canary Islands to settle in and around New Orleans Though immigration from Spain declined markedly in the wake of the Louisiana Purchase the city quickly became the gateway between the United States and the emerging independent republics of Latin America The burgeoning trade in coffee sugar and bananas attracted Cuban and Honduran immigrants to New Orleans while smaller communities of Hispanics and Latinos from countries such as Mexico Puerto Rico and Brazil also made their marks on the landscapes and neighborhoods of the city particularly in the aftermath of Hurricane Katrina Combining accessible historical narrative interviews and maps that illustrate changing residential geographies Hispanic and Latino New Orleans is a landmark study of the political economic and cultural networks that produced these diverse communities in one of the country's most distinctive cities **Mexico and the United States** Lee Stacy, 2002-10 Examines the history and culture of Mexico and its relations with its neighbors to the north and east from the Spanish Conquest to the current presidency of Vicente Fox The Latino Question Armando Ibarra, Alfredo Carlos, Rodolfo D Torres, 2018-08-20 While so many Latino Chicano Americans struggle in pursuit of the American dream while figures such as Donald Trump are accepted in mainstream politics and scaremongering and paranoia is rife the need for a vivid empirically grounded study on Latino

politics culture and society has never been greater The Latino Question fulfils this need offering a cutting edge analysis of the transformative nature of Latino politics in the US In a radical alternative to dominant ideas the authors emphasise the importance of political economy for understanding Latino politics culture and social issues It draws from original research and a number of critical traditions including the thought of Karl Marx and Antonio Gramsci to understand the politics of race and ethnicity in a modern capitalist society Including case studies of how Latino Chicano communities across the US are not only resisting but also reinventing and transforming ethnic politics in the age of neoliberalism this book is required reading for all those hoping to understand the Latino question in contemporary America **La Vida Sacra** James

Empereur, Eduardo C. Fernández (s.j.), 2006-10-12 Presents an insightful approach to the sacraments from the perspective and actual practice of Latinos over the centuries This work offers a distinctive take on the belief and enculturation of the sacraments in the Latino experience and context It is suitable for theology courses as well as directors of ministerial programs and their students **Remaking Citizenship** Kathleen Coll, 2010-02-12 Standing at the intersection of

immigration and welfare reform immigrant Latin American women are the target of special scrutiny in the United States Both the state and the media often present them as scheming welfare queens or long suffering silent victims of globalization and machismo This book argues for a reformulation of our definitions of citizenship and politics one inspired by women who are usually perceived as excluded from both Weaving the stories of Mexican and Central American women with history and analysis of the anti immigrant upsurge in 1990s California this compelling book examines the impact of reform legislation on individual women s lives and their engagement in grassroots political organizing Their accounts of personal and political transformation offer a new vision of politics rooted in concerns as disparate as domestic violence childrearing women s self esteem and immigrant and workers rights **Barrio Dreams** Arlene Dávila, 2004-07-02 Dávila s keen insights into the politics of marketing ethnicity community marginalization and class divisions cuts through neo liberal postures to glaringly reveal the real issue who will construct and control East Harlem s future Well versed in the scholarship Dávila has produced a book that is essential for understanding the increasingly important role and aspirations of Puerto Rican and Latino communities in New York s history Virginia Sánchez Korrol author of From Colonia to Community The History of Puerto Ricans in New York City Providing an expansive ethnographic portal into New York s famous El Barrio Dávila documents the ways in which the neighborhood s Latino cultures can be commodified as a magnet for gentrification as well as providing an obstacle to it An absorbing read providing a unique contemporary perspective on East Harlem Neil Smith author of American Empire Roosevelt s Geographer and the Prelude to Globalization Unlike most ethnographers of the urban poor in search of authentic street experience Dávila gives us an ethnography of power With rich insights and sensitivity she documents the pitched battles between developers politicians long time residents newcomers Puerto Ricans Mexicans and African Americans over space gentrification and cultural representation in East Harlem Dávila peels back the many layers of local

stories in order to reveal a complex national story of resistance against urban neoliberalism Robin D G Kelley author of *Freedom Dreams The Black Radical Imagination*

Latinas and the Politics of Urban Spaces Sharon Navarro, Lilliana Saldaña, 2020-12-30 This book illuminates the ways in which Chicanas Puerto Rican women and other Latinas organize and lead social movements either on the ground or digitally in major cities of the continental United States and Puerto Rico It shows how they challenge racism sexism homophobia and anti immigrant policies through their political praxis and spiritual activism Drawing from a range of disciplines and perspectives academic and activist authors offer unique insights into environmental justice peace and conflict resolution women s rights LGBTQ coalition building and more all through a distinctive Latina lens Designed for use in a wide range of college courses this book is also aimed at practitioners community organizers and grassroots leaders
