meant to bring them into direct contact with the divine He then shows how the same mushroom symbols found in Hindu scriptures correspond perfectly to the symbols of ancient Judaism Christianity the Grail myths and alchemy arguing that miraculous stories as disparate as the burning bush of Moses and the raising of Lazarus from the dead can be easily explained by the use of this strange and powerful mushroom While acknowledging the speculative nature of his work Heinrich concludes that in many religious cultures and traditions the fly agaric mushroom and in some cases ergot or psilocybin mushrooms had a fundamental influence in teaching humans about the nature of God His insightful book truly brings new light to the religious history of humanity *War letters from the living dead man* Elsa Barker,1916
