## **Maginot Line Syndrome:**

**The Maginot Line Syndrome** Sidney Lens,1982 Bulletin of the Atomic Scientists ,1982-01 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world

**Humanity's Soldier** David Chuter,1996 A study detailing the historical cultural and philosophical origins of French security policy since 1919 Chuter Ministry of Defence London explains how and why security policy has developed since that time arguing that the origins of current policy lie even further back in history and through a cultural network of myths and symbolisms continues to influence how the French perceive contemporary events often to the bewilderment of Anglo Saxon countries with a vastly different set of experiences Annotation copyrighted by Book News Inc Portland OR *Understanding Personal Security and Risk* Charles E. Goslin,2017-03-03 Uniting broad time tested security principles and the author s 35 plus years of experience with international security intelligence and foreign affairs *Understanding Personal Security A Guide for Business Travelers* offers a detailed yet practical framework on which to develop personal security awareness and training programs As a critical resource for any travelers who may need to make fast smart judgements in high risk environments this book helps readers analyze threats threat actors and the common adversarial characteristics as well as the function of risk as a differentiating principle This versatile text blends abstract organizing principles with street honed instincts becoming equally valuable to security managers with previous experience and those corporate or non profit organizations with employees in developing nations **Information Security and Employee Behaviour** Angus

McIlwraith,2021-08-23 Research conducted over many years suggests that between 60 and 85 per cent of all information security incidents are the result of a lack of knowledge and or understanding amongst an organisation s own people And yet the great majority of money spent protecting systems is focused on creating technical defences against often exaggerated external threats Angus McIlwraith s book explains how corporate culture affects perceptions of risk and information security and how this in turn affects employee behaviour He then provides a pragmatic approach for educating and training employees in information security and explains how different metrics can be used to assess awareness and behaviour Information security awareness will always be an ongoing struggle against complacency problems associated with new systems and technology and the challenge of other more glamorous and often short term priorities *Information Security and Employee Behaviour* will help you develop the capability and culture that will enable your organisation to avoid or reduce the impact of unwanted security breaches This second edition has been thoroughly updated throughout incorporating other areas like anthropology and other non technical disciplines which are making an impact on recent developments It also explores the technology used to deliver communication education and awareness particularly in the areas of online delivery and recent developments such as gamification as well as the ways in which the research tools techniques and methodologies

relating to the measurement and change of organisational culture have matured *Bulletin of the Atomic Scientists*, 1982-11 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

**Speaking up for America** Vaughn Davis Bornet, 2011-01-21 Haven't read anything positive about the United States of America lately Can hardly remember exactly why we fought all those wars or what that is worthwhile came out of them The author of this book of 12 speeches and several essays was the invited speaker in those difficult Sixties and Seventies on Independence Day Naturalization Day Memorial Day and Veterans Day at gatherings in Southern Oregon There he spoke from the heart and his years of historical training to the matter of our wars and their reasons for being waged Large audiences and small alike stood or sat while Vaughn Davis Bornet delivered short orations that speak directly to sensitive matters In the Country and around the World at the time there grew to be muttering and questioning many tuned out or dropped out as the drug culture and draft resistance moved in on the spirit that had won World War II and earlier World War I The Rogue River Valley is a place of small towns the locale is just north of California in the mountains but Ashland Medford and the smaller places are in valleys where old values continue to be honored in ceremonies that honor our service personnel year after year This book whose prose is in most cases forty years old returns readers to an older time It does so without apology for the author admits from the very beginning to being patriotic His essay speeches are in a word no longer in general use patriotics The authors publications and bio appear on pages 150 153 Since most of the words in this book were created to be spoken aloud why not read a few paragraphs or pages to a friend or relative

*New Books* National Defense University. Library, **Military Planning in the Twentieth Century** Mary Ann Robinson, 1984 The essays commentaries and speeches which form this volume were presented at the Eleventh Military History Symposium held at the United States Air Force Academy on 10 12 October 1984 This conference is a biennial event sponsored jointly by the Department of History and the Association of Graduates of the United States Air Force Academy Begun in 1967 the series seeks to address problems in military history which have received limited attention and to provide a forum in which scholars may present the results of their research In this manner we hope to stimulate and encourage interest in military history among civilian and military scholars members of the armed forces and the cadets of the United States Air Force Academy

**Federal Government Computer Security** United States. Congress. House. Committee on Science and Technology. Subcommittee on Transportation, Aviation, and Materials, 1986 *American Studies* Jack Salzman, American Studies Association, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily

theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00      **The Power of Will in**

**International Conflict** Wayne Michael Hall,2018-09-20 This comprehensive work provides a treasure trove of ways to seek find and use the power of will to gain an advantage over one s opponents in mental conflicts Will has been and always will be the basis for succeeding in any conflict or competition To win in a conflict or competition decision makers must comprehend the meaning and implications of will and successfully transform theories about it into practice In the 21st century it is especially important for military leaders and security professionals to comprehend will in sufficient depth to enable them to impose their will on other resisting entities and learn how to block or parry their adversaries efforts to impose their will on them This book will go a long way in helping decision makers achieve these goals Each chapter in this book addresses one of 14 elements that will help readers to use will successfully over their adversaries life force purpose strength of motive capabilities determination perseverance sacrifice passion advantage disadvantage imposition action assessment and adaptation The book also provides readers with 18 considerations that will serve them well in all types of conflicts This book will be particularly beneficial to decision makers in the military law enforcement and business as well as attorneys and judges      *Special Bibliography Series* ,1957      *Special Bibliography Series* United States Air Force Academy. **Leaders from the 1960s** David De Leon,1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies Leaders from the 1960s includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person s basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period      **Money Wise A.** Michael Lipper,Douglas R. Sease,2009-09-15 There are now millions of millionaires in the US But if you ve gotten there or want to get there what then This book addresses the growing need for the wealthy to understand how to think about their wealth as a guide to how to invest it      *Development of the Idea of Detente* Michael B. Froman,2016-01-28 Since the early

1950s there has been agreement in the US concerning the desirability of improving relations with the Soviet Union Policymakers have often disagreed however about how to implement policy and this book looks at the policy of individual administrations *Toni Morrison's the Bluest Eye* Harold Bloom,2007 A child s descent into madness was explored in *Eye*

Autopsy of an Unwinnable War: Vietnam William C. Haponski,Jerry J. Burcham,2019-06-11 A military studies professor and former combatant rationally dissects the strategies and mindsets on both sides of this thirty year conflict New York Journal of Books Since the fall of Saigon in 1975 there have been much discussion of why and whether America lost the war in Vietnam The common belief is that the war was lost not on the battlefield but in Washington DC The stark facts though are that the Vietnam War was lost before the first American shot was fired In fact it was lost before the first French Expeditionary Corps shot almost two decades earlier and was finally lost when the South Vietnamese fought partly then entirely on their own Offering an informed narrative of the entire thirty year war this book seeks to explain why Written by a combatant in six large battles and many smaller firefights who was also a leader with a full range of pacification duties a commander who lost forty three wonderful young men Autopsy of an Unwinnable War is the result of a quest for answers by one who after decades of wondering what it was all about turned to a years long search of French American and Vietnamese sources This is a story lived and revealed mainly by the people inside Vietnam who were directly involved in the war from leaders in high positions down to the jungle boots and sandals level of the fighters and among the Vietnamese who were living it Because of what was happening inside Vietnam itself no matter what policies and directives came out of Paris or Washington or the influences in Moscow or Beijing it is about a Vietnamese idea that would eventually triumph over bullets Includes photographs *China's New Silk Road* Carmen Amado Mendes,2018-10-25 Much is being written about China s new One Belt One Road initiative but much of the writing focuses on China itself on the destinations of the road Europe and the Middle East or on the countries through which the road passes such as Central Asia This book takes a different approach assessing the views of East Asian and other countries on the Belt and Road Initiative both from a transnational and multidisciplinary perspective The book considers international visions and limitations of the New Silk Road as a new paradigm explores economic and trade aspects including infrastructure networks financial mechanisms and the likely impact for other countries and regions and analyses the likely implications for regional and trans regional cooperation and competition Western and Asian regional perspectives on the New Silk Road including from India Pakistan Southeast Asia and Japan are considered throughout the book
