Magyarországi Zsinagogák:

Magyarországi zsinagógák László Gerő,1989 **Zsinagógák Magyarországon** Sándor Bokor,2001 *The Jews of Hungary* Raphael Patai,1996-01-05 This mindset kept them apart and isolated from the Jewries of the Western world until overtaken by the tragedy of the Holocaust in the closing months of World War II **The Holocaust in Hungary** Zoltán Vági,László Csosz,Gábor Kádár,2013-09-05 The Holocaust in Hungary provides a comprehensive documentary account of one of the most brutal and effective killing campaigns in history After Nazi Germany took control of Hungary late in World War II Jews were rounded up with unprecedented speed and sent directly to Auschwitz They would form the largest group of victims who perished in that camp The complex interplay between German and Hungarian actors brought about the annihilation of a once thriving Jewish community and the murder of hundreds of thousands of Jewish men women and children The authors present extensive reports testimonies and other primary sources of these events accompanied by in depth commentary that spans the years from the late 1930s to the fractured political landscape of postwar Hungary *Virtually Jewish* Ruth Ellen Gruber,2002-01-15 The author explores the phenomenon of the Jewish culture in Europe In this book she asks in what way do non Jews embrace and enact Jewish culture and for what reasons *Synagogues of Europe* Carol Herselle Krinsky,1996-01-01 Superbly illustrated views from antiquity to modern times accompany concise profiles of synagogues across the continent including Cracow s Old Synagogue the Great Synagogue of Vilnius and Vienna s Tempelgasse 253 illustrations *At the Gate of Christendom* Nora Berend,2001-05-17 Modern life in increasingly heterogeneous societies has directed attention to patterns of interaction often using a framework of persecution and tolerance This study of the economic social legal and religious position of three minorities Jews Muslims and pagan Turkic nomads argues that different degrees of exclusion and integration characterized medieval non Christian status in the medieval Christian kingdom of Hungary between 1000 and 1300 A complex explanation of non Christian status emerges from the analysis of their economic social legal and religious positions and roles Existence on the frontier with the nomadic world led to the formulation of a frontier ideology and to anxiety about Hungary s detachment from Christendom which affected policies towards non Christians The study also succeeds in integrating central European history with the study of the medieval world while challenging such current concepts in medieval studies as frontier societies persecution and tolerance ethnicity and the other Jewish Heritage Travel Ruth Ellen Gruber,2007 This expanded and updated edition includes new coverage of Austria Ukraine and Lithuania in addition to Poland the Czech Republic and Slovakia Hungary Romania Bulgaria and all of the ancestral homes to the great majority of North American Jews **Jews and Gentiles** Werner J. Cahnman,2017-12-02 Studies of the Jewish experience among peoples with whom they live share some similarities with the usual histories of anti Semitism but also some differences When the focus is on anti Semitism Jewish history appears as a record of unmitigated hostility against the Jewish people and of passivity on their part However as Werner J Cahnman demonstrates in this posthumous volume Jewish

Gentile relations are far more complex. There is a long history of mutual contacts positive as well as antagonistic even if conflict continues to require particular attention. Cahnman's approach while following a historical sequence is sociological in conception. From Roman antiquity through the Middle Ages into the era of emancipation and the Holocaust and finally to the present American and Israeli scene there are basic similarities and various dissimilarities all of which are described and analyzed. Cahnman tests the theses of classical sociology implicitly yet unobtrusively. He traces the socio-economic basis of human relations which Marx and others have emphasized and considers Jews a marginal trading people in the Park Becker sense. Simmel and Toennies he shows understood Jews as strangers and intermediaries. While Cahnman shows that Jews were not pariahs as Max Weber thought he finds a remarkable affinity to Weber's Protestantism capitalism argument in the tension of Jewish-Christian relations emerging from the bitter theological argument over usury. The primacy of Jewish-Gentile relations in all their complexity and variability is essential for the understanding of Jewish social and political history. This volume is a valuable contribution to that understanding. The Jewish Contribution to Modern Architecture, 1830-1930

Fredric Bedoire, 2004. A book about architecture and society: a wide-ranging cultural and historical depiction of successful Jewish entrepreneurs in an increasingly industrialized Europe from the dissolution of the ghetto and the 1848 liberation movement to Hitler's assumption of power in Germany. Inspired by Jewish messianism they pursued a modern culture free from the old feudal society. The principal characters are bankers, merchants and industrialists together with their architects from Schinkel and Semper to Mies van der Rohe and Le Corbusier. They build in Paris, Berlin and Vienna, Budapest and New York and in more remote centers of Jewish entrepreneurial activity such as Oradea, Nagyvarad in present-day Romania and Lodz in Poland, Stockholm and Gothenburg in Sweden. The buildings shed new light on the Europe of today but also on a Europe that is lost beyond recall. The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane, 2012. This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century. Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students, researchers and the general public a reliable up-to-date and convenient resource covering this field of major importance in the development of Western history and international art and architecture.

Zsinagógák Dóra Szegő, György Szegő, 2004. **Jewish Budapest** Kinga Frojimovics, Géza Komoróczy, 1999. The book pays special attention on the one hand to the usage of Hebrew and to Jewish scholarship and on the other to the integration of the Jews into society and to the preservation of their Jewish identity. **BOOK JACKET**, **Motherland and Progress** József Sisa, 2016-11-21. In the 19th century Hungary witnessed unprecedented social, economic and cultural development. The country became an equal partner within the Dual Monarchy when the Austro-Hungarian Compromise of 1867 was concluded. Architecture and all forms of design flourished as never before. A distinctly Central European taste emerged in which the artistic presence of the German-speaking lands was augmented by the influence of France and England. As this process

unfolded attempts were made to find a uniquely Hungarian form based on motifs borrowed from peasant art as well as real or fictitious historical antecedents Motherland and Progress the motto of 19th century Hungarian reformers reflected the programme embraced by the country in its drive to define its identity and shape its future **Budapest** András Gerő,1997 In this text Hungarian historians explore such subjects as the development of the original settlement of Budapest into a town the effects of transferring the university and state administration to Buda and Pest and the evolution of the capital into the country's cultural centre *Altering States* Daphne Berdahl,Matti Bunzl,Martha Lampland,2000 Analyzes the social and cultural aspects of transition **Revival and Reconciliation** Philip V. Bohlman,2013-06-07 Sacred music has long contributed fundamentally to the making of Europe The passage from origin myths to history the sacred journeys that have mobilized pilgrims crusaders and colonizers the politics and power sounded by the vox populi all have joined in counterpoint to shape Europe's historical longue durée Drawing upon three decades of research in European sacred music Philip V Bohlman calls for a reexamination of European modernity in the twenty first century a modernity shaped no less by canonic religious and musical practices than by the proliferation of belief systems that today more than ever respond to the diverse belief systems that engender the New Europe In contrast to most studies of sacred musical practice in European history with their emphasis on the musical repertoires and ecclesiastical practices at the center of society Bohlman turns our attention to individual and marginalized communities and to the collectives of believers to whose lives meaning accrues upon sounding the sacred together In the historical chapters that open *Revival and Reconciliation* Bohlman examines the genesis of modern history in the convergence and conflict that lie at the heart of the Abrahamic faiths Judaism Christianity and Islam Critical to the meaning of these religions to Europe Bohlman argues has been their capacity to mobilize both sacred journey and social action which enter the everyday lives of Europeans through folk religion pilgrimage and politics the subjects of the second half of his study The closing sections then cross the threshold from history into modernity above all that of the New Europe with its return to religion through revival and reconciliation Based on an extensive ethnographic engagement with the sacred landscapes and sites of conflict in twenty first century Europe Bohlman calls in his final chapters for new ways of hearing the silenced voices and the full chorus of sacred music in our contemporary world Ethnomusicologists from different traditions as well as scholars of religious studies and the history of modern Europe will find *Revival and Reconciliation* a fascinating exploration of the connections between sacred music and the role it plays in the formations of the modern self *Contested Places, Contested Pasts* Kenneth E. Foote,Anett Árvay,2025-02-21 *Contested Places Contested Pasts* focuses on how the First and Second World Wars Holocaust Cold War communist period and 1956 Uprising have been memorialized and marked in the Hungarian landscape The book explores the difficult debates surrounding the remembrance and commemoration of these events This is the first comprehensive book length study of Hungary's commemorative landscapes from the First World War to the present By stressing the spatiality and materiality of memory practice it offers new insights into why some events are

celebrated widely while other controversial events are marked modestly or not at all Using a comparative case study methodology the book crisscrosses the country using archival sources and extensive fieldwork to document the stories behind dozens of major and minor memorials Examples from Budapest are important but key contributions of this book are the examples drawn from cities towns and villages outside the capital A wealth of photographs maps and diagrams are included to illustrate important ideas especially the range of responses that have emerged to commemorate major historical events In the end the book highlights the value of studies like this one that explore the varied ways in which the World Wars Holocaust and Cold War have been represented in the commemorative landscapes of Europe and beyond This book is for readers interested in Hungarian and European history public art and architecture landscape studies and commemorative practices Weaving theory and examples in an engaging storyline the book will appeal to broader audiences interested in the challenges of confronting Europe's legacies of twentieth century war violence and political upheaval Yellow Star, Red Star Agnes Kaposi, László Csősz, 2024-08-09 This is the story of Agnes Kaposi Agnes was born in Hungary the year before Hitler came to power and started school at the outbreak of World War II The Holocaust killed many of her family together with half a million Hungarian Jews but a series of miracles and coincidences allowed her to survive Agnes worked as child labourer in the agricultural and armament camps of Austria and was liberated by a rampaging Soviet army She struggled through post war hardship to re enter Hungarian society only to be caught up for a decade in the vice of Stalinism In 1956 a bloody revolution offered the opportunity to escape to Britain a country of freedom and tolerance where Agnes started a family and built a career as an engineer The book is written with compassion and optimism without self pity The tone is light and there is plenty of irony even humour The narrative is underscored by the historian László Csősz and illustrated by several maps and more than a hundred archival images and family photographs
