Maigret's World Murielle Wenger,Stephen Trussel,2017-09-13 Georges Simenon s 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective but only in small episodic doses As readers become acquainted with Maigret one detail at a time he slowly takes on a flesh and bone realism not merely a character in a story but someone we would like to meet in real life This book presents all the canonical facts and details about the detective and his world in one place presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself *Sociability and Society* K. Ludwig Pfeiffer,2023-03-21 Today churches political parties trade unions and even national sports teams are no guarantee of social solidarity At a time when these traditional institutions of social cohesion seem increasingly ill equipped to defend against the disintegration of sociability K Ludwig Pfeiffer encourages us to reflect on the cultural and literary history of social gatherings from the ancient Athenian symposium to its successor forms throughout Western history From medieval troubadours to Parisian salons and beyond Pfeiffer conceptualizes the symposium as an institution of sociability with a central societal function As such he reinforces a programmatic theoretical move in the sociology of Georg Simmel and builds on theories of social interaction and communication characterized by Max Weber George Herbert Mead J rgen Habermas Niklas Luhmann and others To make his argument Pfeiffer draws on the work of a range of writers including Dr Samuel Johnson and Diderot Virginia Woolf and Marcel Proust Dorothy Sayers Joseph Conrad and Stieg Larsson Ultimately Pfeiffer concludes that if modern societies do not find ways of reinstating elements of the Athenian symposium especially those relating to its ritualized ease decency and style of interaction they will have to cope with increasing violence and decreasing social cohesion *Encyclopedia of French Film Directors* Philippe Rège,2009-12-11 Cinema has been long associated with France dating back to 1895 when Louis and

Auguste Lumi_re screened their works the first public viewing of films anywhere Early silent pioneers Georges MZli_s Alice Guy BlachZ and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond In Encyclopedia of French Film Directors Philippe R ge identifies every French director who has made at least one feature film since 1895 From undisputed masters to obscure one timers nearly 3 000 directors are cited here including at least 200 filmmakers not mentioned in similar books published in France Each director s entry contains a brief biographical summary including dates and places of birth and death information on the individual s education and professional training and other pertinent details such as real names when the filmmaker uses a pseudonym The entries also provide complete filmographies including credits for feature films shorts documentaries and television work Some of the most important names in the history of film can be found in this encyclopedia from masters of the Golden Age_Jean Renoir and RenZ Clair_to French New Wave artists such as Fran_ois Truffaut and Jean Luc Godard **The Typewriter Century** Martyn Lyons,2021-02-01 This book captures the intensity of the relationship between writers and their typewriters from the 1880s when the machine was first commercialized to the 1980s when word processing superseded it Drawing on examples from the United States Britain Europe and Australia The Typewriter Century focuses on celebrity writers including Henry James Jack Kerouac Agatha Christie Georges Simenon and Erle Stanley Gardner who wrote prolifically and mechanically developing routines in which typing handwriting and dictation were each allotted important functions The typewriter de personalized the text the office typewriter bureaucratized it At the same time some authors found a new and disturbing distance between themselves and their compositions while others believed the typewriter facilitated spontaneous and automatic typing The Typewriter Century provides a cultural history of the typewriter outlining the ways in which it can be considered an agent of change as well as demonstrating how it influenced all writers canonical and otherwise Investigating Simenon Russell Campbell,2022-10-04 For nearly a century the work of Belgian crime writer and psychological novelist Georges Simenon creator of Chief Inspector Maigret has captivated readers worldwide This investigation situates Simenon s work in its historical context and interprets it as a reaction to shifting gender relations in Western society Simenon s compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements These concerns are also evident in Simenon s pervasive preoccupation with sexuality as well as his political stance that stems from his petit bourgeois upbringing This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name including several that have never been translated into English as well as a number of short stories and several pseudonymous works **French Food** Lawrence R. Schehr,Allen S. Weiss,2013-05-13 More than a book about food alone French Food uses diet as a window into issues of nationality literature and culture in France and abroad Outstanding contributors from cultural studies literary criticism performance studies and the emerging field of food studies explore a wide range of food matters **Georges Simenon.
