Main Currents in Modern Economics

Ben B. Seligman

Preface by John Kenneth Galbraith

The Reaffirmation of Tradition

vol.

2

The cover features a vibrant blue background. Overlaid on this are several large, bold, abstract shapes. A thick red line forms a partial circle or 'C' shape, intersecting with a yellow shape that also forms a partial circle. A large, solid black shape, resembling a stylized '2' or a thick, curved line, dominates the lower right portion of the cover. The overall design is modern and graphic, typical of mid-20th-century book covers.

Main Currents In Modern Economics Volume 1

Main Currents In Modern Economics Volume 1:

Main Currents in Modern Economics Ben B. Seligman, 2020-02-27 Main Currents in Modern Economics deserves to be the classic it is. At the time of its original publication in 1962 Ben Seligman, a scholar's scholar, had immersed himself in the development of economic thought since 1870. This product of his efforts is truly timeless. Why is Main Currents still modern and surprisingly up to date? For Seligman, the story begins with the revolt of German historical writers against the rigidity of classical doctrine, a natural starting point for contemporary theory. He takes us from the world of Thorstein Veblen to Galbraith's theory of countervailing power and the affluent society worlds that he makes us understand are not so far apart. Seligman also shows us how the doctrines begin to repeat themselves. Tradition is reaffirmed with the rediscovery of marginalism by Jevons, the Austrians, and J. B. Clark. A more neutral version of equilibrium economics is supplied by Leon Walras and Vilfredo Pareto, a main current of thought extended by John R. Hicks and Paul A. Samuelson. Seligman characterizes the principal trait of modern doctrine as the use of technique for its own sake. Dismissing G. L. S. Shackle's writing on uncertainty, he criticizes Shackle's use of continuous rather than discontinuous functions. Main Currents may have been published too soon to be fully appreciated. Seligman's focus on the thrust toward technique now has a ring of truth that can no longer be ignored. As Ray Canterbury notes in his introduction, in some respects only the names of the players have changed, and Main Currents' pertinence to today's issues is self-evident. Economics has moved so deeply into technique that the next generation may have to rediscover the past in order to find its way out. Seligman's book is a good place to begin the journey.

Main Currents in Sociological Thought: Volume One Raymond Aron, 2018-10-03 This is the first part of Raymond Aron's landmark two-volume study of the sociological tradition, arguably the definitive work of its kind. More than a work of reconstruction, Aron's study is at its deepest level an engagement with the very question of modernity: how did the intellectual currents which emerged in the eighteenth century shape the modern political and philosophical order? With scrupulous fairness, Aron examines the thoughts and arguments of the major social thinkers to discern how they answered this question. Volume One explores three traditions: the French liberal school of political sociology represented by Montesquieu and Tocqueville; the Comtean tradition anticipating Durkheim in its elevation of social unity and consensus; and the Marxists who posited the struggle between classes and placed their faith in historical necessity. In his customary clear and penetrating prose, Aron argues that each of these schools offers its own theory of the diversity of societies and that each is inspired both by moral convictions and by scientific hypotheses. This Routledge Classics edition includes an introduction by Daniel J. Mahoney and Brian C. Anderson.

The Other Canon of Economics, Volume 2 Erik Reinert, 2024-02-13 Other Canon Economics: Essays in the Theory and History of Uneven Economic Development brings together key essays on development economics from one of the most prolific and important development economists and historians of economic policy today. Erik S. Reinert argues through essays ranging from 1994 to 2020 that neo-classical economics damages developing countries; the

theory of comparative advantage leaves out a number of factors which make economic activities qualitatively different as carriers of economic growth Based on a long intellectual tradition started by the Italian economists Giovanni Botero 1589 and Antonio Serra 1613 and later used in virtually all presently industrialised countries Reinert shows that the country which exports increasing returns goods e g high end manufacture has advantages over the country which exports diminishing returns goods e g commodities This has important implications for today s development strategies that Reinert argues should be seen as industrial strategies

Evolution of Austrian Economics Sandye Gloria-Palermo,2002-01-04 This book argues against the dominant orthodoxy in the history of economic thought for the originality of Carl Menger s contribution to the development of the Austrian school of economics Situating the evolution of Menger s thought in the tradition of classical political economy the author documents the emergence of a Mengerian logic and its contribution to the formation of a distinctly Austrian tradition of economics In its bold elucidation of the shaping of a tradition in economic thought Tradition and Innovation in Austrian Economics provides a fresh and challenging perspective on the Austrian school which will be of interest to researchers in Austrian economics and the history of economic thought

Economic Theory in the Twentieth Century, An Intellectual History—Volume II Roberto Marchionatti,2021-09-13 This book set out over three volumes provides a comprehensive history of economic thought in the 20th century with special attention to the cultural and historical background in the development of theories to the leading or the peripheral research communities and their interactions and finally to an assessment and critical appreciation of economic theories Volume II addresses economic theory in the period between the two world wars in which the economic theory went through a process of criticism of old mainstream deconstruction and reconstruction and theoretical ferment which involved the intellectual communities of economists emphasizing their nature of evolving interacting entities This work provides a significant and original contribution to the history of economic thought and gives insight to the thinking of some of the major international figures in economics It will appeal to students scholars and the more informed reader wishing to further their understanding of the history of the discipline

New Principles of Political Economy J. C. Simonde De Sismondi, In many respects Sismondi s thought was ahead of its time Schumpeter credited him as the father of dynamic analysis in the modern sense He is also recognized by all as the pioneer of business cycle analysis Until this book there had been no full translation of his major work in English This translation will illuminate the genesis of Marxist ideology and some of the basic causes of its failures

The Growth of Economic Thought Henry William Spiegel,1991 In a new and updated edition of this classic textbook Henry William Spiegel brings his discussion and analysis of economic thought into the 1990s A new introductory chapter offering an overall view of the history of economics and a bibliographic survey of the economic literature of the 1980s and early 1990s have been added Maintaining the link between economics and the humanities Spiegel s text will continue to introduce students to a wide range of topics in the history of economic thought From reviews of previous editions The history of economic thought to end

all histories of economic thought Robert D Patton *Journal of Economic Literature* The book is in the grand tradition of the history of doctrines It is a history of economic thought broadly conceived and superbly written to boot It is not too much to say that Spiegel's book will become and remain a leading text in the field Warren J Samuels *Social Science* The author conveys the essence of an idea simply and clearly yet in a graceful style William F Kennedy *Journal of Economic Literature* **A History of Economic Theory and Method** Robert B. Ekelund, Jr., Robert F. Hébert, 2013-08-30 Known for its clarity comprehensiveness and balance the latest edition of *A History of Economic Theory and Method* continues that tradition of excellence Ekelund and Hébert's survey provides historical and international contexts for how economic models have served social needs throughout the centuries beginning with the ancient Greeks through the present time The authors not only trace ideas that have persisted but skillfully demonstrate that past discredited ideas also have a way of spawning critical thinking and encouraging new directions in economic analysis Coverage that distinguishes the Sixth Edition from its predecessors includes a detailed analysis of economic solutions by John Stuart Mill and Edwin Chadwick to problems raised by the Industrial Revolution the role of psychology and experiments in understanding demand and consumer behavior discussions of modern economic theory as it interrelates with other social sciences and a close look at the historical development of the critical role of entrepreneurship both in its productive and unproductive variants The authors' creative approach gives readers a feel for the thought processes of the great minds in economics and underscores key ideas impacting contemporary thought and practice Well-crafted discussions are further enriched by absorbing examples and figures Thorough suggested reading lists give options for more in-depth explorations by interested readers *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1971 **The Collected Works of A.K. Dasgupta: Two treatises on classical**

political economy A. K. Dasgupta, 2009 The third of the three this volume brings a collection of essays articles reviews and reminiscences written over a span of more than six decades It bears the stamp of the author's unique views on the development of economic thought and its relevance to the real world The essays are divided into seven segments broadly discussing war and post-war inflation international economic relations public finance in India planning as the instrument for mobilization of resources for economic development unemployment and Gandhian economics etc Publisher's website

Thorstein Veblen Erik S. Reinert, Francesca L. Viano, 2014-10-01 After his death Thorstein Veblen was hailed as America's Darwin and Marx and is normally portrayed as the perennial iconoclast He severely criticised traditional economics and attempted to create an alternative approach based on a much more complex view of human beings He is one of the most celebrated economists of our age and has been the inspiration for many books the predatory version of capitalism we now again experience the phenomenon of studying cultures of consumption and the darker sides of gilded ages can be traced back to Veblen A conference in Veblen's ancestral Norway marked the 150th anniversary of his birth The aim of the conference was to consolidate Veblen scholarship and evaluate his relevance for the problems of today This collection offers

the results of that endeavour it is a milestone of Vebleniana which assesses all the most salient aspects of his life and influence Many of its contributors also push into uncharted territory examining the man and his work from new and necessary perspectives hitherto ignored by scholarship Government Regulation of the Employment Relationship Bruce E. Kaufman,1997 Ever since the emergence of industrial relations as a field in the late 1920s three different approaches to labor problems have been focal points for research and debate according to Bruce E Kaufman What he refers to as employers solutions involve personnel management workers rely on unionism and collective bargaining and the third component the community depends on government regulation in the form of protective labor legislation and social insurance programs Kaufman contends that government regulation has contributed significantly to the remarkable progress made during the twentieth century in achieving a more productive and humane workplace As labor problems have changed debate about the efficacy of government regulation has continued In this volume some of the most distinguished scholars in industrial relations frame the current issues develop theoretical insights and provide an objective review of the empirical evidence **Kalecki's Microanalysis** Peter Kriesler,1987-05-28 Media, Structures, and Power Robert E. Babe,2011-01-01 Media Structures and Power provides a sense of Babe s trajectory of thought over several decades as well as his key role in the development of the communications field in Canada Kevin Dowler Department of Communication Studies York University **On the Line** Harvey Swados,1966 **Proceedings** ,1966 Seminar on Manpower Policy and Program United States. Department of Labor,1966 Adam Smith John Cunningham Wood,1993 The first series of Smith Critical Assessments included major articles on Adam Smith and set a new standard for Smith scholarship However the years since its publication have seen further developments in the vast field of work on this leading economist Adam Smith Critical Assessments Second Series completes the project of the earlier volumes by making available the many significant articles which have appeared during the past decade It will be an invaluable reference for scholars of Smith Together the two series provide those interested in the history of contemporary economics with immediate access to the intellectual legacy of one of the world s greatest economic theorists **Development of Economic Analysis** Ingrid Rima,2010-03-11 This is the sixth edition of a textbook that has been instrumental in introducing a generation of students to the history of economic thought It charts the development of economics from its establishment as an analytical discipline in the eighteenth century through to the late twentieth century The book discusses the work of amongst others Ricardo Malthus Marx Walras Marshall and Keynes as well as the institutionalists the Chicago School and the emergence of econometrics This edition has been fully revised and updated and includes chronologies of the key dates in the development of economics extracts from original texts an examination of how the study of the history of economic thought impinges upon modern thinking *Friedrich Hayek* Alan Ebenstein,2024-03-26 This biography tells the story of one of the most important public figures of the twentieth century Friedrich Hayek Here is the first full biography of Friedrich Hayek the Austrian economist who became over the course of a

remarkable career the great philosopher of liberty in our time In this richly detailed portrait Alan Ebenstein chronicles the life works and legacy of a visionary thinker from Hayek s early years as the scholarly son of a physician in fin de siecle Vienna on an increasingly wider world as an economist and political philosopher in London New York and Chicago Ebenstein gives a balanced integrated account of Hayek s extraordinary diverse body of work from his first encounter with the free market ideas of mentor Ludwig Von Mises to his magisterial writings in later life on the legal political ethical and economic requirements of a free society Awarded the Nobel Prize in 1974 Hayek s vision of a renewed classical liberalism of free markets and free ideas in free societies has taken hold in much of the world Alan Ebenstein s clearly written account is an essential starting point for anyone seeking to understand why Hayek s ideas have become the guiding force of our time His illuminating portrait of Hayek the man brings to new life the spirit of a great scholar and tenacious advocate who has become in Peter Drucker s words our time s preeminent social philosopher

Main Currents In Modern Economics Volume 1 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Main Currents In Modern Economics Volume 1 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge

promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Main Currents In Modern Economics Volume 1 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Main Currents In Modern Economics Volume 1 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Main Currents In Modern Economics Volume 1 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Main Currents In Modern Economics Volume 1 is one of the best book in our library for free trial. We provide copy of Main Currents In Modern Economics Volume 1 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Main Currents In Modern Economics Volume 1. Where to download Main Currents In Modern Economics Volume 1 online for free? Are you looking for Main Currents In Modern Economics Volume 1 PDF? This is definitely going to save you time and cash in something you should think about.
