

ELLIPSIS: OMITTING WORDS

test-english.com

Omitting a repeated Subject or Subject + Auxiliary Verb

After AND, BUT, OR

- ▶ He closed the door and (he) took off his shoes.
- ▶ We could go out or (we could) have a party at home.

Omitting a repeated Adjective or Adverb

After BE

- ▶ They say he is the best right now, but I don't think he is (the best).
- ▶ Although it seems far, it isn't (far).

Omitting a repeated Verb Phrase

After the same auxiliary/modal verb

- ▶ Maria should take the exam but I don't think you should (take the exam).

After a different auxiliary/modal verb

- ▶ I'm studying for the exams but not as much as I should (be studying).
- ▶ She didn't win, but she could have (won). [Perfect modal for past meaning]

With DO/DOES/DID when there is no auxiliary verb

- ▶ She likes it, but I don't (like it).

After TO-(infinitive)

- ▶ I shouldn't go out tonight, but I really want to (go out tonight).
- ▶ 'Are you going to sell the car?' 'No, I've decided not to (sell the car).'

Main Verb Ellipsis In Spoken English

Nancy Sue Levin

Main Verb Ellipsis In Spoken English:

Main-verb Ellipsis in Spoken English Nancy Sue Levin,1979 **Main-verb Ellipsis in Spoken English** Nancy S. Levin,1986 **Main-verb Ellipsis in Spoken English** Nancy Sue Levin,1979 **Spoken English: The Basics** Michael McCarthy,Steve Walsh,2025-09-30 Spoken English The Basics offers a clear non jargonistic introduction to what the study of spoken English entails ranging from its basic phonology and the grammar and vocabulary of speaking to the role of speaking in society The book describes and illustrates how spoken English is used in a globalised and technology led world using data from a range of contexts Key features of this book include An introduction to the basics of the study of phonology accents and dialects Discussions of the role of AI and its educational and language teaching applications Examples from British English data but with reference to spoken data from other varieties of English including North American English Indian English Hong Kong English South African English Kenyan English Irish English Caribbean English second language learners and expert non native users Featuring a glossary of key terms this book will be of interest to students of several sub disciplines where spoken English is involved including corpus linguistics ESOL ELT sociolinguistics education and literacy lingua franca and World English among others where often a knowledge of the workings of spoken language is assumed Minimalist Investigations in Linguistic Theory Howard Lasnik,2005-06-28 Professor Howard Lasnik is one of the world s leading theoretical linguists He has produced influential and important work in areas such as syntactic theory logical form and learnability This collection of essays draws together some of his best work from his substantial contribution to linguistic theory *Phases* Klaus Abels,2012-10-30 The minimalist notion of a phase has often been investigated with a view to the interfaces Phases provides a strictly syntax internal perspective If phases are fundamental they should provide the grounds for a unifying treatment of different syntactic phenomena Concentrating on displacement the book argues that this expectation is borne out there is an empirical clustering of properties whereby the phrases that undergo pied piping are also the phrases that host intermediate traces of cyclic movement The same phrases also host partial and secondary movement Finally the immediate complements within these phrases never strand the embedding heads The phrases that show this behaviour are the phases CP vP DP and PP To account for the cluster of properties phases are claimed to have two special properties their complement is inaccessible to operations outside the Phase Impenetrability Condition their heads may be endowed with unvalued features that are neither connected to the categorical status of the phase nor interpreted on it It is shown how the cluster of empirical properties flows naturally from these two assumptions supporting the idea that phases are indeed a fundamental construct in syntax **Prosody in Syntactic Encoding** Gerrit Kentner,Joost Kremers,2020-07-06 What is the role of prosody in the generation of sentence structure A standard notion holds that prosody results from mapping a hierarchical syntactic structure onto a linear sequence of words A radically different view conceives of certain intonational features as integral components of the syntactic structure Yet another conception maintains that prosody and

syntax are parallel systems that mutually constrain each other to yield surface sentential form. The different viewpoints reflect the various functions prosody may have. On the one hand, prosody is a signal to syntax marking e.g. constituent boundaries. On the other hand, prosodic or intonational features convey meaning, the concept intonational morpheme as e.g. an exponent of information structural notions like topic or focus puts prosody and intonation squarely into the syntactic representation. The proposals collected in this book tackle the intricate relationship of syntax and prosody in the encoding of sentences. The contributions build their cases on the basis of solid empirical evidence adducing data from experiments or from the careful analysis of natural speech. The volume thus represents a state of the art survey of research on the syntax phonology interface.

The Cambridge Handbook of Generative Syntax Marcel den Dikken, 2013-07-25 Syntax, the study of sentence structure, has been at the centre of generative linguistics from its inception and has developed rapidly and in various directions. The Cambridge Handbook of Generative Syntax provides a historical context for what is happening in the field of generative syntax today, a survey of the various generative approaches to syntactic structure available in the literature, and an overview of the state of the art in the principal modules of the theory and the interfaces with semantics, phonology, information structure and sentence processing, as well as linguistic variation and language acquisition. This indispensable resource for advanced students, professional linguists, generative and non-generative alike, and scholars in related fields of inquiry presents a comprehensive survey of the field of generative syntactic research in all its variety, written by leading experts and providing a proper sense of the range of syntactic theories calling themselves generative.

Clitics and Constituents in Phrase Structure Grammar Philip H. Miller, 1992

Exploring Spoken English Ronald Carter, Michael McCarthy, 1997-03-13 A practical, insightful exploration of natural spoken English based on 20 varied authentic extracts. Exploring Spoken English is a practical guide to the features of natural spoken English designed for teachers and advanced learners of English for use in groups and for self study. The material consists of 20 varied extracts of authentic spoken English drawn from the Cambridge University Press and University of Nottingham corpus of spoken English. Each unit contains an activity for the reader and a line-by-line commentary offering new insights into grammar, vocabulary and discourse patterns in the text. Audio CDs to accompany this book, available to purchase separately, contain all the extracts, some re-recorded for the purposes of clarity.

The Oxford Handbook of Information Structure Caroline Féry, Shinichi Ishihara, 2016 This book provides linguists with a clear, critical and comprehensive overview of theoretical and experimental work on information structure. Leading researchers survey the main theories of information structure in syntax, phonology and semantics, as well as perspectives from psycholinguistics and other relevant fields. Following the editors' introduction, the book is divided into four parts. The first, on theories of and theoretical perspectives on information structure, includes chapters on topic, prosody and implicature. Part 2 covers a range of current issues in the field, including focus, quantification and sign languages, while Part 3 is concerned with experimental approaches to information structure, including

processes involved in its acquisition and comprehension The final part contains a series of linguistic case studies drawn from a wide variety of the world's language families This volume will be the standard guide to current work in information structure and a major point of departure for future research *Understanding Minimalism* Norbert Hornstein, Jairo Nunes, Kleantes K. Grohmann, 2005-12-15 *Understanding Minimalism* first published in 2005 is an introduction to the Minimalist Program the model of syntactic theory within generative linguistics Accessibly written it presents the basic principles and techniques of the minimalist program looking firstly at analyses within Government and Binding Theory the Minimalist Program's predecessor and gradually introducing minimalist alternatives Minimalist models of grammar are presented in a step by step fashion and the ways in which they contrast with GB analyses are clearly explained Spanning a decade of minimalist thinking this textbook will enable students to develop a feel for the sorts of questions and problems that minimalism invites and to master the techniques of minimalist analysis Over 100 exercises are provided encouraging them to put these skills into practice *Understanding Minimalism* will be an invaluable text for intermediate and advanced students of syntactic theory and will set a solid foundation for further study and research within Chomsky's minimalist framework

Literature, Spoken Language and Speaking Skills in Second Language Learning Christian Jones, 2019-11-07 Explores how literature is used as a model of spoken language and to develop speaking skills in second language learning

The Wiley Blackwell Companion to Syntax, 8 Volume Set Martin Everaert, Henk Van Riemsdijk, 2017-12-26 An invaluable reference tool for students and researchers in theoretical linguistics The Wiley Blackwell Companion to Syntax Second Edition has been updated to incorporate the last 10 years of syntactic research and expanded to include a wider array of important case studies in the syntax of a broad array of languages A revised and expanded edition of this invaluable reference tool for students and researchers in linguistics now incorporating the last 10 years of syntactic research Contains over 120 chapters that explain, analyze and contextualize important empirical studies within syntax over the last 50 years Charts the development and historiography of syntactic theory with coverage of the most important subdomains of syntax Brings together cutting edge contributions from a global group of linguists under the editorship of two esteemed syntacticians Provides an essential and unparalleled collection of research within the field of syntax available both online and across 8 print volumes This work is also available as an online resource at www.companiontosyntax.com **Heads in**

Grammatical Theory , **The Handbook of Contemporary Syntactic Theory** Mark Baltin, Chris Collins, 2008-04-15 This volume provides a comprehensive view of the current issues in contemporary syntactic theory Written by an international assembly of leading specialists in the field these 2 original articles serve as a useful reference for various areas of grammar Contains 23 articles written by an international assembly of specialists in the field The lucidly written articles grant accessibility to crucial areas of syntactic theory Contrasting theories are represented Contains an informative introduction and extensive bibliography which serves as a reference tool for both students and professional linguists **The Syntax of**

Coordination Robert R. van Oirsouw, 2019-08-13 Coordination is a syntactic construction which occurs in most languages In the past it has been a fruitful area of research but also a controversial one Arguments from coordination have been used in support of transformations and against phrase structure rules but also in support of phrase structure rules and against transformations This *Minimalist Inquiries Into Child and Adult Language Acquisition* Acrisio Pires, Jason Rothman, 2009 The volume is a collection of original articles that present new research on first and second language acquisition from the perspective of current generative linguistics using a detailed case study of Portuguese as a first second and third language The book focuses on studies exploring both empirical experimental and theoretical aspects of the acquisition of syntax and its interfaces with morphology with semantics pragmatics and language change The volume includes chapters on the child and adult acquisition of European and Brazilian Portuguese and several chapters that also compare and contrast the two varieties from these different perspectives *Mental Models and the Interpretation of Anaphora* Alan Garnham, 2013-06-17 The interpretation of anaphora how we interpret expressions such as definite pronouns he she it and verbal elliptical phrases such as did so too in the course of ordinary conversation or reading is an important aspect of language comprehension In this book the author examines the research and evidence on anaphor interpretation within the context of the mental models theory of comprehension arguing that the notion of a mental model is essential to the detailed description of the processes of anaphor resolution The general philosophy of the mental models approach and the nature of mental models themselves and their role in language processing is discussed followed by a review of methodological issues that bear on the interpretation of psychological research findings Against this background the author's own research on areas such as deep and surface anaphora reference into anaphoric islands the role of implicit causality in anaphor resolution and the use of pronouns to refer to characters introduced by stereotyped role names is presented At all times the author's research is set within the context of the general literature on anaphor resolution derived from the disciplines of linguistics psycholinguistics philosophy and computational linguistics ensuring that the book will be of interest to advanced students and researchers in these fields

The Oxford Handbook of Languages of the Caucasus Maria Polinsky, 2020-11-21 The Oxford Handbook of Languages of the Caucasus is an introduction to and overview of the linguistically diverse languages of southern Russia Georgia Azerbaijan and Armenia Though the languages of the Caucasus have often been mischaracterized or exoticized many of them have cross linguistically rare features found in few or no other languages This handbook presents facts and descriptions of the languages written by experts The first half of the book is an introduction to the languages with the linguistic profiles enriched by demographic research about their speakers It features overviews of the main language families as well as detailed grammatical descriptions of several individual languages The second half of the book delves more deeply into theoretical analyses of features such as agreement ellipsis and discourse properties which are found in some languages of the Caucasus Promising areas for future research are highlighted throughout the handbook which will be of interest to

linguists of all subfields

Thank you completely much for downloading **Main Verb Ellipsis In Spoken English**. Maybe you have knowledge that, people have look numerous period for their favorite books considering this Main Verb Ellipsis In Spoken English, but end happening in harmful downloads.

Rather than enjoying a fine book when a mug of coffee in the afternoon, otherwise they juggled gone some harmful virus inside their computer. **Main Verb Ellipsis In Spoken English** is understandable in our digital library an online access to it is set as public fittingly you can download it instantly. Our digital library saves in compound countries, allowing you to get the most less latency time to download any of our books later than this one. Merely said, the Main Verb Ellipsis In Spoken English is universally compatible once any devices to read.
