**From the Margins to the Mainstream** Marianne Kac-Vergne, Julie Assouly, 2022-07-14 This book explores the various issues raised by women s fraught integration into the mainstream in film and television whether it be off screen as filmmakers and film critics or on screen in film and TV series Marianne Kac Vergne and Julie Assouly consider the varied

representations of women in films such as Jackie Brown 1997 Marie Antoinette 2006 It's a Free World 2007 and Wonder Woman 2017 They particularly look into the overlooked gendered aspects of voice overs and the adverse tropes used to represent maternity in television series as well as the complex motif of the vagina dentata in contemporary film and television The chapters analyze independent art house Hollywood and TV productions often in transnational contexts shedding light on how definitions of femininity are culturally specific yet cross national class and racial lines The contributors include renowned scholars such as Yvonne Tasker Celestino Deleyto David Roche and Nicole Cloarec as well as emerging yet well published film scholars

**American Artist** Ernest William Watson, Arthur Leighton Guptill, 1959 *How Documentaries Went Mainstream* Nora Stone, 2023 Since the 1960s documentary films have moved closer to the mainstream thanks to the popularity of rockumentaries association with the independent film movement support from public and cable television and the rise of streaming video services Documentary films have become reliable earners at the U S box office and ubiquitous on streaming platforms while historically they existed on the margins of mainstream media How do we explain the growing commercialization of documentary films and the conditions that fueled their transformation The growing commercialization of documentary film has not gone unnoticed but it has not been sufficiently explained Streaming and the growing interest in reality TV are usually offered as initial explanations whenever a documentary enters the cultural conversation or breaks a box office record but neither of those causes grapple with the overlapping causal mechanisms that commercialized documentary film *How Documentaries Went Mainstream* provides a more comprehensive and meaningful periodization of the commercialization of documentary film Although the commercial ascension of documentary films might seem meteoric it is the culmination of decades long efforts that have developed and fortified the audience for documentary features Author Nora Stone refines rough explanations of these efforts through a robust synoptic history of the market for documentary films using knowledge of film economics and the norms of industry discourse to tell a richer story This periodization will allow scholars to compare the commercialization of documentary film with other genres Drawing on archival documents industry trade journals and popular press and interviews with filmmakers and film distributors Stone illuminates how documentary features have become more plentiful popular and profitable than ever before

**The New York Times Book Review**, 1959-10 **Art Digest Newsletter**, 1969 *Mirroring the Japanese Empire* Maki Kaneko, 2016-04-26 In this groundbreaking study of a subject intricately tied up with the controversies of Japanese wartime politics and propaganda Maki Kaneko reexamines the iconic male figures created by artists of y ga Western style painting between 1930 and 1950 Particular attention is given to prominent y ga painters such as Fujita Tsuguharu Yasui S tar Matsumoto Shunsuke and Yamashita Kiyoshi all of whom achieved fame for their images of men either during or after the Asia Pacific War By closely investigating the representation of male figures together with the contemporary politics of gender race and the body this profusely illustrated volume offers new insight into artists activities in late Imperial Japan Rather than

adhering to the previously held model of unilateral control governing the Japanese Empire's visual regime the author proposes a more complex analysis of the role of Japanese male artists and how art functioned during an era of international turmoil

**Subversion and Surrealism in the Art of Honoré Sharrer** M. Melissa Wolfe, Sarah Burns, Robert Cozzolino, Michael Lobel, Adam Desmond Zagorin, 2017-01-01 This book offers the first critical reassessment of an artist whose mature oeuvre constitutes a rich and often disquieting critique that is equal parts wit, seduction and bite Honoré Sharrer 1920-2009 was a major figure in the years surrounding World War II though her commitment to leftist ideals and an alternate trajectory of surrealism put her at increasing odds with the political and artistic climate of the time

**Mythologizing Norval Morrisseau** Carmen L. Robertson, 2016-05-03 Mythologizing Norval Morrisseau examines the complex identities assigned to Anishinaabe artist Norval Morrisseau Was he an uneducated artist plagued by alcoholism and homelessness Was Morrisseau a shaman artist who tapped a deep spiritual force Or was he simply one of Canada's most significant artists Carmen L. Robertson charts both the colonial attitudes and the stereotypes directed at Morrisseau and other Indigenous artists in Canada's national press Robertson also examines Morrisseau's own shaping of his image An internationally known and award-winning artist from a remote area of northwestern Ontario Morrisseau founded an art movement known as Woodland Art developed largely from Indigenous and personal creative elements Still until his retrospective exhibition at the National Gallery of Canada in 2006 many Canadians knew almost nothing about Morrisseau's work Using discourse analysis methods Robertson looks at news stories, magazine articles and film footage ranging from Morrisseau's first solo exhibition at Toronto's Pollock Gallery in 1962 until his death in 2007 to examine the cultural assumptions that have framed Morrisseau

**Fascist Interactions** David D. Roberts, 2016-05 Although studies of fascism have constituted one of the most fertile areas of historical inquiry in recent decades more and more scholars have called for a new agenda with more research beyond Italy and Germany less preoccupation with definition and classification and more sustained focus on the relationships among different fascist formations before 1945 Starting from a critical assessment of these imperatives this rigorous volume charts a historiographical path that transcends rigid distinctions while still developing meaningful criteria of differentiation Even as we take fascism seriously as a political phenomenon such an approach allows us to better understand its distinctive contradictions and historical variations
