Leadbetter, 2011-04-11

Through politics, religion, and his relationship with Wordsworth, the book builds to a new interpretation of the poems where Coleridge's daemonic imagination produces its myths: *The Ancient Mariner*, *Kubla Khan*, and *Christabel*. Re-reading the origins of Romanticism, Leadbetter reveals a Coleridge at once more familiar and more strange. Light as Experience and Imagination from Medieval to Modern Times David S. Herrstrom, 2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times*, David S. Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times. The true subject of the book is making sense of the individual's relationship with light rather than the investigation of light's essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times. Consequently, it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light, optical science, but rather with subjective reactions as reflected in art, architecture, and literature. Instead of its evolution, this book celebrates the complexity of our relation to light's character. No individual experience of light being truer than any other. **Romanticism and the Cultures of Infancy**

Martina Domines Veliki, Cian Duffy, 2020-08-29 This collection of essays explores the remarkable range and cultural significance of the engagement with infancy during the Romantic period. Taking its point of departure in the commonplace claim that the Romantics invented childhood, the book traces that engagement across national boundaries in the visual arts, in works of educational theory and natural philosophy, and in both fiction and non-fiction written for children. Essays authored by scholars from a range of national and disciplinary backgrounds reveal how Romantic period representations of and for children constitute sites of complex discursive interaction where ostensibly unrelated areas of enquiry are brought together through common tropes and topoi associated with infancy. Broadly new historicist in approach but drawing also on influential theoretical descriptions of genre, discipline, mediation, cultural exchange, and comparative methodologies, the collection also seeks to rethink the idea of a clear-cut dichotomy between Enlightenment and Romantic conceptions of infancy. **The**

Eliot's poems establishes a new text of the *Collected Poems 1909-1962*, rectifying accidental omissions and errors that have crept in during the century since Eliot's astonishing debut *The Love Song of J. Eliot* contains the poems of Eliot's youth which were rediscovered only decades later, poems that circulated privately during his lifetime, and love poems from his final years.

Flickers of Film Jason Sperb, 2015-12-15 Whether paying tribute to silent films in Hugo and The Artist or celebrating arcade games in Tron Legacy and Wreck It Ralph Hollywood suddenly seems to be experiencing a wave of intense nostalgia for outmoded technologies To

what extent is that a sincere lament for modes of artistic production that have nearly vanished in an all digital era And to what extent is it simply a cynical marketing ploy built on the notion that nostalgia has always been one of Hollywood s top selling products In Flickers of Film Jason Sperb offers nuanced and unexpected answers to these questions examining the benefits of certain types of film nostalgia while also critiquing how Hollywood s nostalgic representations of old technologies obscure important aspects of their histories He interprets this affection for the prehistory and infancy of digital technologies in relation to an industry wide anxiety about how the digital has grown to dominate Hollywood pushing it into an uncertain creative and economic future Yet he also suggests that Hollywood s nostalgia for old technologies ignores the professionals who once employed them as well as the labor opportunities that have been lost through the computerization and outsourcing of film industry jobs Though it deals with nostalgia Flickers of Film is strikingly cutting edge one of the first studies to critically examine Pixar s role in the film industry cinematic representations of videogames and the economic effects of participatory culture As he takes in everything from Terminator Salvation to The Lego Movie Sperb helps us see what s distinct about this recent wave of self aware nostalgic films how Hollywood nostalgia today isn t what it used to be

Movies and Methods Bill Nichols,1976 Gathers examples of historical genre feminist structural psychoanalytical and phenomenological film criticism **Imaginative Structure of the City** Alan Blum,2003-05-07 Blum s distinctive form of theoretical inquiry pushes the reader to move beyond conventional ways of thinking about familiar urban issues in answering such fundamental questions as How does a city exist How do its inhabitants define their relationship to it Who is entitled to speak for it What is its symbolic nature In what way does the city function as a focus of attempts to resolve social problems such as alienation participation and community In what ways do night and nighttime affect our relationship to it How is it possible to speak of a city as both exciting and alienating **The Revolutionary Imaginations of Greater Mexico** Alan Eladio Gómez,2016-09-06 Bringing to life the stories of political teatristas feminists gunrunners labor organizers poets journalists ex prisoners and other revolutionaries The Revolutionary Imaginations of Greater Mexico examines the inspiration Chicanas/os found in social movements in Mexico and Latin America from 1971 to 1979 Drawing on fifteen years of interviews and archival research including examinations of declassified government documents from Mexico this study uncovers encounters between activists and artists across borders while sharing a socialist oriented anticapitalist vision In discussions ranging from the Nuevo Teatro Popular movement across Latin America to the Revolutionary Proletariat Party of America in Mexico and the Peronista Youth organizers in Argentina Alan Eladio G meez brings to light the transnational nature of leftist organizing by people of Mexican descent in the United States tracing an array of festivals assemblies labor strikes clandestine organizations and public protests linked to an international movement of solidarity against imperialism Taking its title from the greater Mexico designation used by Am rico Paredes to describe the present and historical movement of Mexicans Mexican Americans and Chicanas/os back and forth across the US Mexico border this book analyzes

the radical creativity and global justice that animated Greater Mexico leftists during a pivotal decade While not all the participants were of one mind politically or personally they nonetheless shared an international solidarity that was enacted in local arenas giving voice to a political and cultural imaginary that circulated throughout a broad geographic terrain while forging multifaceted identities The epilogue considers the politics of going beyond solidarity *Coleridge's Theory of Imagination Today* Christine Gallant,1989 The Creative Mind in Coleridge's Poetry Kathleen M. Wheeler,1981 Five of Coleridge s major poems are given fresh scrutiny in this arresting study One of its unusual features is the attention given the Preface to Kubla Khan the Gloss to The Ancient Mariner and other prose accompaniments to the poems usually dismissed as extraneous Devices such as these the author argues are strategically employed by Coleridge in an effort to engage the reader in a fully imaginative response Kathleen Wheeler elucidates the texts in terms of aesthetic experience and also in terms of the philosophical principles that inform them showing how Coleridge s theories of mind and imagination function within the poems and shape their design A subtle and gifted reader of poetry she enriches our understanding of poems we thought we knew well and provides insights along the way into the creative process **The Poet's Day, Or Imagination's Ramble, a Poem ...
