Sharing hilarious and poignant perspectives of her mother's homeland, *Eternal Stones and Other Memories of Greece* chronicles time spent abroad with renewed reflection, including a quest to locate one of Greece's secret schools and an account of what happens when a town's water supply suddenly stops. From visiting Burzawa's grandfather's World War II memorial to a day's excursion in the charming seaside town of Nafplion to an unforgettable stay at one of the most exquisite world famous hotels in Athens, readers are sure to feel they've stamped their passports as well. Enjoying this modern day visit to an ancient magical destination. **Gender and Power in Rural Greece** Jill Dubisch, 2019-01-29 Women in contemporary Greek society have been conventionally depicted as oppressed and socially inferior, circumscribed in behavior and segregated from the world of men. In 1967 Ernestine Friedl's classic article "The Position of Women: Appearance and Reality" argued that this view was overly simplified and that in Greek villages women in fact exercise power in household decisions and in determining the economic and marital future of their children. Since that article, feminists and anthropologists have continued to discuss the appearances of prestige vs the realities of power. In this volume, scholars from a variety of backgrounds return the debate to the setting of Greece for the first time since Friedl's work. Introduced by Jill Dubisch, the book contains eight original essays and a republication of the Friedl article. Among other topics, the essays examine changes now occurring in Greek gender roles, the ways women deal with oppression and act as mediators between the domestic sphere and life outside the home, and the extension of the language and symbolism of gender beyond male and female roles. The contributors are Juliet du Boulay, Anna Caraveli, Muriel Dimen, Jill Dubisch, Michael Herzfeld, Robinette Kennedy, Elftérios Pavlides, and Jana Hesser, and S. D. Salamone and J. B. Stanton. Jill Dubisch is Associate Professor of Anthropology at the University of North Carolina in Charlotte. Originally published in 1986, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. *Greek Islander Migration to Australia since the 1950s* Melissa N. Afentoulis, 2021-11-23 Illuminating the experiences of immigrants to Australia in the late twentieth century this book uses oral history to explore how identity and belonging are shaped through migration Between the 1950s and the 1970s many inhabitants from the small Greek island of Limnos travelled to Australia to flee post war devastation and economic disaster With an emphasis on the lived experiences and memories of Limnians the book sheds light on the emotional pain and trauma they felt as they were separated from their families and homeland Moving away from more traditional outlooks on migration studies this book emphasises the significance of ethno regional identity and analyses how it can bring strength and longevity to a constructed community Both the roles of men and women within the Greek diaspora are examined in the way that they made the difficult decision to leave their homeland and subsequently how they came to nurture and build families within a new evolving community Looking beyond first generation migration the author analyses the pattern of return visits to Limnos by the descendants of migrants Acting as a form of identity consolidation for second generation migrants this journey to the ancestral homeland highlights the fluidity of what it means to belong somewhere and redefines the notion of home The author provides an alternative perspective to traditional migration studies and reaffirms the importance of transnational identity A unique and important addition to research this book combines memory studies and oral narrative to analyse how identity and belonging can be shaped across borders rather than within them

Immigrant Experiences Paul H. Elovitz, Charlotte Kahn, 1997 This book gives powerful testimony to the possibilities of success even as it attests to the psychological costs of emigration and the struggles of immigration The necessity of creating a new cultural or national identity is a recurring theme as the authors of articles immigrants themselves and Americans sensitive to their families immigrant experiences address what has become an urgent question How can we facilitate the immigrants passage The U S culture has been forged by the influence of immigrant cultures too numerous to mention their representatives have made recognizable significant contributions while struggling to create a viable place for themselves in their adopted land
