Oxaal sheds new light on the theme of Wittgenstein's Jewishness and develops a new appreciation of the Wittgenstein family and Wittgenstein's better known years in Vienna. The author is unsparing in his observations about racism and pessimism in Berlin and Great Britain during the period in which Wittgenstein worked and studied at Cambridge. The writing of the *Tractatus* spanned the First World War. In the period immediately after its completion, Wittgenstein found himself in The Hague where he was in discussions and disputes with Bertrand Russell. Oxaal covers these problems sensitively and with an appreciation of ambiguities in the life of a great philosopher and the confusions caused by a post-war change in fortunes personal and familial. This work of an eminent social scientist and historian may not be the final statement on Wittgenstein but it most certainly must be considered in any serious assessments of an iconic figure of the twentieth century. *The Publishers' Trade List Annual*, 1905

Apostates, Hybrids, or True Jews? Raymond Lillevik, 2014-07-03 This book explores the relationship between Christian faith and Jewish identity from the perspective of three Jewish believers in Jesus living in eastern and central Europe before World War I: Rudolf Hermann Chaim Gurland, Christian Theophilus Lucky Chaim Jedidjah Pollak, and Isaac Ignatz Lichtenstein. They were all rabbis or had rabbinic education and were in different ways combining their faith in Jesus as Messiah with a Jewish identity. The book offers a biographical study of the three men and an analysis of their understandings of identity. This analysis considers five categories for identification: the relation of Gurland, Lucky, and Lichtenstein to Jewish tradition; to the Jewish people; to Christian tradition; to the Christian community; and to the network of Jewish believers in Jesus. Lillevik argues that Gurland, Lucky, and Lichtenstein in very different ways transcended essentialist as well as constructionist ideas of Jewish and Christian identity.
