share thoughts about the meaning and purpose of life It is amazing the difference that ten years can make I like to think that I am growing Gee Could that be I sure hope so People from the worlds of philosophy religion and the popular culture are anxious to share the way they see the world with others I have a passion to do that also and so I wrote this book in order to summarize how things in life appeared to me I could be way off you decide for yourself At any rate my world is MY way of seeing life in YOUR world you will see it your special way and that is part of the beauty of this life Each person is free to see it differently and that is our basic right to do so I like that I actually feel so strongly about what I am saying here that I created a web site which is called HowIseetheworld com to talk about and share ideas with others Take a look at it some time Thoughts are powerful and have a tendency to either make you great or even destroy you before your time So think good thoughts And enjoy the book as well

The World Inside Gary Brevard,2024-01-09 I created a world inside my mind to help me quell the thoughts that keep me awake Excursions inside the dystopian city helped me fall asleep until I met someone that I did not put there There has never been a story told that has such a mixture of horror suspense comedy and other elements that might surprise you Believe me everything is not as it seems in this book of chaos and questions After you read the ending you re going to want to start over and you ll see that the story is much different with the information you ve been given

My World of Conceit Heather Glenn,2013-06-12 An only child in a lonely valley is the one folks least suspect of arousing treasonous attention merely by the sight of her face or her ears But when the truth of her heritage is finally revealed to Diana Firathor treason is not the only risk she must take to seize the opportunity of a lifetime a throne all her own Her adventure spins her into a chaotic chase after legends and fame fleeing from tyranny and enslavement And as she ventures to lands of which she has never seen nor heard trusting strangers and estranging friends she must learn that there is so much more to ruling a people than the mere trifles of state Her tutors try to teach her but even such lessons seem to come too late It is not until she is truly faced with the most difficult choice that she learns what doing the best for the people really means It takes a little heart a little more bravery and a lot more humility and then more bravery

Parodies of the Fall Thomas Grissom, 2020-08-21 Over the course of several evenings in a fashionable bar and lounge situated in the foothills at the edge of a large desert city the narrator tells his strange story Under the guise of trying to discover the meaning of life as it should be he instead slowly reveals life as it is What unfolds is a story about the dilemmas faced by twenty first century man the scientist technician in the words of the narrator and as such it becomes the moral autobiography of anyone and everyone What renders the story provoking and compelling is the peculiar stance adopted by the narrator relative to the events of his story There is a philosophic and parodic

tone to the narrative behind which the narrator maneuvers poses postures confounds and gradually reveals his meaning From his youthful pursuit of truths revealed by science and technology to his growing alienation and estrangement from society to his eventual reconciliation with art and the role of the artist the narrator surveys the cultural landscape of our time What the reader witnesses is the development of a modern human consciousness The twists and turns of the narrator's position are on the surface paradoxical and puzzling Is he merely an incurable romantic a cynic or only a realist The story related by the narrator is fairly straightforward and clear But what meaning to ascribe to the events revealed by the narrative is posed as a problem for the reader leaving the reader to ponder at last what if anything is resolved Includes
