Myrsilus Of Methymna Hellenistic Paradoxographer:

Myrsilus of Methymna, Hellenistic Paradoxographer Steven B. Jackson, 1995 **Ancient Histories of Medicine** P.J. van der Eijk, 2018-07-17 This collection of essays focuses on the ways in which Greek and Latin authors viewed and wrote about the history of medicine in the ancient world Special attention is given to medical doxography i e the description of the characteristic doctrines of the great medical authorities of the past The volume examines the various attitudes to the history of medicine adopted by a wide range of ancient writers e g Aristotle Galen Celsus Herophilus Soranus Oribasius Caelius Aurelianus It discusses the historical sense of ancient medicine the variety of versions of the medical past that were created and the wide range of purposes and strategies which medico historical writing served It also deals with the question of the sources the role of historiographical traditions and the variety of literary genres of ancient medico historical writing *A Guide to Hellenistic Literature* Kathryn Gutzwiller, 2008-04-15 This book is a guide to the extraordinarily diverse literature of the Hellenistic period A guide to the literature of the Hellenistic age from the death of Alexander the Great in 323 BCE to the Battle of Actium in 31 BC Provides overviews of the social political intellectual and literary historical contexts in which Hellenistic literature was produced Introduces the major writers and genres of the period Provides information about style meter and languages to aid readers with no prior knowledge of the language in understanding technical aspects of literary Greek Distinctive in its coverage of current issues in Hellenistic criticism including audience reception the political and social background and Hellenistic theories of literature **Pilgrimage in Graeco-Roman and Early Christian Antiquity** Jas' Elsner, Ian Rutherford, 2007-12-20 This book presents a range of case studies of pilgrimage in Graeco Roman antiquity drawing on a wide variety of evidence It rejects the usual reluctance to accept the category of pilgrimage in pagan polytheism and affirms the significance of sacred mobility not only as an important factor in understanding ancient religion and its topographies but also as vitally ancestral to later Christian practice **Authors, Authority and Interpreters in the Ancient Novel** Gareth L. Schmeling, 2006 For most of us there are many masters and varied causes for intellectual peregrinations For the editors of this volume for many scholars of the ancient novel and for an uncounted number of students of Classics and the Humanities Gareth Lon Schmeling is a master and motivator of our scholarly and academic careers especially of our forays into the ancient novel And above all Gareth is a true friend This volume of essays is a small and we hope representative offering of our thanks to Gareth for his contributions to the study of the ancient novel in particular and Classics in general for his guidance and support in our own endeavors and for his own special humanity **Greek Myth and Religion** Albert Henrichs, 2019-08-05 This volume contains the collected papers of Albert Henrichs on numerous subjects in ancient Greek myth and religion What was ancient Greek religion really like What is the reality of belief and action that lies behind the unwieldy sources which stem from vast areas and epochs of the ancient world What is the meaning intended and otherwise of religious action and speech in ancient Greece Who were the Greek gods how were they

worshipped and how were they viewed by those who worshipped them One of the leading students of ancient Greek religion over the past five decades Albert Henrichs the Eliot Professor of Greek Literature at Harvard University combines wide and deep learning a pragmatic incisive approach to the sources and an apt use of comparative perspectives Henrichs breaks new ground in discussing sacrifice libation cultic identity religious action and speech epiphany and the personalities of the gods Special attention is devoted to ancient Greek sources on the ancient Persian prophet Mani founder of Manichaeism As a group Albert Henrichs papers on Greek religion offer a basic education on Greek myth and religion and constitute a blueprint for serious study of the subject

Orpheus in Macedonia Tomasz Mojsik, 2022-11-17 The mythological hero Orpheus occupied a central role in ancient Greek culture but the son of Oeagrus and Thracian musician venerated by the Greeks has also become a prominent figure in a long tradition of classical reception of Greek myth This book challenges our entrenched idea of Orpheus and demonstrates that in the Classical and Hellenistic periods depictions of his identity and image were not as unequivocal as we tend to believe today Concentrating on Orpheus ethnicity and geographical references in ancient sources Tomasz Mojsik traces the development of and changes in the mythological image of the hero in Antiquity and sheds new light on contemporary constructions of cultural identity by locating the various versions of the mythical story within their socio political contexts Examination of the early literary sources prompts a reconsideration of the tradition which locates the tomb of the hero in Macedonian Pieria and the volume argues for the emergence of this tradition as a reaction to the allegation of the barbarity and civilizational backwardness of the Macedonians throughout the wider Greek world These assertions have important implications for Archelaus Hellenizing policy and his commonly acknowledged sponsorship of the arts which included his incorporating of the Muses into the cult of Zeus at the Olympia in Dium

The Journal of Hellenic Studies, 1997 Vols 1 8 1880 87 plates published separately and numbered I LXXXIII

Wonder and the Marvellous from Homer to the Hellenistic World Jessica Lightfoot, 2021-09-16 Wonder and wonders constituted a central theme in ancient Greek culture In this book Jessica Lightfoot provides the first full length examination of its significance from Homer to the Hellenistic period She demonstrates that wonder was an important term of aesthetic response and occupied a central position in concepts of what philosophy and literature are and do She also argues that it became a means of expressing the manner in which the realms of the human and the divine interrelate with one another and that it was central to the articulation of the ways in which the relationships between self and other near and far and familiar and unfamiliar were conceived The book provides a much needed starting point for re assessments of the impact of wonder as a literary critical and cultural concept both in antiquity and in later periods This title is available as Open Access on Cambridge Core

1995 Massimo Mastrogregori, 2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged

systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors

Sappho in the Making Dimitrios Yatromanolakis, 2007 This book offers the first interdisciplinary and in depth study of the cultural practices and ideological paradigms that conditioned the politics of the reading of Sappho's songs in the early and most pivotal stages of her reception In this wide ranging synthesis Dimitrios Yatromanolakis investigates visual representations and ancient texts in their synchronic and diachronic multilayeredness to trace the discursive nexuses that defined the making of Sappho in the late archaic classical and early Hellenistic periods Offering a systematic analysis of the contextual cues provided by vase paintings and focusing on the sociocultural institution of the symposium this book explores the intricate modes of the assimilation of Sappho's poetry into diverse social aesthetic and performative contexts Drawing on a number of disciplines including archaeology papyrology and anthropology *Sappho in the Making* articulates a new methodological Problematik on the reception of archaic Greek socioaesthetic cultures
