Mysteries And Glimpses Of Kashmir:

Mysteries and Glimpses of Kashmir Mohammad Yasin, Madhvi Yasin, 1996 Papers on miscellaneous topics about Kashmir India **Marginalization In History A Study of Rural Women In Kashmir** Dr. Urmeena Akhter, 2020-12-04

Marginalization is a multidimensional multicausal historical phenomenon There are no general laws to understand and comprehend the complex nature of marginalization The nature of marginalization varies in different settings For example the marginalization of women in Kashmir is not same as in rest of India though broadly they share some features The religious ideological system patriarchy political economy of a country and the overall social system have impact on the marginalization of a specific group or individual Development is always broadly conceived in terms of mass participation Marginalization deprives a large majority of people across the globe from participating in the development It is a complex problem and there are many factors that cause marginalization This complex and serious problem need to be addressed at the policy level Marginalization however has remained to be a persistent phenomena in one form or the other for a vast section of the population despite fast social and economic transition in the society of Kashmir Against this backdrop the present book aims to scrutinize the concept of marginalization as an interrelated social process its changing dimensions and socio political implications of persistent marginalization in Kashmir This book is an attempt to highlight the marginalization in history of Kashmir This book will help students and researchers to understand marginalization in history of Kashmir in a better way

Understanding Kashmir and Kashmiris Christopher Snedden, 2015 The seemingly intractable Kashmir dispute and the fate of Kashmiris throughout South Asia and beyond are the twin themes in Snedden s meticulously researched book

War on Sacred Grounds Ron E. Hassner, 2010-12-15 Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own claims Holy places thus create the potential for military theological or political clashes not only between competing religious groups but also between religious groups and secular actors In War on Sacred Grounds Ron E Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested he also proposes potential means for managing these disputes Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount Haram el Sharif leading to the clashes of 2000 and the competing claims of Hindus and Muslims at Ayodhya which resulted in the destruction of the mosque there in 1992 He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979 Sacred sites he contends are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be divided The management of conflicts over sacred sites requires cooperation Hassner suggests between political leaders interested in promoting conflict resolution and religious leaders who can shape the meaning and value that sacred places hold for believers Because a

reconfiguration of sacred space requires a confluence of political will religious authority and a window of opportunity it is relatively rare Drawing on the study of religion and the study of politics in equal measure Hassner s account offers insight into the often violent dynamics that come into play at the places where religion and politics collide **World Religions and Islam** Hamid Naseem Rafiabadi,2003 This Book Is A Collection Of Valuable Articles Written By Eminent Scholars Belonging To Various Religious Denominations And Researchers And Teachers Of Islamic Studies The Book Is Also Meant To Cater The Requirements Of The Students Of Comparative Religions And Islamology **Glimpses of the Fathomless Mysteries of Zoroaster** Helena Petrovna Blavatsky, Alexander Wilder, Part 1 Lucid glimpses of the fathomless Mysteries of Zoroaster By Helena Petrovna Blavatsky Co founder of the Theosophical Society Zoroaster is a generic title there were several prophets of that name and so is Thoth Hermes There were several Zarathushtras or Zertusts the Dabistan alone enumerating thirteen but these were all reincarnations of the first one It was on the new continent of Atlantis that Zarathushtra became the law giver and ruler of the Fourth Race Zoroaster was the founder of Magian religion and reformer of Magic as practiced by the Chaldeans and the old Egyptians however not the founder of Divine Magic or Theurgy The last Zarathushtra of the Desatir compiled the Vendidad The prehistoric Zoroastrian Gheber Temple of Baku was a study centre for generations of Zoroastrian hermits overseen by a High Mobed The Zoroastrians the Mazdeans and the Persians borrowed their conceptions from India the Jews borrowed their theory of angels from Persia and the Christians borrowed theirs from the Jews The earliest Zoroastrians did not believe in evil or darkness being co eternal with Good or Light The Hebrew Elohim are Forces and Generative Powers of Nature but are involved in material creation only they are identical with the Aryan Asuras The Zoroastrian Amshaspends create the world in six days or periods and rest on the seventh the latter is the first period or day i e the Primary Creation in the Aryan Cosmogony Zoroaster the renowned Sage of remote Antiquity is transformed by Christian bigots into a slave of Daniel and by one Christian writer as contemporary of Darius Hystaspes The doctrines of the Desatir are identical with those of the Secret Doctrine and the Greek Philosophers With select Gems from the Book of Prophet Jemshid Part 2 Spiritual insights into the Universal Wisdom Religion of Zoroaster By Professor Alexander Wilder M D Vice President of the Theosophical Society Muslim Women, Agency and Resistance Politics Inshah Malik,2018-11-16 This book investigates agency in the historical resistance movement in Kashmir by initiating a fresh conversation about Muslim Kashmiri women It exhibits Muslim women not merely as accidental victims but conscientious agents who choose to operate within the struggles of self determination The experience of victimization stimulates women to take control of their lives and press for change Despite experiencing isolating political conditions Kashmiri women do not internalize their supposed inferiority The author shows that women s struggles against patriarchy are at the heart of a very complex historical resistance to the Indian rule *Saints and Saviours of Islam* Hamid Naseem Rafiabadi,2005 The Present Book Deals With The Least Known Reformatory Academic And Social Service Related Matters Where Muslims Have Contributed Clandestinely
