Grey Granite Lewis Grassic Gibbon, 2009-08-01 Chris Guthrie and her son Ewan have come to the industrial town of Duncairn where life is as hard as the granite of the buildings all around them These are the Depression years of the 1930s and Chris is far from the fields of her youth in *Sunset Song* In a society of factory owners shopkeepers policemen petty clerks and industrial labourers Chris Caledonia must make her living as best she can by working in Ma Cleghorn's boarding house Ewan finds employment in a steel foundry and tries to lead a peaceful strike against the manufacture of armaments In the face of violence and police brutality his socialist idealism is forged into something harder and fiercer as he becomes a communist activist ready to sacrifice himself his girlfriend and even the truth itself for the cause *Grey Granite* is the last and grimmest volume of the Scots Quair trilogy Chris Guthrie is one of the great characters in Scottish Literature and no reader of *Sunset Song* and *Cloud Howe* should miss this last rich chapter in her tale **Centurion Faith** James

McCurry, 2021-03-11 *Centurion Faith* is about a growing faith hope and love in and for God The story expands on the Gospel of Luke 7:1-10 The Faith of the Centurion The quotations of Jesus and His scripture are the key points throughout the story This is what Jesus says about the centurion I tell you I have not found such great faith even in Israel Eternally speaking what does Jesus want us to learn from His words However these ten verses in Luke leave some open questions of interest Questions such as how did a Gentile enemy of the nation of Israel come to have such great faith in Jesus Why did he love the nation of Israel Why did he build a synagogue for the people of Capernaum Why was his sick servant so precious to him In that regard remember that *Centurion Faith* is an imagined plausible story that will fade away while the words of Jesus will never fade Seize His words for your eternity while you enjoy this moving storybook *The Publishers' Trade List Annual*, 1983 *The Secret History of Rock 'n' Roll* Christopher Knowles, 2010-10-01 Sex Drugs Loud music Wild costumes Dazzling light shows These words can all describe a great rock concert or a hot dance club but they were also part and parcel of the ancient cultural phenomenon known as the Mystery religions In this book author Christopher Knowles shows how the Mystery religions got a secular reincarnation when a new musical form called rock n roll burst onto the scene *The Secret History of Rock n Roll* traces the history of the Mysteries their rise their fall and their survival through long centuries of repression Knowles shows how the Mysteries prefigured subcultures as diverse as Santeria Freemasonry Mardi Gras and even the Holiness churches of the American frontier and explains exactly how ancient rituals and music found their way to the New World In the process *The Secret History of Rock n Roll* traces the development of rock's most popular genres such as punk and heavy metal and reveals how many of rock's most iconic artists play the same archetypal roles as the ancient

freemasonry sought a classical pedigree for their rituals and forms of association This volume offers the first academic study of how freemasons writing in the first half of the 18th century deployed their knowledge of antiquity to bolster this claim and how the creative literature of the period reflected their ideas The scholarly investigation of freemasonry is a relatively new phenomenon The writings of active freemasons tend either to generate new masonic myths or to focus on the minutiae of insignia rank and ritual Only in the last 50 years have non masons given serious thought to freemasonry as a social practice and to its place within the intellectual and political life of Enlightenment Europe and beyond Study of masonic elements in literary texts lags much further behind This volume offers the first English translations of three mid 18th century comedies on female curiosity about this exclusively male order and shows how they reflect contemporary attempts to forge a link with ancient mystery cult The theatrical aspect of masonic ritual and the ancient mysteries is examined in depth This volume opens up important new ground in classical reception and 18th century theatre history *Catalog of Folklore, Folklife, and Folk Songs* Cleveland Public Library.
