Mysteries Of Eleusis:

The Road to Eleusis R. Gordon Wasson, Albert Hofmann, Carl A. P. Ruck, 2023-06-27 Unlock the secrets of the Eleusinian Mysteries A deep exploration of secret rites psychedelic sacraments and spiritual revelations that captivated ancient Greek society for nearly two millennia Uncover the evocative history of The Road to Eleusis Once held in hushed whispers the Eleusinian Mysteries were a series of secret rituals and initiations in honor of the goddesses Demeter and Persephone They stood as an enigmatic cornerstone of ancient Greek spirituality capturing imaginations and fevered intrigue for close to two millennia But beneath the veils of tradition and ceremony lay a potent secret First unveiled in this book s controversial 1978 release a groundbreaking trio a mycologist chemist and historian proposed a radical theory the sacred potion imbibed during these clandestine rites was infused with a potent psychoactive entheogen This was not just a challenge to conventional interpretations it was a revolutionary reframe of the role that naturally occurring psychedelic drugs have played in spiritual rituals and rites since time immemorial The Road to Eleusis goes beyond dissecting ancient rites it charts how the authors reshaped our modern understanding of entheogens role in spiritual ceremony revealing facets of the Mysteries previously thought lost to history The authors share intriguing new insights on experiential religious practices perspectives on the healing potential of psychedelics and how and why the secrets of the Mysteries were deliberately concealed The book s revelations reach beyond the scholarly into legal social and spiritual realms all while recasting everything we thought we knew about the rites and rituals of Hellenic cults and expanding our understanding of foundational tenets of Western philosophical and spiritual thought This 30th anniversary edition brings with it an enlightening preface by religious luminary Huston Smith and a renewed exploration of the chemical findings by Peter Webster It powerfully argues for a reimagining of Western religious history and the transformative magic of entheogens

The Eleusinian Mysteries and Rites Dudley Wright, 2015-07-17 The Eleusinian Mysteries were initiation ceremonies held every year for the cult of Demeter and Persephone based at Eleusis in ancient Greece They are the most famous of the secret religious rites of ancient Greece It is thought that their basis was an old agrarian cult which probably goes back to the Mycenaean period c 1600 1100 BC and it is believed that the cult of Demeter was established in 1500 BC The mysteries represented the myth of the abduction of Persephone from her mother Demeter by the king of the underworld Hades in a cycle with three phases the descent loss the search and the ascent with the main theme the ascent of Persephone and the reunion with her mother It was a major festival during the Hellenic era and later spread to Rome The name of the town Eleusis seems to be Pre Greek and it is probably a counterpart with Elysium and the goddess Eileithyia The rites ceremonies and beliefs were kept secret and consistently preserved from antiquity The initiated believed that they would have a reward in the afterlife There are many paintings and pieces of pottery that depict various aspects of the Mysteries Since the Mysteries involved visions and conjuring of an afterlife some scholars believe that the power and longevity of the Eleusinian Mysteries came from psychedelic agents

The Eleusinian and Bacchic Mysteries Thomas Taylor, 1891-01-01 **Eleusis and the Eleusinian Mysteries** George Emmanuel Mylonas, 2015-12-08 The most famous conspiracy of silence in the history of antiquity is examined here by one of the three archaeologists entrusted by the Archaeological Society of Athens with the final excavations of the Sanctuary He traces the history of the cult in the archaeological remains from the first traces of habitation at the site in the Middle Bronze Age around 1900 B C to its final grandeur and decay in Imperial Roman times A guided tour of the Museum at Eleusis illustrated with photographs of objects in the Museum as well as air views plans and detailed photographs of the ruins closely correlated with the text takes into account the needs of the visitor at the site as well as the reader at home Originally published in 1961 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Eleusinian Mysteries and Rites* Dudley Wright, 2019-12-13 The Eleusinian Mysteries were initiations held every year for the cult of Demeter and Persephone based at Eleusis in ancient Greece Chapters include The Eleusinian Legend The Ritual Of The Mysteries Programme Of The Greater Mysteries The Initiatory Rites and Their Mystical Significance Eleusinian Mysteries Carlton Fulton, 2016-11-19 The Eleusinian Mysteries were initiations held every year for the cult of Demeter and Persephone based at Eleusis in ancient Greece The mysteries represented the myth of the abduction of Persephone from her mother Demeter by the king of the underworld Hades in a cycle with three phases the descent loss the search and the ascent **Initiation into the Mysteries of the Ancient World** Jan N. Bremmer, 2014-07-28 The ancient Mysteries have long attracted the interest of scholars an interest that goes back at least to the time of the Reformation After a period of interest around the turn of the twentieth century recent decades have seen an important study of Walter Burkert 1987 Yet his thematic approach makes it hard to see how the actual initiation into the Mysteries took place To do precisely that is the aim of this book It gives a thick description of the major Mysteries not only of the famous Eleusinian Mysteries but also those located at the interface of Greece and Anatolia the Mysteries of Samothrace Imbros and Lemnos as well as those of the Corybants It then proceeds to look at the Orphic Bacchic Mysteries which have become increasingly better understood due to the many discoveries of new texts in the recent times Having looked at classical Greece we move on to the Roman Empire where we study not only the lesser Mysteries which we know especially from Pausanias but also the new ones of Isis and Mithras We conclude our book with a discussion of the possible influence of the Mysteries on emerging Christianity Its detailed references and up to date bibliography will make this book indispensable for any scholar interested in the Mysteries and ancient religion but also for those scholars who work on initiation or esoteric rituals which were often inspired by the ancient Mysteries Eleusinian Mysteries and Rites Dudley

Cosmopoulos,2015-06-30 For more than one thousand years people from every corner of the Greco Roman world sought the hope for a blessed afterlife through initiation into the Mysteries of Demeter and Kore at Eleusis In antiquity itself and in our memory of antiquity the Eleusinian Mysteries stand out as the oldest and most venerable mystery cult Despite the tremendous popularity of the Eleusinian Mysteries their origins are unknown Because they are lost in an era without written records they can only be reconstructed with the help of archaeology This book provides a much needed synthesis of the archaeology of Eleusis during the Bronze Age and reconstructs the formation and early development of the Eleusinian Mysteries The discussion of the origins of the Eleusinian Mysteries is complemented with discussions of the theology of Demeter and an update on the state of research in the archaeology of Eleusis from the Bronze Age to the end of antiquity

Thomas Taylor, 2019-10-30 In offering to the public a new edition of Mr Thomas Taylor's admirable treatise upon the Eleusinian and Bacchic Mysteries it is proper to insert a few words of explanation These observances once represented the spiritual life of Greece and were considered for two thousand years and more the appointed means for regeneration through an interior union with the Divine Essence However absurd or even offensive they may seem to us we should therefore hesitate long before we venture to lay desecrating hands on what others have esteemed holy We can learn a valuable lesson in this regard from the Grecian and Roman writers who had learned to treat the popular religious rites with mirth but always considered the Eleusinian Mysteries with the deepest reverence The Mysteries of Eleusis comte Eugène Goblet
