Mysteries and Secrets of the Templars Patricia Fanthorpe, 2005-04-09 Unsolved mysteries surround the remarkable men known as the Templars Their ancient origins go back much further than their well known adventures in the Middle East in the twelfth century They knew that ancient secrets were waiting to be rediscovered and perhaps reactivated They could generate labyrinthine codes and decipher those that others had created in the remote past But no real understanding of Templarism is possible without examining what became of their noble order after the treacherous attack of 1307 King Philip le Bel did not succeed in destroying all Templars many escaped including their fleet Where did they go Where are they now What are their continuing purposes today Mysteries of Templar Treasure & the Holy Grail Lionel Fanthrope, Patricia Fanthrope, 2004-08-01 Next to Rosslyn Chapel in Scotland no other place on Earth holds as much esoteric symbolism as France's Rennes le Chateau Its location and design are the subjects of countless rumors myths and legends Mysteries of Templar Treasure and the Holy Grail formerly published as The Secrets of Rennes le Chateau delves into the reality behind the action and adventure of The Da Vinci Code Rennes le Chateau has plenty of secrets buried treasure unsolved murders supernatural powers codes on parchments and tombstones not to mention clues concealed in statues and paintings enigmatic priests who controlled immense wealth and secret societies that are still active today The authors survey the arcane history and secrets of Rennes le Chateau including its relationship to the Merovingian bloodline of Christ The Chateau is a possible location of an immense treasure such as a Templar Cathar or Priory of Sion hoard The final resting place of a famous artifact like the Ark of the Covenant the Spear of Longinus the Emerald Tablets of Hermes Trismegistus or even the Holy Grail The authors also examine Rennes le Chateau's proximity to Cathar and Templar fortresses its mystical layout and its location on the same Paris meridian as so many other esoteric mysteries Extensive appendices in the book offer possible solutions to secret cryptograms point out odd connections and commonalities between Rennes le Chateau and J R R Tolkien's Lord of the Rings and suggest the possibility of fourth dimension tesseract implications **Tannhäuser by Aleister Crowley** Aleister Crowley, Edward Alexander Crowley, 1902 The World's Most Mysterious Places Lionel Fanthorpe, Patricia Fanthorpe, 1999-05 A fascinating compilation of stories about lost lands weird locations and strange sites **Tannhäuser: Poet and Legend** J.
