sapiential knowing to deal with the immensely complex and intricate domains of human relationality Furthermore inquiry into moral discernment methods expands becoming more diverse yet scholarly conversations that engage the vital exigencies as founding moral sensibility seem noticeably insufficient Tragic Humanity and Hope strives to overcome this lack But Ojara also seeks ethical groundings that exceed the language of pragmatic utility and aesthetic preference Foundations of morality cannot exclude questions of the common good and shared moral obligations that free people to reach out to one another with hopes and memories that endow life with shared meaning Through continuity and cohesion that the interlacing of scientific sapiential and moral knowing bring life becomes a marvelous expression of light joy and fervor *Mystery of Being: II.
