Thrall,2020-01-21 *Mystic Moderns* examines the responses of three British authors Evelyn Underhill 1875 1941 May Sinclair 1863 1946 and Mary Webb 1881 1927 to the emerging modernity of the long early twentieth century moment encompassing the First World War As they explored divergent but overlapping understandings of what mystical experience might be these authors rejected claims that modernity s celebration of the secular and rational left no place for the mystical rather they countered sensitivity to a greater reality could both establish and validate personal agency and was integral to their identities as modern women Their preoccupations with the dynamism of human connection drew on prevailing ideas of vital energy or life force developed by Arthur Schopenhauer and Henri Bergson in ways that channeled modernity s erotic energy of change By using their fiction to describe new self authenticating forms of mysticism separate from either the prevailing orthodoxy of establishment Christianity or the extreme heterodoxy of their era s enthusiasm for paranormal experimentation they also contributed to the rise of a generic concept of spirituality *Mystic Moderns* thus offers historical perspective on contemporary claims for self constructed non institutional spiritual experience associated with the claim I m spiritual not religious Working as they did within the shadow of the First World War Underhill Sinclair and Webb were in the end attempting to determine what might be of authentic value for a modern age marked by ubiquitous death While not themselves utopian authors each was touched by her era s complicated hunger for the best of all possible worlds Their constructions of how an individual should be and act in the midst of modernity thus simultaneously projected visions of what that modernity itself should become

Theosophical Path Katherine Augusta Westcott Tingley,1925 *The Triads* J. M. S. Ward,W. G. Stirling,2014-07-10 First published in 2006 Claiming origins in the mysteries of the Shaolin monastery and its martial traditions the Triads are Chinese secret societies that overthrew the Qing Dynasty evolved into organised crime syndicates spread through the Chinese

diaspora and are more powerful now than ever before The symbol of the Triads is a triangle enclosing the characters for heaven earth and man emblematic of the societies far reaching influence and membership involves challenging rites of initiation and the practice of complex rituals little changed over the centuries On one level these practices can be seen simply as the customs of a purely mystical order on another they may be seen as the organising principles by which secret societies continue to operate as powerful political organisations invisible in our midst This classic work the definitive study of the history symbols and secret rituals of the Triads reveals the Triad initiation ritual of the mystical journey sacred Triad signs words and slang the rite of the magic mirror and the oath of blood brotherhood the symbolic decoration of Triad temples Triad magic and the meaning of the sacred objects and ceremonies at the heart of Triad practice in minute detail The authors show that the Triad ritual is a potent mystical allegory with an immense power that can be used for good or ill

Ritual, Myth, and Mysticism in the Work of Mary Butts Foy Roslyn, Roslyn Reso Foy, 2000-01-01 Mary Butts wrote and lived among notable modernist writers such as T S Eliot Ford Madox Ford Jean Cocteau H D and Ezra Pound and was on her way to becoming one of the most respected British female writers of the twentieth century Yet after her death in 1937 at the age of forty six her reputation suffered a decline Butt s idiosyncratic spirituality did not lend itself to easy critical examination modernism was generally considered a masculine endeavor and her papers were not made public for over fifty years The recent acquisition of those papers by the Beinecke Library at Yale University however has brought about a resurgence of interest in her unique writings Mary Butts confronts and reinterprets reality in extraordinary ways and her modernist vision recalls the natural origins and powers of the female divine Her intense dedication to ancient rites and myth and her dabbling in the occult became embedded in her fiction and led to her own brand of mysticism Indeed the Butts heroine is at once healer sacred priestess earth goddess lover and daimon demon In presenting her characters this way Butts valorizes what she calls the soul living at its fullest capacity Roslyn Reso Foy gives us the first sustained critical study of Butts exploring the significance of feminism mysticism and magic in her life and writings Foy s thoughtful analysis combining scholarship with straightforward discussion will serve as an introduction to and foundation for further critical studies of this remarkable female modernist whose work coincides with contemporary concerns and who can no longer be ignored
