Mystic Union:

Mystic Union Nelson Pike,1992 What is it to experience union with God In this highly original and accessible book one of our leading philosophers of religion seeks to answer this question by analyzing the several states of mystic union as they are described and explained in the classical primary literature of the Christian mystical tradition *Mystical Union in Judaism, Christianity, and Islam* Moshe Idel,Bernard McGinn,2016-10-06 Mystics who have spoken of their union with God have come under suspicion in all three major religious traditions sometimes to the point of condemnation and execution in the case of Christianity and Islam Nevertheless in all three religions the tradition of unio mystica is deep and long Many of the spiritual giants of these three faiths have seen the attainment of mystical union as the heart of their beliefs and practices Despite its importance mystical union has rarely been investigated in itself apart from the wider study of mysticism and even more rarely from the aspect of comparative studies especially those based upon broad and expert knowledge of the inner life of the three related monotheistic faiths This text brings together essays that equally explore the broader idea of unio mystica as well as the mystic traditions within each religion **“And They Shall Be One Flesh”: On The Language of Mystical Union in Judaism** Adam Afterman,2016-08-29 In And They Shall Be One Flesh On the Language of Mystical Union in Judaism Adam Afterman offers an extensive study of mystical union and embodiment in Judaism Afterman argues that Philo was the first to articulate the notion of unio mystica in Judaism and is the source of the hen sis mysticism in the later Neoplatonic tradition The study provides a detailed analysis of the Jewish medieval trends that developed different forms of mystical union and mystical embodiment through the divine name and spirit The book argues that the development of unitive mysticism in Judaism is the fruit of the creative synthesis of rabbinic Judaism and Hellenistic and Arab philosophy and a natural outcome of the theological articulation of the idea of monotheism itself **The Graces of Interior Prayer (Des Grâces D'oraison)** Augustin Poulain,1921 **The Graces of Interior Prayer** Augustin Poulain,1912 Difference Dissolved Spencer Perdriau,2014-08-15 You don t need to be a prophet holy man saint or messiah to attain Mystic Union If Unity were not attainable by ordinary man then none of us would have the ability to realize The Eternal Spiritual Mystical Unity is open and available to all regardless of belief or religious preference This is the self realized universal ideal of contemporary mystic Spencer Perdriau In a world that has become so focused on distinction and difference what we need now is collective not personal experience and realization of the underlying Essence that pervades and unifies us all equally That Essence is everywhere and ever present It is the foundation of everything and is the same for us all We may appear separate and different at the surface of life but our essence and foundation is the same and connects us all We are all made of the same stuff of reality and we all exist within the same ocean of reality no matter how different we take it If we all had a glimpse of our essential foundation Our Ultimate Identity that collective realization would create far more peace and equality in our world which so desperately yearns for that remembering and restoration of Unity This little book is devoted to sharing

and inspiring all who have a deep yearning and passion for That In the realization of our Greater Self prejudice and difference dissolves and in that awareness and understanding of our Greater Unity compassion peace and equality has room to flourish once more

The Model of Love Vincent Brümmer, 1993-09-16 Religious believers understand the meaning of their lives and of the world in terms of the way these are related to God The conceptual models whereby this relationship is described therefore play a key role in the conceptual designs which theologians produce to express the faith of the community of believers Vincent Brümmer examines the implications of using the model of love in this context and looks at a number of the most significant views of the nature of love exclusive attention Ortega y Gasset ecstatic union nuptial mysticism passionate suffering courtly love need love Plato Augustine and gift love Nygren All these views are shown to interpret love as an attitude rather than as a relation between persons In the final chapters a relational concept of love is developed and it is shown how all the various attitudes discussed in the previous chapters have a role to play Finally the implications are addressed of using the model of love as a key model in theology

Revelation, Mystical Phenomena and Divine Promises Deacon Albert Graham, 2022-10-05 The reader will be appraised of how God has been speaking to His people through public and private revelation for over 2000 years A special chapter in this work deals with some saints and holy people who have had private revelations about or visits from souls in purgatory hell or heaven Another chapter and several of the appendixes are devoted to Marian Apparitions to include those that are approved not approved and those appending a decision by the Church By far one of the greatest strengths of this undertaking is the identification of some 43 categories of concomitant extraordinary phenomena and some of the saints and holy people who have experienced them Color paintings by artists are depicted of some saints experiencing such mystical phenomena Another unique feature of the book is a listing of some 600 individuals from the 13th to the 21st centuries who bore the stigmata By knowing that God is present and alive to His people this book may help bring others to a deeper faith in God

Stoker, 2022-01-04 Studies in Theology and Religion 10 In this volume fourteen philosophers of religion reflect on religious views of the good life Some authors focus on positive religion and its specific religious representations of the good life while others abstract from these and focus on philosophical religion and its conceptual articulations of the good life The tension between positive religion and philosophical religion between representation and concept is itself also analyzed This volume is a result of the co operation of the philosophers of religion who are senior members of the Netherlands School for Advanced Studies in Theology and Religion NOSTER Religion and the Good Life Religion and the Good Life Introduction Marcel Sarot Utrecht and Wessel Stoker Amsterdam PART I THE RELATIONSHIP BETWEEN REPRESENTATION AND CONCEPT The Tension between Representation and Concept as a Challenge for Philosophy of Religion Peter Jonkers Utrecht Beyond Representation and Concept The Language of Testimony R D N van Riessen Kampen PART II THE TENSION BETWEEN REPRESENTATION AND CONCEPT Seduction and Guidance Some Remarks on the Ambiguities of Reason and Reflective Thought in Connection with Religion and the Good Life W Dupr Nijmegen The Good Life is Historical Ben Vedder Nijmegen The Quality of Life Comic Vision in Charles Dickens and Iris Murdoch Henry Jansen Amsterdam Narrative Atonement and the Christian Conception of the Good Life Gijsbert van den Brink Leyden Myths and the Good Life Ricoeur s Hermeneutical Approach to Myth Wessel Stoker Amsterdam Bhajans and their Symbols Religious Hermeneutics of the Good Life Hendrik M Vroom Amsterdam PART III REPRESENTATIONS OF THE GOOD LIFE Models of the Good Life Marcel Sarot Utrecht The Highest Good and the Kingdom of God in the Philosophy of Kant A Moral Concept and a Religious Metaphor of the Good Life Donald Loose Tilburg Rotterdam Jacques Derrida and Messianity Victor Kal Amsterdam Skepticism and the Meaning of Life Michael Scott Manchester Ultimate Happiness and the Love of God Vincent Br mmer Utrecht Human Being and the Natural Desire for God Reflections on the Natural and the Supernatural Eef Dekker Utrecht Atonement, Christology and the Trinity Vincent Brmmer, 2020-10-07 For many believers today the doctrines of Atonement Christology and the Trinity seem like puzzling constructions produced by academic theologians They are cast in unintelligible forms of thought derived from Platonism or from feudal society and for many their existential relevance for life today remains unclear This book introduces these doctrines and proposes a reinterpretation in the light of the claim of many Christian mystics that ultimate happiness is to be found in enjoying the loving fellowship of God This claim is a matrix of faith in terms of which these doctrines are shown to be relevant for the life of faith of believers today Furthermore since this matrix can be defended within all three Abrahamic traditions Judaism Christianity and Islam the proposed understanding of these doctrines can also contribute usefully to the necessary dialogue between these traditions in a globalised world
