Mystic Trends In Judaism:

Mystic Trends in Judaism Arnold Posy,1966 **Major Trends in Jewish Mysticism** Gershom Scholem,1995-05-02 A collection of lectures on the features of the movement of mysticism that began in antiquity and continues in Hasidism today

Gershom Scholem's Major Trends in Jewish Mysticism 50 Years After Peter Schäfer,Joseph Dan,1993 Sponsored by the Gershom Scholem Center for the Study of Jewish Mysticism *Major Trends in Jewish Mysticism* Gershom Gerhard Scholem,1965 Reflections on the Evolution of Jewish Mysticism Dr. Martin Sicker,2021-12-05 It has been asserted that monotheism in the Jewish tradition has long been understood both exoterically and esoterically In the exoteric Scripture based rabbinic tradition monotheism is the belief in a one and only God a belief which goes hand in hand with the affirmation of distinct individual and divine existences so that there is a dualism between humanity and God In the esoteric or mystic tradition this dualism is overcome by a conception of monotheism in which God is One not only in his Lordship but also in his universal reality That is God is the only reality so that everything which exists is in essence an aspect of divinity Jewish mysticism has both a devotional or practical and an intellectual or speculative side On its devotional side it emphasizes those aspects of the biblical precepts which serve to promote direct communion between the worshipper and God On its speculative side it is especially concerned with outlining and bringing into relief the link or links between God and man or more generally between the Creator and the universe The focus of this study is on the questions of how and why Jewish mysticism arose and underwent a variegated evolution throughout much of the history of the Jewish people from remote antiquity to the present day **Jewish Mysticism** ,2001-01-01 Presents a historical overview of the movements and trends in Jewish mysticism including Hekhaloth mysticism classical and Lurianic Kabbalah Shabbetai Zevi and Hasidism seeking to define and explain how the various currents of tradition throughout the centuries are related Original **The Evolution of Judaism from Ezra to the Present** Martin Sicker,2019-07-15 Pharisaic Judaism discussed in part 1 of this study was an inseparable element in the political history of the Second Hebrew Commonwealth With the destruction of the Second Temple in Jerusalem along with the skeleton of what was once a Jewish state Judaism entered a period of crisis far more severe than experienced with the destruction of the First Temple along with the First Hebrew Commonwealth Pharisaic Judaism integral to the now nonexistent Jewish state of necessity gave way to Rabbinic Judaism which as a minority religious culture took root primarily in the enclaves of Jews strewn throughout the diaspora with little or mostly no control over their very existence And in the absence of a centralized religious authority such as the Sanhedrin in the Temple complex Jewish communities throughout the Diaspora developed different religious customs traditions and in some instances belief systems all nominally based on the core teachings of Scripture Part 2 of this study of the evolution of Judaism from Ezra to the present day will attempt to trace significant developments along that evolutionary path from the transition from Pharisaic to Rabbinic Judaism that is Judaism as understood by the different schools of rabbis as decisors scholars and teachers over the past two millennia

Mystical Union in Judaism, Christianity, and Islam Moshe Idel, Bernard McGinn, 2016-10-06 Mystics who have spoken of their union with God have come under suspicion in all three major religious traditions sometimes to the point of condemnation and execution in the case of Christianity and Islam Nevertheless in all three religions the tradition of unio mystica is deep and long Many of the spiritual giants of these three faiths have seen the attainment of mystical union as the heart of their beliefs and practices Despite its importance mystical union has rarely been investigated in itself apart from the wider study of mysticism and even more rarely from the aspect of comparative studies especially those based upon broad and expert knowledge of the inner life of the three related monotheistic faiths This text brings together essays that equally explore the broader idea of unio mystica as well as the mystic traditions within each religion

Essential Essays on Judaism Eliezer Berkovits, 2002 The essay Faith after the Holocaust pp 315 332 is an excerpt from his book Faith after the Holocaust New York Ktav 1973

Major Trends in Jewish Mysticism Gershom Scholem, 1946

Apocalypticism and Mysticism in Ancient Judaism and Early Christianity John J. Collins, Pieter G. R. Villiers, Adela Yarbro Collins, 2018-09-24 The nature and origin of Jewish mysticism is a controversial subject This volume explores the subject by examining both the Hebrew and Aramaic tradition Dead Sea Scrolls 1 Enoch and the Greek philosophical tradition Philo and also examines the Christian transformation of Jewish mysticism in Paul and Revelation It provides for a nuanced treatment that differentiates different strands of thought that may be considered mystical The Hebrew tradition is mythical in nature and concerned with various ways of being in the presence of God The Greek tradition allows for a greater degree of unification and participation in the divine The New Testament texts are generally closer to the Greek tradition although Greek philosophy would have a huge effect on later Christian mysticism The book is intended for scholars and advanced students of ancient Judaism and early Christianity

Major Trends in Jewish Mysticism G.G. Scholem, 1955

Aspects of Jewish Metarational Thought Martin Sicker, 2005 Judaism has always had adherents that driven by both awe and love of God strove to penetrate the mystery of divine wisdom and grasp what the philosopher deemed to be beyond the reach of man's rational faculty as well as to explore other mysteries that seem to leap out from the pages of Scripture These metarational leaps of intellect and imagination generally fit into the categories of the exoteric and the esoteric referring to teachings traditionally considered suitable for public instruction and those deemed inappropriate for such purpose The exoteric includes those attempts at intellectually and spiritually bridging the gap between God and man that one finds strewn throughout the pages of the classical literature of Judaism The esoteric includes those speculations and practices that have been more or less systematized and formulated and presented as mystical doctrines that have been characterized since the Middle Ages as Kabbalah The opening chapters of Aspects of Jewish Metarational Thought consider the question of the relationship between finite man and the unknowable God and how the divine human communication essential to that relationship takes place Other chapters consider the purpose behind human existence and the critical aspects of the biblical account of the creation

issues relating to the idea of a visionary ascent to the celestial realm the influence of metarational considerations on normative Jewish religious practice and the special attributes believed to inhere in the Hebrew language and the role that these have played in metarational biblical interpretation from antiquity to the present On the Mystical Shape of the Godhead Gershom Scholem, 2011-03-30 Scholem's treatment is complex and stylistically brilliant as he systemically analyzes the history and intellectual background of these critical ideas Highly recommended Library Journal From Martyr to Mystic Ra'anan S. Boustan, 2005 This study provides a critical analysis of Nurcholish Madjid's attempt to interpret Islam within the framework of modern Indonesia Special attention is paid to his ideas and activities during the years leading to the 1998 downfall of President Soeharto and the development towards democracy that followed Although many of these ideas have been embraced by significant sectors of official Indonesia they have also received harsh criticism from the representatives of more conservative interpretations of Islam and more recently from secular Muslims as well BOOK JACKET

Dynamics of Monotheism in Late Antiquity Guy G. Stroumsa, 2025-07-08 From early Christianity to the emergence of Islam the long late antiquity denotes a truly revolutionary period in the history of religions In many ways religious ritual patterns and theological worldviews were then radically transformed throughout the Near East and the Mediterranean In particular the traditional polytheistic systems collapsed giving way to various forms of monotheism and dualism In *Dynamics of Monotheism in Late Antiquity* Guy G. Stroumsa seeks to analyze this multifaceted revolution as a whole rather than focusing as is usually the case on distinct religious communities and traditions such as Judaism Zoroastrianism Gnosticism Christianity Manichaeism and earliest Islam Many of the elements of religious change in our period can be perceived as a *praeparatio coranica* as it were as they set the scene for the advent of Islam The thrust of the book is to identify the key dynamics through which religious change happened in the kaleidoscope of religious conceptions The analysis emphasizes the dialectics between monotheist and dualist perceptions and systems It will also seek to identify the core elements of the Abrahamic religions in the making Imagery Techniques in Modern Jewish Mysticism Daniel Reiser, 2018-07-09 This book analyzes and describes the development and aspects of imagery techniques a primary mode of mystical experience in twentieth century Jewish mysticism These techniques in contrast to linguistic techniques in medieval Kabbalah and in contrast to early Hasidism have all the characteristics of a full screenplay a long and complicated plot woven together from many scenes a kind of a feature film Research on this development and nature of the imagery experience is carried out through comparison to similar developments in philosophy and psychology and is fruitfully contextualized within broader trends of western and eastern mysticism **Jewish Mysticism** Marvin A. Sweeney, 2020-03-26 Questions of how the divine presence is understood and interacts within the world have been around since the time of the biblical prophets The Jewish mystical tradition conceives God as active just powerful and present while allowing for divine limitation so as to understand the relationship between God and the Jewish people in their history Jewish Mysticism surveys Jewish visionary and mystical

experience from biblical and ancient Near Eastern times through the modern period and the emergence of modern Hasidism Marvin Sweeney provides a comprehensive treatment of one of the most dynamic fields of Jewish studies in the twenty first century providing an accessible overview of texts and interpretative issues Sweeney begins with the biblical period which most treatments of Jewish mysticism avoid and includes chapters on the ancient Near East the Pentateuch the Former Prophets and Psalms the Latter Prophets Jewish Apocalyptic the Heikhalot Literature the Sefer Yetzirah and early Kabbalistic Literature the Zohar Lurianic Kabbalah and the Shabbetean Movement and the Hasidic Movement Placing Jewish apocalyptic literature into the larger development of ancient Jewish visionary and mystical experience Sweeney fills gaps left by the important but outdated work of others in the field Ideal for the scholar student or general reader Jewish Mysticism provides readers with a fresh understanding of the particular challenges problems needs and perspectives of Judaism throughout its history

A Gathering of Angels Morris B. Margolies, 2000-03-31 A Gathering of Angels Angels in Jewish Life and Literature looks at Jewish history in a unique way through the eyes of angels A rabbi and a scholar Morris B Margolies pores through nearly three thousand years of literature and lore in an enlightening exploration of the angels who shape and reflect Jewish beliefs hopes and fears

Perspectives on Jewish Thought and Mysticism Alfred L. Ivry, Elliot R. Wolfson, Allan Arkush, 2013-10-28 First Published in 1998 This is the proceedings of the International Conference held by The Institute of Jewish Studies University College London 1994 in Celebration of its Fortieth Anniversary Dedicated to the memory and academic legacy of its Founder Alexander Altmann
