

THE MYSTICAL BODY OF CHRIST

REV. FRIEDRICH JURGENSMEIER, D. D.

Mystical Body Of Christ As The Basic Pri

Philip Freeman

Mystical Body Of Christ As The Basic Pri:

Archival Material Robert M. Doran, John D. Dadosky, 2019-11-06 In order to correctly assess Lonergan's life's work it is crucial to have a familiarity with his early forays into speculative philosophical and theological matters as presented in this volume

The Active Participation of the Faithful in the Eucharist on the Basis of Common Priesthood Stella Adamma Nneji, 2018-06-15 One of the significant points of the Second Vatican Council is its emphasis on the status of the lay faithful in the church which includes active participation in the life of faith. The council spoke of the active participation of all the faithful in liturgical celebrations on the basis of the common priesthood of the faithful which is conferred during baptism and through which every believer shares in the priestly, kingly and prophetic offices of Christ. In this book Stella Nneji develops an ecclesiological critical reflection on the teaching of the Second Vatican Council with regard to active participation. Focusing especially on the church as people of God, Nneji shows how the idea of participation is not merely a passive action but an active one. Based on the ecclesiological reflection on the church as people of God and its relevance for active participation, she maintains that Vatican II's vision on active participation is relevant to the upbuilding of the body of Christ church. This vision integrates a critical thinking especially regarding those places where the implementation of Vatican II's teachings seems difficult.

Principles of Sacred Liturgy Christopher Carstens, 2020-01-27 Jesus saving Paschal work continues today in the liturgy and sacraments. They have the power to sanctify and beatify those who engage the liturgy with proper minds and hearts. In this comprehensive and accessible book, Christopher Carstens opens up the ritual elements mystagogically; that is, he leads participants from what they can sense—a calendar day, a musical instrument and word—to what is otherwise undetectable: Jesus Christ. He examines the core meaning of each liturgical element in creation, in the culture, in the Old Testament, in Christ and in heaven. This book is an excellent resource for pastors, seminarians, permanent deacons and deacon candidates, lay ministers and parish liturgy coordinators.

Jean Gerson: Principles of Church Reform Louis B. Pascoe, 2022-04-25

Archival Material Lonergan Research Institute, 2019-09-10 In the mid to late 1930s while he was a student at the Gregorian University in Rome, Bernard Lonergan wrote a series of eight essays on the philosophy and theology of history. These essays foreshadow a number of the major themes in his life's work. The significance of these essays is enormous, not only for an understanding of the later trajectory of Lonergan's own work but also for the development of a contemporary systematic theology. In an important entry from 1965 in his archival papers, Lonergan wrote that the mediated object of systematics is *Geschichte* or the history that is lived and written about. In the same entry, he stated that the doctrines that this systematic theology would attempt to understand are focused on redemption. The seeds of such a theology are planted in the current volume where the formulae that are so pronounced in his later work first appear. Students of Lonergan's work will find their understanding of his philosophy profoundly affected by the essays in this volume.
