What is Reality? Ervin Laszlo, 2016-10-04 Ervin Laszlo's tour de force *What is Reality* is the product of a half century of deep contemplation and cutting edge scholarship. Addressing many of the paradoxes that have confounded modern science over the years, it offers nothing less than a new paradigm of reality, one in which the cosmos is a seamless whole informed by a single coherent consciousness manifest in us all. Bringing together science, philosophy, and metaphysics, Laszlo takes aim at accepted wisdom such as the dichotomies of mind and body, spirit and matter, being and nonbeing, to show how we are all part of an infinite cycle of existence unfolding in spacetime and beyond. Augmented by insightful commentary from a dozen scholars and thinkers along with a foreword by Deepak Chopra and an introduction by Stanislov Grof, *What is Reality* offers a fresh and liberating understanding of the meaning and purpose of existence.

Abba's Whisper Alan Davey, Elizabeth Davey, 2017-01-18 There is a longstanding tradition that God whispers in our ears. He does not shout. It is in the holy whisper, writes the Quaker mystic, that we hear Abba's voice, not in the noise of clamoring crowds or the incessant barrage of social media. To hear the voice of God is an awesome thing, to know his thoughts, to intuit his love, to participate in his good pleasure. It is both a gift to be received and art to be cultivated. It can call to us when we least expect it, but we can train ourselves to become receptive listeners. We need help to separate the cacophony of voices calling to us from the quiet whisper of Abba, barely audible. Since our wordy world masks the quiet, respectful voice of God, we need to recognize the primary ways that Abba communicates with his creation. We must embrace practices that move us out of lives of distraction and exchange old patterns of living with new ways of seeing and hearing. From our deep Christian past, we hear the voice of St. Augustine murmur, "Whisper in my heart, I am here to save you. I shall hear your voice and make haste to clasp you to myself."

Going Deeper Jean-Claude Gerard Koven, 2006 In the aftermath of 9/11, Larry, a successful young Los Angeles lawyer, and his dog Zeus negotiate a life-changing two and a half day odyssey that leads them to Joshua Tree National Park. There, Larry encounters an array of unlikely teachers, including talking trees and stones, white buffaloes, and a rap-spouting raccoon. These unorthodox characters mock conventional wisdom with irreverent humor to reveal to him the backstage mechanics of Creation. Larry, for the first time, understands who he really is and why he has chosen to be born on Earth at this precise time. He also comes to appreciate the perfection of the Great Experiment and the extraordinary possibilities awaiting the human race should it awaken before it's too late.

Breaking Through the Stained Glass Ceiling Maureen Fiedler, 2010-05-01 This collection of lively Q & A interviews with key contemporary female religious leaders focuses not only on the discrimination faced by women in religion but documents the emerging leadership of women in several faith traditions.

The American Soul Rush Marion Goldman, 2012-01-01 Yoga, Humanistic Psychology, Meditation, Holistic Healing. These practices are commonplace today. Yet before the early 1960s, they were atypical options for most people outside of the upper class or small groups of educated spiritual seekers. Esalen Institute, a retreat for spiritual and personal growth in Big Sur, California, played a pioneering role in popularizing quests for self

transformation and personalized spirituality This soul rush spread quickly throughout the United States as the Institute made ordinary people aware of hundreds of ways to select combine and revise their beliefs about the sacred and to explore diverse mystical experiences Millions of Americans now identify themselves as spiritual not religious because Esalen paved the way for them to explore spirituality without affiliating with established denominations The American Soul Rush explores the concept of spiritual privilege and Esalen s foundational influence on the growth and spread of diverse spiritual practices that affirm individuals self worth and possibilities for positive personal change The book also describes the people narratives and relationships at the Institute that produced persistent almost accidental inequalities in order to illuminate the ways that gender is central to religion and spirituality in most contexts **Mystical Dogs** Jean Houston,19?? *Library Journal* ,2002
