Mystical Society An Emerging Social Vision:

Mystical Society Philip Wexler, 2018 In *Mystical Society* Philip Wexler a well known critical theorist with a background in social psychology and a special interest in spirituality examines the revitalization of spirituality manifesting itself in society and in education Describing what he calls cultural changes toward the sacred he documents a cultural shift brought about by technological and societal changes toward a new mysticism Wexler explores the meaning for this new spirituality for our daily lives for social theory and for education From the pervasiveness of a spiritual vernacular to the integration of spiritual practices into our highly individualized and technologized lives Wexler lays out the evidence for a growing movement and then draws parallels to periods of mystical revitalization from the past In the course of this discussion he draws on the work of Marx Weber and Durkheim as well as from contemporary social theory Provided by publisher **Mystical Society** Philip Wexler, 2000-11-27 Cover Half Title Title Copyright Contents Acknowledgments 1 Prologue A New Society Religion Sociology Education Interaction Structure Discourse and Being Mysticism Analysis and Utopia 2 Society Informationalism Mysticism Revitalization Informational Society Religion and Mysticism Revitalization Examples 3 Self Reselling Immortal Self Eliade and Hasidism Reselling Classical Sociology Religion Power and Self Postmodern Self in Society Melucci and Foucault A Typology of Reselling Self and Structure 4 Criticism From Culture to Being Lasch Social Criticism and the Sacred Gnosticism and the New Age Social Ethic of Being Frankfurt School Embodied Criticism Phantasms and Energy 5 Social Theory From Society to Cosmos The Social Social Energy Beyond Dualism Reintegration Education As Embodied Mediation From the Social to the Cosmic 6 Education From Postmodernism to Ethnography of Being Educational Research Context of Educational Research Mystical Education School Ethnography of Being Prophetic Education 7 Social Interaction From Alienation to Mysticism Destruction Creation American Religion Drugs Nature Immanence William James Over the Threshold to Mystical Revitalization Hindu Tantrism New Old Dynamics of Embodied Mystical Mediation Hasidism Individual Redemption and Collective Messianism Secular Mysticism 8 Epilogue Mystical Sociology and Beyond Mystical Sociology Self Social Interaction Society Pedagogy of Revitalization Forgotten Things References Index *Mystical Society* Philip Wexler, 2018-03-05 In *Mystical Society* Philip Wexler a well known critical theorist with a background in social psychology and a special interest in spirituality examines the revitalization of spirituality manifesting itself in society and in education Describing what he calls cultural changes toward the sacred he documents a cultural shift brought about by technological and societal changes toward a new mysticism Wexler explores the meaning for this new spirituality for our daily lives for social theory and for education From the pervasiveness of a spiritual vernacular to the integration of spiritual practices into our highly individualized and technologized lives Wexler lays out the evidence for a growing movement and then draws parallels to periods of mystical revitalization from the past In the course of this discussion he draws on the work of Marx Weber and Durkheim as well as from contemporary social theory **A Sociology of Spirituality** Peter C. Jupp, 2016-03-16

The emergence of spirituality in contemporary culture in holistic forms suggests that organised religions have failed This thesis is explored and disputed in this book in ways that mark important critical divisions This is the first collection of essays to assess the significance of spirituality in the sociology of religion The authors explore the relationship of spirituality to the visual individualism gender identity politics education and cultural capital The relationship between secularisation and spirituality is examined and consideration is given to the significance of Simmel in relation to a sociology of spirituality Problems of defining spirituality are debated with reference to its expression in the UK the USA France and Holland This timely original and well structured volume provides undergraduates postgraduates and researchers with a scholarly appraisal of a phenomenon that can only increase in sociological significance American Post-Judaism Shaul Magid,2013-04-09 Articulates a new post ethnic American Jewishness **The Cambridge Companion to Sufism** Lloyd Ridgeon,2015 This book traces the evolution of Sufism from the formative period to the present *Tourism Research Frontiers* Donna Chambers,Tijana Rakic,2015-07-23 This volume has as its central theme the presentation of original papers which seek to critique deconstruct and go beyond existing research and knowledge frontiers in tourism The text also includes debates on the value of tourism research at the institutional level and discussions of tourism research agendas which still remain under or unexplored *Beyond Sociology* Ananta Kumar Giri,2017-12-20 This book explores the contours of a transformational sociology which seeks to reconsider the horizons of sociological imagination It questions accepted modernist assumptions such as the equation of society and nation state the dualism of individual and society and that of ontology and epistemology Arguing that contemporary sociology suffers from what Ulrich Beck calls the Nato like fire power of western sociology it argues that sociology has to open itself to transcivilizational dialogues and planetary conversations about self culture and society The book also challenges scholars to go beyond a privileging of the post traditional telos of modernist sociology and puts forward a foundational interrogation of modernist sociology It underscores the limitations of established conventions of sociology and considering an alternative sociology based upon Confucian vision and practice of self transformation This collection offers a way to go beyond dominant structures of modern sociology and contemporary dominant ways of thinking about and doing sociology helping us cultivate a transdisciplinary sociology *Religions of Modernity* Stef Aupers,Dick Houtman,2010-07-07 Religions of Modernity challenges the social scientific orthodoxy that once unleashed the modern forces of individualism science and technology inevitably erode the sacred and evoke the profane The book s chapters some by established scholars others by junior researchers document instead in rich empirical detail how modernity relocates the sacred to the deeper layers of the self and the domain of digital technology Rather than destroying the sacred tout court then the cultural logic of modernization spawns its own religious meanings unacknowledged spiritualities and magical enchantments The classical theoretical accounts of modernity by Max Weber Emile Durkheim and others it is argued in the introductory chapter already hinted that there s a future for such religions of modernity

[Working with Critical Realism](#) Alpesh Maisuria,Grant Banfield,2022-12-30 This international and interdisciplinary collection gathers stories from researchers and research students about their methodological

encounters with critical realism Whether the contributors are experienced or novice researchers they are predominantly new to critical realism For various reasons as the contributors detail they have all been drawn to critical realism It is well known that critical realism can be bewildering and even overwhelming to newcomers especially to those unfamiliar with language of and without a grounding in philosophy While there are now numerous and important introductory and applied critical realist texts that make critical realism more accessible to a broader audience stories from newcomers have been absent especially as part of a single collection The significance and uniqueness of this collection lies in its documentation of first hand reflective insights on the practical use and implementation of critical realism The contributors feature critical realist inspired research journeys in Australia England Scotland Belgium Sweden and Spain The hope of this book is that the stories and accounts presented in it will inspire or at least sufficiently arouse the curiosity of others to explore critical realist possibilities which we believe offer enormous value to serious researchers across and within all disciplines and subjects who are

interested in rigorous intellectual work with a socially progressive purpose **Economics of Religion** Lionel Obadia,Donald C. Wood,2011-10-25 Explores the fresh paradigms of religious economics and economies of religion under the scope of transdisciplinary and international perspectives This title examines and appraises some of the theoretical

developments and methodological innovations in religious and social sciences *Epistemologies of Ignorance in Education* Erik Malewski,Nathalia Jaramillo,2011-03-01 Epistemologies of Ignorance provide educators a distinct epistemological view on questions of marginalization oppression relations of power and dominance difference philosophy and even death among our youth The authors of this edited collection challenge the ambivalence ignorance found in the construction of curriculum teaching practices research guidelines and policy mandates in our schools Further ignorance is also considered a necessary by product of knowledge production In this sense the authors explore not only issues of complicity but also issues of oppression in spite of educators liberatory intentions While this is the first systematic effort to transfer epistemologies of ignorance to the educational scene this movement has its roots in race class gender and sexuality studies particularly the work of Charles Mills Eve Kosofsky Sedgwick Shannon Sullivan and Nancy Tuana It is our unequivocal belief that while this is transformative and powerful scholarship the study of ignorance remains understudied and under theorized in education scholarship from curriculum studies and cultural foundations to science education and educational psychology This collection highlights without apology why this dangerous state of affairs cannot continue **Exploring Self toward expanding**
