*Sacred Encounter* Lisa L. Grushcow, 2014-03-01 This wide ranging anthology takes a close look at the breadth of human sexuality from a Jewish perspective The essays begin with a look at biblical and rabbinic views on sexuality and then proceed to explorations of sexuality at different moments in the life cycle sexuality and the marital model diverse expressions of sexuality examples of sexuality education the nexus of sexuality and theology and the challenges of contemporary sexual ethics The Sacred Encounter is a thought provoking and important Jewish resource Perfect for personal study or for high school or adult classes Published by CCAR Press a division of the Central Conference of American Rabbis

*Mystifying Kabbalah* Boaz Huss, 2020-09-10 Most scholars of Judaism take the term Jewish mysticism for granted and do not engage in a critical discussion of the essentialist perceptions that underlie it Mystifying Kabbalah studies the evolution of the concept of Jewish mysticism It examines the major developments in the academic study of Jewish mysticism and its impact on modern Kabbalistic movements in the contexts of Jewish nationalism and New Age spirituality Boaz Huss argues that Jewish mysticism is a modern discursive construct and that the identification of Kabbalah and Hasidism as forms of mysticism which appeared for the first time in the nineteenth century and has become prevalent since the early twentieth shaped the way in which Kabbalah and Hasidism are perceived and studied today The notion of Jewish mysticism was

established when western scholars accepted the modern idea that mysticism is a universal religious phenomenon of a direct experience of a divine or transcendent reality and applied it to Kabbalah and Hasidism Jewish mysticism gradually became the defining category in the modern academic research of these topics This book clarifies the historical cultural and political contexts that led to the identification of Kabbalah and Hasidism as Jewish mysticism exposing the underlying ideological and theological presuppositions and revealing the impact of this mystification on contemporary forms of Kabbalah and Hasidism

*Martin Buber's Social and Religious Thought* Laurence J. Silberstein, 1990-12 Moore focuses on Buber's central message about what it means to be a human being a person of faith and what mankind can do to overcome the eclipse of God Shofar Solid well researched and sympathetic might well spur a person to go back and read Buber Commonwealth *Mystic in the New World: Marie de l'Incarnation (1599-1672)* Anya Mali, 2021-11-01 As one of the first female missionaries to the New World and the author of a classic mystical autobiography Marie de l'Incarnation has long been seen as an exemplary type reflecting the mood and aims of the Catholic Reformation In contrast to studies which portray her against the backdrop of religious trends in Catholic Reformation France this book argues that the New France wilderness was the crucial context for the formation of her spiritual identity Marie de l'Incarnation brought her traditional notions to bear on her encounter with the Amerindians but was soon compelled to adjust her views on the natives and the nature of religious experience A close textual analysis of her writings makes it clear that her mysticism was informed by the images of her tradition but also gave new meaning to old concepts Beyond its relevance for those interested in this mystic the book addresses the broader issue of shifting attitudes and boundaries in early modern religious life and demonstrates the need for more variegated typologies of mystical experience in studies on spiritual literature *Routledge Library Editions: Occultism* Various, 2022-07-30 The volumes in this set originally published between 1978 and 1992 draw together research by leading academics in the area of the occult and provide a rigorous examination of related key issues The collection examines occultism from a broad range of disciplines from shamanism and the occult tarot to the esoteric and spiritualism It includes volumes across the disciplines of religion covering new religious movements spiritualism ritual and magic practices The three books that comprise this set include investigations into the evolution of occultism as well as the history and practices of the occult as a religious movement This collection brings back into print insightful and detailed books and will be a must have resource for academics and students not only of religion and anthropology but also of history and psychology *Comparative Mysticism* Steven T. Katz, 2013 This collection of primary texts introduces readers to the mystical literature of the world's great religious traditions Beginning with an introduction by Steven T Katz a leading scholar of mysticism the anthology comprises poetry prayer narrative and other writings from Jewish Christian Muslim Hindu Buddhist Taoist Confucianist and Native American traditions This collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition *Comparative Mysticism* shows how the great mystical traditions of the

world are deeply rooted in the religious traditions from which they originated The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common Despite the prevailing view that mystical traditions throughout the world are essentially similar the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals The writings collected in *Comparative Mysticism* address the most fundamental and important methodological epistemological and hermeneutical questions regarding the study and interpretation of mysticism and mystical sources across cultures This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come

The Occult Sourcebook Nevill Drury, Gregory Tillett, 2019-09-10 Originally published in 1978 The Occult Sourcebook has been compiled primarily for the many people who are for the first time becoming engrossed by the numerous and often confusing possibilities underlying the occult sciences It consists of a series of articles on key areas providing the reader with easy access to basic facts together with a carefully planned guide to further reading Critical comments on the recommended books allow the reader to select those which best suit their interests The authors have also included a Who's Who of the occult to provide short biographies of some of the more amazing figures who have already travelled down the mystic path The book offers a programmed system of exploration into the realms of the unknown It will be invaluable to the increasing number of people who are concerned with the exploration of enlarging human consciousness *Paul: Christianity's Premier Apostolic Mystic* Harvey D. Egan, 2021-03-26 Harvey Egan argues that the apostle Paul was Christianity's earliest mystic and the world's greatest missionary one whom scholars estimate walked over fifteen hundred miles not to mention his dangerous sea journeys to plant the flag of Lord Jesus in Roman colonies where Caesar was supposedly lord This book stresses Paul's mystical consciousness and mystical life the explicit and direct consciousness of the immediate and direct presence of the Trinity and of Jesus Messiah It underscores mystical experience not only as discrete individual experiences but also as experience in the sense that an experienced musician instinctively knows and loves music From the light issuing from the risen Jesus Messiah whom he encountered on the Damascus road Paul mystically read the Jewish Scriptures and comprehended that God consummated Israel's history through the sending of Jesus Messiah and the Holy Spirit Paul's letters are paradigmatic of the earliest use of the word mystical that is how the Jewish Scriptures disclose Jesus Messiah Thus Paul the zealous Jewish Pharisee grew to understand Christianity as Judaism perfected **Divine-Human Encounter** Harold Kasimow, 2024-05-30 In his seminal work *God in Search of Man* Heschel illustrates three paths to God and provides a practical guide for how the modern mind can open itself to God or more precisely through which the contemporary mind can respond to a God who is in search of human beings In this book Harold Kasimow clarifies the meaning of Heschel's path to God by devoting one chapter to each of the three aspects of this path Using this path to God in its three aspects as an organizing principle this book illustrates how Heschel's thought presents a balance between the rational and mystical poles

of the Jewish tradition A careful content analysis of his thinking reveals that Heschel is an authentic Jewish voice who presents an accurate Jewish theology The first chapter is devoted to the Hasidic influence on Heschel which Kasimow feels is most important for understanding Heschel s thought The final chapter focuses on Heschel s unique attitude toward Asian religious traditions which are becoming critical for authentic religious dialogue today Religious Experience and the Knowledge of God Harold A. Netland,2022-02-08 For many Christians personal experiences of God provide an important ground or justification for accepting the truth of the gospel But we are sometimes mistaken about our experiences and followers of other religions also provide impressive testimonies to support their religious beliefs This book explores from a philosophical and theological perspective the viability of divine encounters as support for belief in God arguing that some religious experiences can be accepted as genuine experiences of God and can provide evidence for Christian beliefs

Hasidism David Biale,David Assaf,Benjamin Brown,Uriel Gellman,Samuel Heilman,Moshe Rosman,Gadi Sagiv,Marcin Wodziński,2017-12-11 The first comprehensive history of the pietistic movement that shaped modern Judaism This is the first comprehensive history of the pietistic movement that shaped modern Judaism The book s unique blend of intellectual religious and social history offers perspectives on the movement s leaders as well as its followers and demonstrates that far from being a throwback to the Middle Ages Hasidism is a product of modernity that forged its identity as a radical alternative to the secular world Hasidism originated in southeastern Poland in mystical circles centered on the figure of Israel Ba al Shem Tov but it was only after his death in 1760 that a movement began to spread Challenging the notion that Hasidism ceased to be a creative movement after the eighteenth century this book argues that its first golden age was in the nineteenth century when it conquered new territory won a mass following and became a mainstay of Jewish Orthodoxy World War I the Russian Revolution and the Holocaust decimated eastern European Hasidism But following World War II the movement enjoyed a second golden age growing exponentially Today it is witnessing a remarkable renaissance in Israel the United States and other countries around the world Written by an international team of scholars Hasidism is a must read for anyone seeking to understand this vibrant and influential modern Jewish movement **Alternative Conceptions of the**

*The Mystic Way in Postmodernity* Sue Yore, 2009 This book challenges experiential esoteric and colloquial understandings of mysticism by bringing a fresh relevance to the term through an interdisciplinary dialogue between literature mysticism and theology in the context of postmodernity In order to achieve this the author takes selected writings

of Iris Murdoch Denise Levertov and Annie Dillard and incorporates them into various stages of a redesigned mystic way The fourteenth century mystic Julian of Norwich is invoked throughout as a role model whom these three writers seek to emulate as popular writers contemplatives and theologians As theologians who are concerned with the pressing issues of our age Grace Jantzen Dorothee Soelle and Sallie McFague are drawn on as conversation partners to complete the three way discussion The author maintains that understanding the writing and reading of creative texts in the context of practical mysticism facilitates an integrated approach to the use of literature for theological expression **Psychedelic Humanities** Erika Dyck, Tehseen Noorani, Nicolas Langlitz, Alex Dymock, Anne Katrin Schlag , Oliver Davis, 2024-06-19 Psychedelics are part of a resurgence of interest in consciousness studies especially as altered states of consciousness are being re examined in the context of psychedelic assisted therapies To date discussions about psychedelics in modern medicine have been dominated by studies in biomedicine However given that cultural factors play a significant role in the subjective effects of psychedelics psychedelics can be considered a uniquely powerful point of convergence between the cultural and biomedical Writers and artists alongside psychiatrists and pharmacologists have participated in shaping the psychedelic experience by drawing on a rich set of approaches that blend narrative arts and humanities concepts to explain and interpret psychedelic experiences and explore consciousness for creative purposes Psychedelic studies past and present emphasize the importance of set and setting or the context of psychedelic consumption and its paramount importance in shaping psychedelic experiences These non pharmacological factors rely on a different set of methods and interpretations that necessarily rely on studies conducted outside of the biomedical sciences
