Mystical Passion:

Mystical Passion William McNamara, 1977 In the words of the author My main purpose is to offer as definite and clear an idea as possible of the meaning function and end of passion and then convince the reader to go ahead and live passionately There is an absolutely indispensable need for followers of Christ to become progressively conscious of human growth that is as thoroughly erotic and sexual as it is spiritual The author breaks through the limits of literary romanticisms and the pretty poisons of superficiality which are such a great part of the past and present world He brings us through a Desert experience and into the liberating life of mystical love St Paul Elizabeth of Hungary Joan of Arc and Thérèse of Lisieux exemplify for the author the passion of God meeting and evoking the passion of man in compassion and through which the hard crust of the world is broke open A book for everyone who seeks to go beyond the exhausted powers of eros and be lifted by the inexhaustible spirit into agape Back cover

The Way of Passion Andrew Harvey, 2013-07-23 A modern mystic and religious scholar presents a stunning collection of Rumi poems and reveals how the Sufi poet's words can guide us through spiritual and ecological crisis The minds of two mystics intermingle in a work of inspired vision and clarity Jalalud Din Rumi enlightened spiritualist poet of Sufism has been venerated by Moslems everywhere since his death in 1273 No other poet in history not even Shakespeare or Dante has made so exalted and comprehensive an impact on his own civilization In the latter part of the 20th century he has become for people of every race and creed the poet of the new mystical Renaissance that is slowly but surely coming to its flowering No one has done more than Andrew Harvey to spread popular awareness of Rumi's message Himself a charismatic mystic he has spent the last 20 years of his life in search of the essential truths that could transform the spiritual barrenness at the heart of modern Western civilization In his books *Love's Fire* and *Speaking Flame* he has re-created Rumi's poems with a brilliance that speaks eloquently to us today *The Way of Passion* draws on the poems to present a guide to the contemporary spiritual and ecological crisis Each chapter Harvey tells us is a dance a dance of mirrors in which essential spiritual themes return to be reflected in different constellations and harmonies a dance around Rumi and that mystery of Love he lived and expressed so completely Inspired by Rumi's voice and by his own startling ability to see into the innermost heart of life Harvey urges us to change to have faith and to act through Love to transform this time of Apocalypse into the time of Resurrection The passion of his words shines from the pages with an intensity that can embrace and inspire us all

Vulnus amoris Gaia Gubbini, 2023-12-31 The concept of love's wound has haunted European culture for centuries This book investigates this fundamental concept in Medieval French Occitan and Italian literature with the purpose of tracing its transformation through a selection of medieval literary masterpieces sacred and profane The imagery of love's wound is

analysed with multiple approaches considering also representations of the theme in manuscript illuminations

Passionate Spirituality Elizabeth Dreyer, 2005 *Passionate Spirituality* explores the roots and meanings of passion in Western culture and then examines how passion is expressed in the works of two medieval women mystics Hildegard of Bingen and Hadewijch of Brabant and in the lives of contemporary Christians seeking to deepen their own spiritual journeys Too often the term passion is associated only with steamy films sexual sin and emotional excess cutting off the breadth of its meaning and expression for positive good But the great mystics succeed precisely because they hold together both the affective and the intellectual aspects of the spiritual life in creative and convincing ways Their accounts of their mystical experience are important resources for information and understanding about how to talk about God more formally and for what it means to be passionately in love with God and the world BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

A New Companion to Hispanic Mysticism Hilaire Kallendorf, 2010 The canon of Hispanic mysticism is expanding No longer is our picture of this special brand of early modern devotional practice limited to a handful of venerable saints Instead we recognize a wide range of marginal figures as practitioners of mysticism broadly defined Neither do we limit the study of mysticism necessarily to the Christian religion nor even to the realm of literature Representations of mysticism are also found in the visual plastic and musical arts The terminology and theoretical framework of mysticism permeate early modern Hispanic cultures Paradoxically by taking a more inclusive approach to studying mysticism in its marginal manifestations we draw mysticism in all its complex iterations back toward its rightful place at the center of early modern spiritual experience Contributors Colin Thompson Alastair Hamilton Christina Lee Clara Herrera Darcy Donahue Elena del Rio Parra Evelyn Toft Fernando Duran Lopez Piansisco Morales Freddy Dominguez Glyn Redworth Jane Ackerman Jessica Boon Jose Adriano de Freitas Carvalho Luce Lopez Barat Maria Mercedes Carrion Maryrica Lottman and Tess Knighton
