Mysticism And Guilt Consciousness In Schellings Philosophical Development:

Mysticism and Guilt-consciousness in Schelling's Philosophical Development Paul Tillich, 1974 Mysticism and Guilt Consciousness in Schelling's Philosophical Development was Paul Tillich's 1912 dissertation for the licentiate in theology from the University of Halle He published it the same year and it reappears in the first volume of Tillich's collected works in German *Nineteenth Century Religious Thought in the West* Ninian Smart, 1988 This is the first of a set of three volumes which provide a fresh appraisal of the most important thinkers of the nineteenth century in the West Some essays centre on major figures of the period others cover topics trends and schools of thought between the French Revolution and the First World War The contributors are among the leading scholars in their field in Europe and North America They seek to engage their subjects not only in order to see what was said but also why it was said and explore what is of lasting value in it Readers therefore will find the essays not only highly informative about their subject matter but also distinctively personal contributions to the task of re-evaluating the thought of the nineteenth century Contributions are sufficiently clear to be of use to students in religious studies and cognate disciplines but have enough depth and detail to appeal to scholars **The Paradoxical Breakthrough of Revelation** Uwe Carsten Scharf, 2015-02-06 No detailed description available for The Paradoxical Breakthrough of Revelation **Pastor Tillich** Samuel Andrew Shearn, 2022 Pastor Tillich The Justification of the Doubter tells the story of Paul Tillich's early theological development from his student days until the end of the First World War set against the backdrop of church politics in Wilhelmine Germany and with particular reference to his early sermons The majority of scholarship understands Tillich primarily as a philosophical theologian But before and during the First World War Tillich was Pastor Tillich studying to become a pastor leading a Christian student group working periodically as a pastor in Berlin churches and preaching to soldiers Arriving in Berlin after the war Tillich pursued religious socialism and a theology of culture through the 1920s But the theological basis of these programmes was what Tillich considered his main concern in 1919 the theology of doubt Using a wealth of untranslated German sources largely unknown to English language scholarship Pastor Tillich presents the stations of Tillich's theological development of the notion of the justification of the doubter up to 1919 Distinguishing between Tillich's later autobiographical statements and the witness of archival sources a significantly original contextualised account of Tillich's early life in Germany emerges From his days as the conservative son of a conservative Lutheran pastor to the battle worn chaplain who could even talk about faith without God Tillich underwent considerable change The book should therefore speak to any interested in the history of modern theology as an example of how biography and theology are intertwined **Kierkegaard's Influence on Theology: German Protestant theology** Jon Bartley Stewart, 2012 Tome I is dedicated to the reception of Kierkegaard among German Protestant theologians and religious thinkers The writings of some of these figures turned out to be instrumental for Kierkegaard's breakthrough internationally shortly after the turn of the twentieth century Leading figures of the movement

of dialectical theology such as Karl Barth Emil Brunner Paul Tillich and Rudolf Bultmann spawned a steadily growing awareness of and interest in Kierkegaard's thought among generations of German theology students Emanuel Hirsch was greatly influenced by Kierkegaard and proved instrumental in disseminating his thought by producing the first complete German edition of Kierkegaard's published works Both Barth and Hirsch established unique ways of reading and appropriating Kierkegaard which to a certain degree determined the direction and course of Kierkegaard studies right up to our own times

Schelling, Freedom, and the Immanent Made Transcendent Daniele Fulvi, 2023-09-28 This book offers a cutting edge interpretation of the philosophy of F W J Schelling by critically reconsidering the interpretations of some of his successors It argues that Schelling's philosophy should be read as an ontology of immanence highlighting its relevance for ongoing debates on ethics and freedom The book builds on a key notion from Schelling's *Philosophy of Revelation* where he outlines the process through which transcendence must return to immanence in order to be grasped and understood The author identifies Jaspers Heidegger and Deleuze as the main interpreters of Schelling's philosophical activity highlighting their relevance for subsequent Schelling scholarship Heidegger and Jaspers refer to Schelling's philosophy in negative terms namely as an incomplete and unviable philosophical system whereas Deleuze holds the immanent core of Schelling's ontological discourse in high regard The author's analysis demonstrates that reading Schelling's philosophy as an ontology of immanence not only avoids Heidegger's and Jaspers's criticisms but is also more fitting to Schelling's original meaning Accordingly his reading allows us to fully grasp Schelling's thought in all its strength and consistency as a philosophy that avoids metaphysical abstractions and maintains the concreteness of concepts like God nature freedom by binding them to a solid and material account of Being Finally the author uses Schelling to propose an innovative reading of freedom as a matter of resistance and of philosophy as an activity whose main purpose is that of seeking the actual extent and place of human life and freedom within nature The author originally emphasises the relevance of these conclusions on contemporary debates in Postcolonial Critical Theory and Environmental Ethics

Schelling Freedom and the Immanent Made Transcendent From *Philosophy of Nature to Environmental Ethics* will appeal to scholars and advanced students working in 19th century Continental philosophy German idealism and Postcolonial Critical Theory and Environmental Ethics

Tillich and the Abyss Sigridur Gudmarsdottir, 2016-09-07 This book examines Paul Tillich's theological concept of the abyss by locating it within the context of current postmodern antifoundalist discussions and debates surrounding feminism gender and language Sigridur Gudmarsdottir develops these tropes into a constructive theology arguing that Tillich's idea of the abyss can serve as a necessary means of deconstructing the binaries between the theoretical and the practical in producing nihilistic relativism and the safe foundations of knowledge divine as well as human How does one search for a map and method through an abyss In his writings Tillich expressed the ambiguity and groundlessness of being the depth structure of the human condition and the reality of God as an abyss The more we gaze into this abyss the more we encounter the faults in our

various foundations This book outlines how Tillich's concept of the abyss creates greater opportunities for complexity and liminality and opens up a space where life and death destruction and construction fecundity and horror womb and tomb can coincide

Creative Destruction Lewis Owens, 2003 Owens religious studies Canterbury Christ Church U College seeks to clarify the philosophical and religious views of playwright journalist and novelist Kazantzakis 1883 1957 arguing that his religious philosophy led him to transcend both communism and nihilism enroute to a union with god Annotation c Book News Inc Portland OR bookn

Political Theology of Schelling Saitya Brata Das, 2016-08-04 Saitya Brata Das rigorously examines Schelling's theologico political works and sets his thought against his more dominant contemporary Hegel Das argues that Schelling inaugurates a new thinking outside of Occidental metaphysics by a paradoxical manner of exit which prepares for the post metaphysical philosophy of Martin Heidegger Franz Rosenzweig and Jacques Derrida This new reflection outside of the Universal world historical politics of modernity is achieved by re thinking religion as eschatology Intervening in contemporary debates on post secularism and the return to religion Das shows that religion in an essential sense always opens up infinitude from the heart of finitude to an irreducible outside of the profane order of worldly hegemonies Religion here assumes a negative political theology of exception without sovereign power

Gnostic Return in Modernity Cyril O'Regan, 2001-07-19 Gnostic Return in Modernity demonstrates the possibility that Gnosticism haunts certain modern discourses Studying Gnosticism of the first centuries of the common era and utilizing narrative analysis the author shows how Gnosticism returns in a select band of narrative discourses that extends from the seventeenth century German mystic Jacob Boehme through Hegel and Blake down into the contemporary period The key concept is that of narrative grammar Unlike the hypothesis of an invariant narrative a Gnostic narrative grammar allows room for the differences between modern and ancient forms of Gnosticism and respects the dignity of both periods

Foundational Reflections H.A. Durfee, 2012-12-06 The American University Publications In From its inception Philosophy has continued the direction stated in the sub title of the initial volume that of probing new directions in philosophy As the series has developed these probings of new directions have taken the two fold direction of exploring the relationships between the disparate traditions of twentieth century philosophy and with developing new insights into the foundations of some enduring philosophic problems This present volume continues both of these directions The interaction between twentieth century Anglo Saxon and Continental philosophy which was an implicit theme of our first and third volumes and the explicit subject of our second volume is here continued in a series of studies on major figures and topics in each tradition In the context of these interpretative studies Professor Durfee returns again and again to the question of the relationships between the will and the reason and explores the conflicting goals of creativity and objectivity in formulating a philosophic position In so doing he raises the issue as his title suggests of the foundations of philosophy itself He seriously challenges the belief common to both phenomenology and analytic philosophy that philosophizing can be a presuppositionless activity objectively pursued

independent of the personal and perhaps arbitrary commitments of the philosopher This issue critical as it is to all forms of philosophy is surely a worthy one for a series such as ours *Paul Tillich and Asian Religions* Ka-fu Keith Chan,Yau-nang William Ng,2017-08-21 This volume investigates Paul Tillich s relationship to Asian religions and locates Tillich in a global religious context It appreciates Tillich s heritage within the western and eastern religious contexts and explores the possibility of global religious cultural understanding through the dialogue of Tillich s thought and East West religious cultural matrix **Rupturing Eschatology** Eric J. Trozzo,2014-04-01 The modern and contemporary legacy of Luther s theology is a vital topic of continuing investigation assessment and construction Rupturing Eschatology is Eric Trozzo s constructive retrieval of Luther s theology of the cross for the purpose of establishing a contemporary Lutheran and emerging account of the cross silence and eschatology Seeking to overcome a tendency toward extrinsic notions of divine glory and transformation the author explores Luther s early construction of the theology of the cross and divine hiddenness in concert with the work of the Lutheran mystical tradition and modern Lutheran theology such as J rgen Moltmann Paul Tillich and John Caputo Trozzo argues for an intra historical and intra worldly account of divine possibility oriented around a contemporary theology of the cross marked by reclamation of the biblical and mystical practice of silence as the space that creates hope **The Conspiracy of Life** Jason M. Wirth,2012-02-01 The Conspiracy of Life offers a series of meditations on the philosophy of F W J Schelling 1775 1854 a great and greatly neglected philosopher of life Rather than construing him as a loopy mystic or as an antiquated theologian Jason M Wirth attempts to locate Schelling as the belated contemporary of thinkers like Heidegger Derrida Bataille Irigaray Foucault Deleuze Levinas and many others As such Schelling is already at the central nerve of current discussions concerning the crisis of truth the primacy of the Good the ecstatic nature of time the nature of art deep ecology the world as an aesthetic phenomenon comparative philosophy the possibility of non dialectical philosophy radical evil the haunting of philosophy and the possibility of a philosophical religion **The Devil's Redemption : 2 Volumes** Michael J. McClymond,2018-06-05 2018 Book Award Winner The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good or does some evil remain stubbornly opposed to God and God s goodness Will even the devil be redeemed Addressing a theological issue of perennial interest this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty first century and offers an interpretation of how and why universalist belief arose The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical philosophical and theological standpoint He shows that the effort to extend grace to everyone undermines the principle of grace for anyone *Bruno, or On the Natural and Divine Principle of Things* Friedrich Wilhelm Joseph von Schelling,1984-01-01 Makes Schelling s dialogue Bruno readily accessible to the English language reader with valuable commentary on the work itself which details Schelling s account of his differences from Fichte *Challenges to German Idealism* K. Goudeli,2002-11-05 This book offers an important reappraisal of Schelling

s philosophy and his relationship to German Idealism Focusing on Schelling's self critique in early identity philosophy the author rejects those criticisms of Schelling made by both Hegel and Heidegger This work significantly redraws the boundaries of metaphysical thinking arguing for a dialogue between rational philosophy mythology and cosmology

Edinburgh Critical History of Nineteenth-Century Christian Theology Daniel Whistler, 2017-10-23 Bridges the gap between Plutarch Studies and Achaemenid Studies through analysis of key texts **Paul Tillich's Philosophical Theology**

George Pattison, 2014-12-19 Paul Tillich's Philosophical Theology takes up the challenge as to whether his thought remains relevant fifty years after his death In opposition to those who believe that his writings have little to say to us today this book argues that his thought is largely exemplary of open theological engagement with the contemporary intellectual situation

A Theologian's Guide to Heidegger Hue Woodson, 2019-08-30 A Theologian's Guide to Heidegger provides a uniquely theological introduction to the philosophy of Martin Heidegger by focusing on not just the relationship between Heidegger and theology or even the nature of the discourse that must occur between theological concerns and Heidegger's philosophical errands but by precisely exploring how theology can use Heidegger's philosophy as a means of outlining the scope and task of postmodern theology To do this especially with the postmodern theologian in mind this book considers the general relationship between Heidegger and theology how Heidegger can be read theologically while justifying why Heidegger must be read this way and defining the role that Heidegger must take in postmodern theology This includes a careful consideration of Heidegger's early theological roots from Freiburg to Marburg by examining the content of Heidegger's lesser known theologically minded seminars lectures and talks
