TheSCM Studyguide Christian Spiritualityis designed as an introduction to spirituality for students of all religious backgrounds coming to the subject for the first time **Three Mystics Walk into a Tavern** James C. Harrington,Sidney G. Hall III,2015-02-11 In Three Mystics Walk into a Tavern Jalal ad Din Rumi Moses de Le n and Meister Eckhart three of the greatest mystics of all time meet in Venice for an imaginary night long conversation that will inspire everyday individuals of the twenty first century to find their own spirituality and realize that everyone can be a mystic Although the mystics came from different backgrounds and religious traditions Islam Judaism and Christianity their spiritual paths led them to similar understandings of a union with the Divine The three mystics have a timeless and timely message for people who walk the earth eight centuries after they did no matter an individual s religious background or even if they have none It is a message of connecting with the divine spark deep within us and within the universe *Church Women* Laurie Delgatto,Marilyn Kielbasa,2002 Church Women Probing History with Girls outlines strategies for discovering the richness of women s contributions to the life of the Church Some of the women featured in this manual lived centuries ago like Hildegard of Bingen and Julian of Norwich Some are heroines of recent times like Sr Helen Prejean several martyred women of El Salvador and a young woman from Iowa named Carrie Mach All have one thing in common they changed their world because of their faith courage conviction and action *Women and Gender in Medieval Europe* Margaret Schaus,2006 Publisher description Of Martyrs, Monks, and Mystics Charles R. Ringma,Irene Alexander,2015-10-15 Everywhere there are voices calling for a new Reformation marked by a return to the older sources of Christian wisdom and for drinking anew the inspiration of the Desert Fathers and Mothers the church fathers those from the monastic tradition and the medieval Christian mystics This anthology of original sources in contemporary English structured in a meditational mode could well be the rich resource you are looking for in hearing the ancient Christian wisdom Here are the deep wells of theological and spiritual insight that could guide you in walking a renewed path of faith in our precarious world These voices from the past may well help you in living against the tide of late modernity with its rationality and utilitarianism that cannot sustain a well lived and well loved life This book could sustain the hope for a renewed world through life lived in the presence of the healing and empowering God *Introducing Feminist Theology* Anne M. Clifford,2001 Introducing Feminist Theology responds to the questions What is feminist theology and Why is it important by considering the perspectives of women from around the globe who have very diverse life experience and relationships to God Church and creation Clifford introduces the major forms of feminist theology radical reformist and reconstructionist and highlights some of their specific characteristics The Letters of an Unexpected Mystic Robert D. Flanagan,2022-07-20 The apostle Peter is a pillar of the church whose writing has

been overlooked until recently when scholarship remedied this gap significantly elevating Peter's letters. However, one critical area has been omitted. Within the Petrine writing is a robust, empowered, and beautiful mystical theology which makes Peter an unexpected but vital Christian mystic. In exploring his love of artwork, German theologian and priest Romano Guardini developed the Threefold Seeing which has been brought to light by Yvonne Dohna-Schlobitten of the Pontifical Gregorian University. His unique method of viewing the artist, artwork, and observer develops a way of encountering the world and word. Instead of looking at the world or the biblical text through separate vantage points, the Threefold Seeing integrates all disciplines under a greater view of God, the artist, and all creation. The Letters of an Unexpected Mystic employs Guardini's Threefold Seeing to encounter the mystic Peter and the Petrine mystical theology. The result is a book that provides its readers with a means to become the Christian Karl Rahner wrote about in 1971: "The devout Christian of the future will either be a mystic, one who has experienced something, or he will cease to be anything at all." Spirit and Dust Maura

Hanrahan, 2009. Does depression affect women more often and more severely than men? Author Maura Hanrahan, who has suffered from serious depression for many years, would never say that. What she would and does say in *Spirit and Dust* is that depression affects women in different ways and from different causes and with different effects than it does men. She directs this beautiful book of meditations directly at women who suffer from long-term or chronic depression. Each short meditation deals with one aspect or another of depression in women: from how many women are programmed toward depression as little girls to how a husband or parent or support group can help or hinder a woman in dealing with her depression. This is not for the woman who is occasionally melancholy or discouraged. Nor is it for the faint of heart, for the author tells about serious depression the way it is. The book offers no easy cures, yet it is hopeful and helpful. Each meditation is accompanied by a quote or verse from a woman.

Protestant Spiritual Traditions, Volume Two Frank C. Senn, 2020-07-24. There is no single Protestant spirituality, but rather Protestant spiritual traditions usually embedded in denominational families that share some basic Protestant principles. These two volumes of *Protestant Spiritual Traditions* offer essays on twelve traditions written by scholars within those traditions, plus a concluding essay that gathers a number of Protestant contributions to Christian spirituality and Western culture under the category of the body. These thirteen essays discuss the contributions of significant spiritual figures from Martin Luther to Martin Luther King Jr. and offer insights on a range of topics from the theology of the cross to physical fitness.

Passionate Spirituality Elizabeth Dreyer,2005 *Passionate Spirituality* explores the roots and meanings of passion in Western culture and then examines how passion is expressed in the works of two medieval women mystics Hildegard of Bingen and Hadewijch of Brabant and in the lives of contemporary Christians seeking to deepen their own spiritual journeys Too often the term passion is associated only with steamy films sexual sin and emotional excess cutting off the breadth of its meaning and expression for positive good But the great mystics succeed precisely because they hold together both the affective and the intellectual aspects of the spiritual life in creative and convincing ways Their accounts of their mystical experience are important resources for information and understanding about how to talk about God more formally and for what it means to be passionately in love with God and the world BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Visionary Women* Rosemary Radford Ruether,2023-05-30 In *Visionary Women* influential feminist theologian Rosemary Radford Ruether glimpses into the souls of three medieval mystics Hildegard of Bingen a self taught theologian who developed a mystical secret language used in her community of mystics became a traveling preacher and author At the age of forty Mechthild of Magdeburg was commanded by God to write down her visions which resulted in seven books Julian of Norwich prayed as a young child that she would see Christ s passion that she would get deathly ill and that she would long for God all in her desire to focus her life solely on God and He answered all three Ruether describes the women as prophets with a God given message for the church and society of their time Her sympathetic overview evokes the new religious horizons they envisioned for Christianity She discusses the three women s beliefs about God theology and their identity Though they faced adversity they challenged these notions as bold women in the faith secure in their strong relationship with God *Visionary Women* is an adaption from Ruether s award winning book *Women and Redemption A Theological History* Readers will join in the long tradition of keeping the mystics messages alive and relevant

decades considerations of gender have revolutionized the study of history Yet most books on the subject remain narrowly focused on a specific time period or particular region of the world Gender in History Global Perspectives Second Edition continues to redress this inequity by providing a concise overview of the construction of gender in many world cultures over a period stretching from the Paleolithic era to modern times Thoroughly updated to reflect current developments in the field the new edition features entirely new sections which address primates slavery colonialism masculinity transgender issues and other relevant topics As in the well received first edition material is presented thematically to reveal the connections between gender and structures such as the family economy law religion sexuality and the state Wiesner Hanks also investigates precisely what it meant to be a man or woman throughout history how these roles were shaped by various institutions and how they in turn were influenced by gender The author presents material within each chapter chronologically to highlight the ways in which gender structures have varied over time The new edition of Gender in History Global Perspectives offers rich insights into all that is currently known about gender roles throughout world history A companion website is available at www.wiley.com/go/wiesnerhanks

The Censored Pulpit Donyelle C. McCray, 2019-10-16 Few have consoled the church as ably as the fourteenth century mystic Julian of Norwich However her prophetic gifts have received little scholarly attention Drawing on contemporary homiletical theory and the history of Christian spirituality Donyelle C McCray presents Julian as a preacher examining the apostolic dimensions of Julian's vocation as an anchoress and highlighting the steps she took to align herself with renowned preachers like Saint Cecelia Mary Magdalene and the apostle Paul Like Paul Julian saw Jesus body as her primary text placed human weakness at the center of her theology and used her own confined body as a rhetorical tool Yet she navigated a web of censorship that threatened to silence her To voice her convictions Julian developed a novel approach to authority and exploited the fluidity of the medieval English sermon genre McCray charts this process revealing Julian as a central personality in the history of preaching whose best contemporary parallels operate outside the pulpit in august figures like retreat leader Evelyn Underhill gospel singer Mother Willie Mae Ford Smith and street preacher Reverend Billy
