## **Myth Of Male Power:**

**The Myth of Male Power** Warren Farrell,1993 Doing for men what The Feminine Mystique did for women this book from the author of The Liberated Man and Why Men Are the Way They Are articulates what millions of men feel but have been unable to express marking the beginning of the end in the war between the sexes Illustrations *The Myth of Male Power* Warren Farrell,1996

**Myth of Male Power** Warren Farrell,1993-10-01

**Men's Rights, Gender, and Social Media** Christa Hodapp,2017-09-05 This work examines the contemporary men s rights movement MRM a mainly online movement that claims men are oppressed by gender norms women and feminism While some feminists and other progressives have dismissed the movement as simple misogyny this book argues that the MRM expresses a growing cultural trend in male anger and frustration and is an extreme manifestation of what has been previously referred to as a masculinity crisis In order to assess the implications of the MRM for gender politics this book explores the movement politically investigating the ways in which online communication and media outlets have impacted contemporary meanings of identity gender language and political engagement Furthermore a discussion of various issues promoted by the MRM such as parenting divorce employment and violence provide deeper insights into the issues surrounding masculinity and gender politics in current sociopolitical contexts

**Designing A Program To Nurture Great Men of Faith, Character and Service in the Local Church** Rev. Dr. Charles Falcone,2014-03-05 This thesis is written to investigate the gender gap that exists in current church membership throughout Western Christianity Numerous studies have established that throughout all Christian churches in the United States women outnumber men in attendance and membership This paper is written with the hope of understanding the causes for disproportional involvement of men in the local church We will investigate the factors of theological climate in the mainline church sociological factors revolving around the Christian family changing notions of work vocation and gender roles and sociological factors of health and longevity Our goal is to see an awakening in the masculine spirit at the church where the author currently serves

**Summary of Warren Farrell's The Myth of Male Power** Everest Media,2022-05-02T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The weakness of men is the facade of strength The strength of women is the facade of weakness Men have experienced a greater sense of powerlessness than women and they have remained the silent sex because they have felt powerless 2 The question is how it is that if any other group is singled out to register for the draft based on its characteristics at birth men call it power but when men are singled out based on their sex at birth men call it powerlessness 3 Men are the invisible victims of America s violence When you read that 84 percent of the victims were men and boys did you think of women 4 The U S Census Bureau finds that women who are heads of households have a net worth that is 93 percent of the net worth of men who are heads of households

**Women Can't Hear What Men Don't Say** Warren Farrell,2000-09-25 In *Women Can't Hear What Men Don't Say* Dr Warren Farrell demonstrates how gender based anger at home in the workplace

in omnipresent media images and throughout the overall culture combines with men's own fear of speaking out to misrepresent the inner and outer reality of men's lives Looking at the world from the perspectives of both men and women Dr Farrell provides a remarkable communication program to assist couples in moving beyond the current tripwire assumptions that lead to so much gender based conflict and to allow them to understand and love each other more fully than ever His methods are the culmination of thirty years of experience with thousands of men and women in workshops groups and seminars They prove that strategies that create love at home can also produce success and respect in the workplace

Women, Men, and the Whole Damn Thing David Leser, 2021-01-05 A brilliant impassioned unflinching account of the firestorm of MeToo how we got there and where we must now go In Women Men and the Whole Damn Thing author David Leser presents an essential and incisive investigation unearthing the roots of misogyny its inextricable links to the patriarchy and how history brought us to the MeToo movement and the wave of incandescent female rage that is sweeping the world Crucially he also interrogates his own psyche privilege and culpability as he bears witness to the collective wound of the world and asks how we can move towards healing and profound and permanent change This book calls on men yes all men to be accountable for their contribution to the continuing oppression of women by the patriarchal structures that have dominated our culture historically and through to the present He argues that misogyny and female oppression is the greatest moral issue of our times and we are all responsible for dismantling the structures which cause such oppression This book is his journey into how to grapple with both the personal and collective aftermath of MeToo and the new future Including interviews with Tina Brown Zainab Salbi Marlene Schiappa and Helen Garner among other globally recognized names Women Men and the Whole Damn Thing is a bold honest and self searching global overview of the cultural moment of misogyny that we exist in and perhaps a way to move forward

The Gender Knot Allan Johnson, 2014-10-19 New Third Edition The Gender Knot Allan Johnson's response to the pain and confusion that men and women experience by living with gender inequality explains what patriarchy is and isn't how it works and what gets in the way of understanding and doing something about it Johnson's simple yet powerful approach avoids the paralyzing trap of guilt blame anger and defensive denial that often results from conversations about gender This edition features Updated references data resources and examples especially in relation to issues of sexual orientation and gender identity e.g. gay marriage transgender cisgender A glossary of terms A new chapter What Changes and What Does Not Manhood and Violence that provides an extended analysis of the causes of men's violence as a patriarchal phenomenon

Vamps & Tramps Camille Paglia, 2011-08-31 The bestselling author of Sexual Personae and Sex Art and American Culture is back with a fiery new collection of essays on everything from art and celebrity to gay activism Lorena Bobbitt to Bill and Hillary These essays have never appeared in book form and many will be appearing in print for the first time

Good Guys, Bad Guys Emily K. Carian, 2024-05-07 Explores questions of masculinity privilege and identity to explain why some men become feminists while others become men

s rights activists In the evolving landscape of gender activism in the United States it is intriguing that four in ten American men now identify as feminists Despite this seemingly positive shift gender inequality remains deeply rooted in the US Good Guys Bad Guys delves into this paradox unraveling the complexities of men s feminist allyship and its limitations in propelling genuine progress Emily K Carian masterfully dissects the narratives of two distinct groups of gender activists feminist men and men who belong to the men s rights movement which opposes feminism By engaging directly with the men themselves Carian constructs a compelling analysis of their journeys into these contrasting social movements Surprisingly Carian finds that both feminist men and men s rights activists share a common motivation for their engagement in gender activism the desire to be perceived as good men However this well intentioned yet superficial drive hinders feminist men from envisioning concrete and effective strategies to challenge gender inequality Conversely it fuels men s rights activists participation in a movement that fosters a virulent misogyny Good Guys Bad Guys exposes how even self proclaimed feminist men inadvertently perpetuate gender inequality through their attitudes behaviors and relationships As society navigates the complexities of gender activism this book serves as a valuable resource in guiding the path towards a truly equal and inclusive future

**In Search of Manhood** Don H. Corrigan, 2024-08-30 American men began an earnest search for the meaning of manhood in the latter half of the 20th century and enlisted in such groups as Promise Keepers Million Man March National Congress of Men and fathers rights groups This study chronicles those movements as well as the more visible male activism of today in such groups as Proud Boys Three Percenters and Oath Keepers The book explores the misogyny and militancy embodied in these new quests for manhood The first section covers pop culture influences on conceptions of masculinity and moves from celebrity iconography to the institutional and organizational influences that men have relied on in the effort to make themselves masculine The second section describes masculinity and men s movements in the 20th century and the third section covers the 21st The final chapters analyze the contrast between the more thoughtful men s movements before the turn of the century and the more militant and physical movements after 2000 posing and addressing critical questions about the relationship between prevailing ideals of masculinity and events like the January 6th insurrection

Cultures of Masculinity Tim Edwards, 2004-08-02 Presenting a survey of the social cultural and theoretical issues which surround and inform our understanding of masculinity this book explores the interface between traditional sociological approaches and the work covered by more post structural media driven or cultural perspectives Edwards well known for his work on representations of masculinities uses grounded examples of the job market and domestic violence to set his theoretical discussion He argues that there is a need for more dialogue on men and masculinities between disciplines and considers the validity of the concerns and anxieties which surround masculinity in the contemporary world through a range of key topics including the new man the new lad and men s movements men masculinity and violence marginalized masculinities black masculinity and gay male sexuality queer theory performativity and fashion cinema representation and

the body One of the most comprehensive and progressive studies of modern masculinity available this book will be essential reading for students of gender culture and sociology *Richard Ford and the Fiction of Masculinities* Josep M.

Armengol,2010 *Richard Ford and the Fiction of Masculinities* demonstrates how contemporary U S novelist Richard Ford winner of the Pulitzer Prize for literature rewrites gender and in particular masculinity from highly subversive and innovative perspectives Josep M Armengol analyzes the construction as well as the de construction of masculinity in all of Ford s major fictional texts to date ranging from *A Piece of My Heart* to *The Sportswriter* to *The Lay of the Land* Given its simultaneous critique of traditional masculinity and its depiction of alternative models of being a man Ford s fiction is shown to be particularly interesting from a men s studies perspective which aims not only to undermine patriarchal masculinity but also to look for new non hierarchical and more egalitarian models of being a man in contemporary U S culture and literature By framing Ford s contemporary representations of masculinity within a more general context of American literature this book reveals how his texts continue along a trajectory of earlier American fiction while they also re examine masculinity in new more complex ways *Richard Ford and the Fiction of Masculinities* contributes to the much needed revision of men and masculinities in U S literature and especially Richard Ford s fiction where constructions of gender and masculinity remain paradoxically enough largely unexplored *The Shaman in the Disco and Other Dreams of Masculinity* James

Thomas,2006-06 E X C E R P T S from *The Shaman in the Disco* it often happens for men that sensual deprivation leads to sexual obsession Not knowing how to be with his inner alienation he brings it to his girlfriend and experiences it inaccurately as estrangement between them This perilous move to seek one s psychological moorings in someone else is to a great extent the fulfillment of our cultural fantasy of love I see in the image of Dracula bent over the entranced woman and sucking her blood the inevitable outcome of a man s desire who has been socialized into a hostile relationship towards all things in himself we in our culture call feminine He Darth Vader has literally and figuratively opened up become unmasked and he and Luke share a moment of unguarded closeness It will be their first and last because along the lines of many father son scenes like this in American film and literature the defenses and guardedness fall away only when the father or son is dying As if in male culture one could only die for not live with this sort of closeness Love requires of us the ability to surrender our ego needs to the greater ideal of union with another this first necessitates that we can surrender our ego defenses to a greater awareness of and intimacy with ourselves **Revealing Male Bodies** Nancy Tuana,William Cowling,Maurice

Hamington,Greg Johnson,2002-05-06 *Revealing Male Bodies* is the first scholarly collection to directly confront male lived experience There has been an explosion of work in men s studies masculinity issues and male sexuality in addition to a growing literature exploring female embodiment Missing from the current literature however is a sustained analysis of the phenomenology of male gendered bodies *Revealing Male Bodies* addresses this omission by examining how male bodies are physically and experientially constituted by the economic theoretical and social practices in which men are immersed

**Advertising to the American Woman, 1900-1999** Daniel Delis Hill, 2002 The author focuses on the marketing perspective of the topic and illustrates how women's roles in society have shifted during the past century Among the key issues explored is a peculiar dichotomy of American advertising that served as a conservative reflection of society and at the same time became an underlying force of progressive social change The study shows how advertisers of housekeeping products perpetuated the Happy Homemaker stereotype while tobacco and cosmetics marketers dismantled women's stereotypes to create an entirely new type of consumer

**Sexual Justice** Alexandra Brodsky, 2021-08-24 A pathbreaking work for the next stage of the MeToo movement showing how we can address sexual harms with fairness to both victims and the accused and exposing the sexism that shapes today's contentious debates about due process Over the past few years a remarkable number of sexual harassment victims have come forward with their stories demanding consequences for their assailants and broad societal change Each prominent allegation however has also set off a wave of questions some posed in good faith some distinctly not about the rights of the accused The national conversation has grown polarized inflamed by a public narrative that wrongly presents feminism and fair process as warring interests Sexual Justice is an intervention pointing the way to common ground Drawing on core principles of civil rights law and the personal experiences of victims and the accused Alexandra Brodsky details how schools workplaces and other institutions can indeed must address sexual harms in ways fair to all She shows why these allegations cannot be left to police and prosecutors alone and outlines the key principles of fair proceedings outside the courts Brodsky explains how contemporary debates continue the long sexist history of rape exceptionalism in which sexual allegations are treated as uniquely suspect And she calls on readers to resist the anti feminist backlash that hijacks the rhetoric of due process to protect male impunity Vivid and eye opening at once intellectually rigorous and profoundly empathetic Sexual Justice clears up common misunderstandings about sexual harassment traces the forgotten histories that underlie our current predicament and illuminates the way to a more just world

**The Gender Knot** Allan G. Johnson, 2005 A compelling approach to gender inequality that empowers both men and women to be part of the solution instead of just part of the problem

**We the Men of India** SIFF, 2023-02-19 Men's rights and men's issues have often been ignored by the powers that be in Indian and around the world On top of this the number of gender biased laws such as 498a and Domestic Violence or DV have created a difficult legal situation for Indian men Save Indian Family Foundation is a non governmental organization working for the rights of men in India who are fighting various legal and matrimonial and child custody related cases The chapters of this book are written by a number of members and volunteers of SIFF They deal with a number of issues including biased laws father's rights child separation domestic violence MGTOW mental health and men's activism Taken together they constitute a unique picture of what it is

like to be a man in India in this day and age
