Myth Sacred History Philosophy:

Myth, Sacred History, and Philosophy Cornelius Richard Loew, 1967 Etruscan Myth, Sacred History, and Legend Nancy Thomson de Grummond, 2006-12-07 Accompanying CD ROM contains all relevant illustrations from the book arranged in alphabetical order according to mythological character To increase the usefulness of the CD ROM supplementary images not in the book have been added P xv **Loneragan and Historiography** Thomas J. McPartland, 2010-04-15 Although Bernard Lonergan is known primarily for his cognitional theory and theological methodology he long sought to formulate a modern philosophy of history free of progressive and Marxist biases Yet he never addressed this in any single work and his reflections on the subject are scattered in various writings In this pioneering work Thomas McPartland shows how Lonergan s overall philosophical position offers a fresh and comprehensive basis for considering historiography Taking Lonergan s philosophy of historical existence into the realm of an epistemological philosophy of history he demonstrates how the philosopher s approach builds on the actual performance of historians and as a result integrates the insights of historical specialists into a framework of functional complementarity McPartland draws on all of Lonergan s philosophical writing as well as on the vast literature of historiography to detail Lonergan s notions of historical method historical objectivity and historical knowledge Along the way he explains what Lonergan means by hermeneutics by historical description explanation ideal types and narrative by evaluative and dialectical analyses and how these elements are all functionally related to each other He also delineates the defining features of psychohistory cultural history intellectual history history of ideas and history of philosophy indicating how these disciplines play complementary roles in the critical encounter with the past Ultimately McPartland argues that Lonergan has established the principles of a historical discipline the history of consciousness that weaves together a philosophy of consciousness with rigorous historical research to grasp long term trends resulting from differentiations of consciousness His work offers a distinct perspective on historical method that takes historical objectivity seriously while providing new insight into the thought of this important philosopher **Ancient Religions** Sarah Iles JOHNSTON, 2009-06-30 Religious beliefs and practices which permeated all aspects of life in antiquity traveled well worn routes throughout the Mediterranean itinerant charismatic practitioners peddled their skills as healers purifiers cursers and initiators and vessels decorated with illustrations of myths traveled with them This collection of essays drawn from the groundbreaking reference work Religion in the Ancient World offers an expansive comparative perspective on this complex spiritual world **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1970 **Discourse and Practice** Frank Reynolds, 1992-01-01 Discourse and Practice strives to stretch the boundaries of commonly accepted notions of philosophical discourse in order to introduce comparative considerations It is united by a concern to tease out the philosophical discourse and practices which inhere in seemingly unphilosophical texts These texts range from ethnographical materials to mythical and fictive narratives and finally to explicitly theoretical traditions Each author in attending to the

details of his or her area study strives to demonstrate the implicit and explicit philosophical agendas at play The comparative examples offer valuable insights for how discourse can be redefined One consistent assumption presented here is that the element of practice which has long been posed in opposition to theory must be treated as an integral aspect of the philosophical import of any tradition Historical traditions covered include East Asia Papua New Guinea and Tibet as well as the more familiar territory of Western disciplinary fields **The Palgrave Handbook of Russian Thought** Marina F.

Bykova, Michael N. Forster, Lina Steiner, 2021-05-22 This volume is a comprehensive Handbook of Russian thought that provides an in depth survey of major figures currents and developments in Russian intellectual history spanning the period from the late eighteenth century to the late twentieth century Written by a group of distinguished scholars as well as some younger ones from Russia Europe the United States and Canada this Handbook reconstructs a vibrant picture of the intellectual and cultural life in Russia and the Soviet Union during the most buoyant period in the country s history Contrary to the widespread view of Russian modernity as a product of intellectual borrowing and imitation the essays collected in this volume reveal the creative spirit of Russian thought which produced a range of original philosophical and social ideas as well as great literature art and criticism While rejecting reductive interpretations the Handbook employs a unifying approach to its subject matter presenting Russian thought in the context of the country s changing historical landscape This Handbook will open up a new intellectual world to many readers and provide a secure base for its further exploration Lange's

Commentary on the Holy Scripture, Volume 1 Lange, John Peter, All sixty three of the original volumes are included in a nine volumes set There are two linked indexes in this volume a main index at the front of this volume that will take you to the beginning each of the books of the bible and another index at the beginning of each book there is a linked scripture index leading to the particular subject Lange s Commentary on the Old and New Testaments translated revised edited and enlarged from the German editions of John Peter Lange and many contributors and edited by Philip Schaff Lange s

 Reprint of the original first published in 1866 **Thales of Miletus** Patricia F. O'Grady,2017-03-02 What is the basic building block of the universe Thales of Miletus was the first to ask this fundamental yet to be answered question in the sixth century B C This book offers an in depth account of the answers he gave and of his adventure into many areas of learning philosophy science mathematics and astronomy Thales proved that the events of nature were comprehensible to man and could be explained without the intervention of mythological beings Henceforth they became subject to investigation experiment questioning and discussion Presenting for the first time in the English language a comprehensive study of Thales of Miletus Patricia O Grady brings Thales out of pre Socratic shadows into historical illumination and explores why this historical figure has proved to be of lasting significance **The Sacred History** Mark Booth,2017-05-16 Epic story of human interaction with angels and other forms of higher intelligence starting from Creation all the way through to the operations of the supernatural in the modern world What emerges is an alternative history of great men and women guided by angels or demons and the connection between modern day mystics and their ancient counterparts This spellbinding historical narrative brings together great figures such as Krishna Moses Buddha Elijah Mary and Jesus and Mohammed and stories from African Native American and Celtic traditions Woven into this is an amazing array of mystical connections including the surprising roots not only of astrology and alternative medicine but also of important literary and artistic movements aspects of mainstream science and religion and a wide range of cultural references that takes in modern cinema music and literature Amazon com **The Philosophy of Religion on the Basis of Its History: Schelling to the present day** Otto Pflieger,1887 **Christianity and Greek Philosophy** Benjamin Franklin Cocker,2018-09-20 Reproduction of the original Christianity and Greek Philosophy by Benjamin Franklin Cocker *Mythic-Symbolic Language and Philosophical Anthropology* David M. Rasmussen,2012-12-06 This book will attempt to achieve a constructive and positive correlation between mythic symbolic language and philosophical anthropology It is intended as a reflection on the philosophical accomplishment of Paul Ricoeur The term mythic symbolic language in this context means the language of the multivalent symbol given in the myth with its psychological and poetic counterparts The term symbol is not conceived as an abstract sign as it is used in symbolic logic but rather as a concrete phenomenon religious psychological and poetic The task inherent in this correlation is monumental when one considers the dual dilemma of problematic and possibility which is at its heart The problematic arises out of the apparent difficulty presented by the so called challenge of modernity which seems to require the elimination of mythic symbolic language as an intelligible mode of communication Mythic symbolic language is sometimes eliminated because in a world molded by abstract conceptualizations of science such a language is thought to be unintelligible The claim is that its primitive explanations have been transcended by our modernity Others believe that the problem of mythic symbolic language is the problem of the myth If the mythic forms of language could be eliminated the

truth of such language could be preserved through its translation into an intelligible mode of discourse The problematic is heightened further by the relation of considerations of language to philosophical anthropology Any consideration of language involves a related view of the nature of man **The Theology and Philosophy of Eliade** C. Olson, 1992-07-21

The primary focus of this study is to view Eliade as not only a historian of religions but also as a theologian a philosopher novelist and as someone engaged in cross cultural dialogue with other religious traditions Besides attempting to view Eliade's work from a variety of perspectives this study contends that the scholarly work of Eliade cannot be separated from his own personal quest for meaning
