Mythology And Rites Of British Druids 1809:

The Mythology and Rites of British Druids Edward Davies, 2014-03-30 This Is A New Release Of The Original 1809 Edition

The Topical Notebooks of Ralph Waldo Emerson Ralph Waldo Emerson, 1990 Published here for the first time are seven of Emerson's topical notebooks which served as a source for his lectures, essays and books of the 1850s, 1860s and 1870s. Concerned primarily with nature, art, philosophy, American culture and his contemporaries, the notebooks presented in this first of a three-volume edition afford fascinating insight into Emerson's creative practices. They will offer new perspectives for future readings of his completed works. The editors provide faithful transcriptions of the notebooks using the highest standards of textual practice. Their detailed annotations describe and comment on erased or revised passages, translate Greek and Latin quotations and identify books and articles referred to in the texts of the notebooks. References to similar passages in Emerson's journals, lectures and published works are also provided in the annotations. Publication of these notebooks will enable scholars to trace ideas that have gone unnoticed previously. **The Topical Notebooks of Ralph Waldo Emerson Volume 1** offers valuable insight into the art and philosophy of one of America's foremost thinkers. These volumes will be an important addition to any personal or institutional library of nineteenth-century American literature. Catalogues of Sales Sotheby & Co. (London, England), 1914 *The Athenaeum*, 1896 Wordsworth's Bardic Vocation, 1787-1842 Richard Gravil, 2014-09-08 Wordsworth's Bardic Vocation, the most comprehensive critical study of the poet since the 1960s, presents the poet as balladist, sonneteer, minstrel, elegist, prophet of nature and national bard. The book argues that Wordsworth's uniquely various oeuvre is unified by his sense of bardic vocation. Like Walt Whitman or the bards of Cumbria, Wordsworth sees himself as the people's remembrancer. Like them, he sings of nature and endurance, laments the fallen, fosters national independence and liberty. His task is to reconcile in one society the living and the dead and to nurture both the people and the kind. Review Comment: This erudite exposition, profligate with its ideas, succeeds as few others have done in apprehending Wordsworth's career holistically, incorporating all its diversities and apparent inconsistencies into a unified vision. It justifies fully the notion proposed by Hughes and Heaney that he was England's last national poet. Duncan Wu, *Review of English Studies*
