The Nuer Conquest Raymond Case Kelly, 1985 A study of Nuer expansionism with implications for research into the relationship between social and material causes of change *Perspectives on Africa* Roy Richard Grinker, Stephen C. Lubkemann, Christopher B. Steiner, 2010-05-17 The second edition of *Perspectives on Africa A Reader in Culture History and Representation* is both an introduction to the cultures of Africa and a history of the interpretations of those cultures Key essays explore the major issues and debates through a combination of classic articles and the newest research in the field Explores the dynamic processes by and through which scholars have described and understood African history and culture Includes selections from anthropologists historians philosophers and critics who collectively reveal the interpenetration of ideas and concepts within and across disciplines regions and historical periods Offers a combined focus on ethnography and theory giving students the means to link theory with data and perspective with practice Newly revised and updated edition of this popular text with 14 brand new chapters and two new sections Conflict and Violent Transformations and Development Governance and Globalization **Contested Sudan** Ibrahim Elnur, 2009-01-13 Since gaining independence in 1956 Sudan has endured a troubled history including the longest civil war in African history in Southern Sudan and more recent conflicts including the crisis in Darfur This book explores this history of ensuing conflict and analyses the different attempts to achieve political and economic reconstruction *The Social Dynamics Of Peace And Conflict* Robert A Rubinstein, Mary Lecron Foster, 2019-07-11 This volume shows the importance for international security studies for better understanding the social dynamics of peace and conflict It illustrates the crucial role that culture and symbols play in facilitating peace or fostering conflict and intended for anthropologists widely *View from the Traveller Site* Anna Hoare, 2025-04-24 Traveller specific architecture in Ireland and permanently temporary sites in the UK embody an insoluble contradiction as systems of control policing and strategic neglect and as a cultural right an alternative to housing that recognizes the dignity of choice *View from the Traveller Site* explores post nomadism as an artefact of statecraft in which contradictory processes occur in tandem legal insecurity persists and state policies have unexpected consequences as sites materialize the countervailing tendencies of post war European states At junctures of camps courtrooms sites and council houses Irish Travellers generate new architectures and revive old ones Architecture and the body form distributed fields of analogy and metaphor and are reciprocally constituted as social capacities and sites of personhood and relations Through ethnographic accounts of sites and camps funerary monuments and gift cycles of mares and foals the book reflects on material and performative architectures negotiations of gendered and generational rights and the role of women in encounters between the dead the living and the unborn in camps The author engages with debates in the anthropology of the state property citizenship and the family and offers a new analysis of Travellers concepts of personhood and embodiment as they negotiate the politics and poetics of citizenship kinship and sociality enfolding the settled non Traveller world of sites into the collective bodies of

breeds and back breeds This exploration of the productivity of post nomadic architecture culture and sociality will be of particular interest to scholars of anthropology architecture and material and visual culture *Biosemiotics and Evolution* Elena Pagni, Richard Theisen Simanke, 2022-01-03 This book reviews the evolution of Biosemiotics and gives an outlook on the future of this interdisciplinary new discipline In this volume the foundations of symbolism are transformed into a phenomenological technological philosophical and psychological discussion enriching the readers knowledge of these foundations It offers the opportunity to rethink the impact that evolution theory and the confirmations about evolution as a historical and natural fact has had and continues to have today The book is divided into three parts Part I Life Meaning and Information Part II Semiosis and Evolution Part III Physics medicine and bioenergetics It starts by laying out a general historical philosophical and scientific framework for the collection of studies that will follow In the following some of the main reference models of evolutionary theories are revisited Extended Synthesis Formal Darwinism and Biosemiotics The authors shed new light on how to rethink the processes underlying the origins and evolution of knowledge the boundary between teleonomic and teleological paradigms of evolution and their possible integration the relationship between linguistics and biological sciences especially with reference to the concept of causality biological information and the mechanisms of its transmission the difference between physical and biosemiotic intentionality as well as an examination of the results offered or deriving from the application in the economics and the engineering of design of biosemiotic models for the transmission of culture digitalization and proto design This volume is of fundamental scientific and philosophical interest and seen as a possibility for a dialogue based on theoretical and methodological pluralism The international nature of the publication with contributions from all over the world will allow a further development of academic relations at the service of the international scientific and humanistic heritage *Cultural Anthropology* Alexander Moore, 1998-05 TofC cont

Anthropology of modern life Market and the modern metropolis a new system of exchange and the rise of commercial industrial cities Corporate bureaucracy and the culture of modern work Modernity and culture Epilogue applied anthropology and the policy process The framework on which this book hangs is an updated version of the community study method as network discerned at the expanding gas phase of our species random walk over the earth through our settling down into trading and warring tribal societies through the mesolithic and neolithic transitions into our densification into urban states and civilizations and finally at our emergence as a metropolitan species of unparalleled population aggregations Pref *South Coast New Guinea Cultures* Bruce M. Knauft, 1993-03-25 The communities of south coast New Guinea were the subject of classic ethnographies and fresh studies in recent decades have put these rich and complex cultures at the centre of anthropological debates Flamboyant sexual practices such as ritual homosexuality have attracted particular interest In the first general book on the region Dr Knauft reaches striking new comparative conclusions through a careful ethnographic analysis of sexuality the status of women ritual and cosmology political economy and violence among the region

s seven major language culture areas The findings suggest new Melanesian regional contrasts and provide for a general critique of the way regional comparisons are constructed in anthropology Theories of practice and political economy as well as post modern insights are drawn upon to provide a generative theory of indigenous social and symbolic development

Genealogies for the Present in Cultural Anthropology Bruce M. Knauft,2013-09-13 In the wake of tensions between modern and postmodern sensibilities what larger directions now emerge in cultural anthropology In this major work Bruce Knauft takes stock of important recent initiatives in cultural and critical theory By combining critical reviews and ethnographic engagements with fresh readings of major figures and approaches the work develops a larger vantage point for considering the dispersing influence of practice theories postmodernism cultural studies postcolonial studies modern post positive feminism and multicultural criticisms

Supernatural Selection Matt Rossano,2010-05-28 Author Matt J Rossano provides an evolutionary history of religion beginning with the social lives of our primate ancestors This book makes the case that religion is adaptive that it is essential to morality that childhood imagination provides its raw materials and that it is the very essence of what it means to be human

The Origin and Evolution of Cultures Los Angeles Robert Boyd Professor of Anthropology University of California,Davis Peter J. Richerson Professor of Environmental Science and Policy University of California,2004-12-22 Oxford presents in one convenient and coherently organized volume 20 influential but until now relatively inaccessible articles that form the backbone of Boyd and Richerson s path breaking work on evolution and culture Their interdisciplinary research is based on two notions First that culture is crucial for understanding human behavior unlike other organisms socially transmitted beliefs attitudes and values heavily influence our behavior Secondly culture is part of biology the capacity to acquire and transmit culture is a derived component of human psychology and the contents of culture are deeply intertwined with our biology Culture then is a pool of information stored in the brains of the population that gets transmitted from one brain to another by social learning processes Therefore culture can account for both our outstanding ecological success as well as the maladaptations that characterize much of human behavior The interest in this collection will span anthropology psychology economics philosophy and political science

The Origin and Evolution of Cultures Robert Boyd,Peter J. Richerson,2005 The Origin and Evolution of Cultures presents articles based on two notions That culture is crucial for understanding human behaviour and that culture is part of biology Interest in this collection will span anthropology psychology economics philosophy and political science

Rise And Demise Christopher Chase-Dunn,2018-02-06 The authors combine an excellent state of the art review of the literature in world systems analysis with a vigorous presentation of their own quite coherent views This book is a major contribution to our collective dialogue on the past and the future Immanuel Wallerstein Binghamton University author of The Modern World System An up to date and synthetic overview of current world systems research The authors draw on diverse literatures from political science to archaeology from contemporary policy issues to Native American studies and from history to sociology This thoughtful

volume serves as both a provocative summary of ongoing scholarship and a fertile foundation for future cross disciplinary dialogue Gary M Feinman University of Wisconsin Madison To understand the evolution of the world s political economy we need empirical theories that can handle ancient and modern processes a longer time frame encompassing multiple millennia and less concern about trespassing in other people s disciplines Chase Dunn and Hall s new book Rise and Demise delivers all three with noteworthy style and effect William Thompson Indiana University Rise and Demise is a wide ranging and stimulating synthesis of the world systems approach and its main findings Its broad coverage of parallel social processes in various regions and time periods convincingly makes the argument that world systems theory is able to integrate many diverse historical and social science specializations Richard E Blanton Purdue University
