latter half of the 1990s Buck began working on his autobiography Over the next few years he talked into the microphone of a cassette tape machine for nearly one hundred hours recording the story of his life With his near photographic memory Buck recalled everything from his early days wearing hand me down clothes in Texas to his glory years as the biggest country star of the 1960s from his legendary Carnegie Hall concert to his multiple failed marriages from his hilarious exploits on the road to the tragic loss of his musical partner and best friend Don Rich from his days as the host of a local TV show in Tacoma Washington to his co hosting the network television show Hee Haw and from his comeback hit Streets of Bakersfield to his induction into the Country Music Hall of Fame In these pages Buck also shows his astute business acumen having been among the first country artists to create his own music publishing company He also tells of negotiating the return of all of his Capitol master recordings his acquisition of numerous radio stations and of his conceiving and building the Crystal Palace one of the most venerated musical venues in the country Buck Em is the fascinating story of the life of country superstar Buck Owens from the back roads of Texas to the streets of Bakersfield
