Radical Currents In Contemporary Philosophy:

Radical Currents in Contemporary Philosophy David H. Degrood,1971-07-01 *Radical Currents in Contemporary Philosophy* David H. DeGrood,Dale Riepe,John Somerville,1971 It is more than twenty years since the publication of a significant cooperative volume edited by Roy Wood Sellers V J McGill and Marvin Farber Their volume was a challenge and in hope of continuing with the tradition and bringing out a companion text The present work is represents the active participation of these scholars **Radical Currents in Contemporary Philosophy. Edited by David H. DeGrood ...**

Dale Riepe ... John Sommerville David Harry DEGROOD,Dale Maurice RIEPE,John SOMERVILLE (Ph.D.),1971 **Crisis Consciousness in Contemporary Philosophy** András Gedő,1982-12-31 No detailed description available for Crisis Consciousness in Contemporary Philosophy Dictionary of Modern American Philosophers John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers anda large number of female and minority thinkers whose work has been neglected It includes those intellectualsinvolved in the development of psychology pedagogy sociology anthropology education theology politicalscience and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers arepresent the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern AmericanPhilosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

Patterns of Dissonance Rosi Braidotti,2013-04-29 This book is a brilliant and timely analysis of the complex issues raised by the relation between women and philosophy It offers a critical account of a wide range of contemporary philosophical and feminist texts and it develops this account into an original project of critical feminist thought Braidotti examines contemporary French philosophy as practised by men such as Foucault and Derrida showing that they rely on a notion of the feminine in order to undermine classical thought which bears no direct relevance to the historical experience of women Braidotti then looks at the attempts of contemporary feminist thinkers in Europe and the United States to show the gendered nature of discursive power games She discusses the contributions of Luce Irigaray and many other feminist theorists to the understanding of sexual difference and of its implications for philosophy and politics This book will be of interest to students and researchers in women s studies feminist theory social theory cultural studies philosophy and literature and anyone interested in contemporary feminism and the relation between feminist theory post structuralism and psychoanalysis

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1974 *Explorations in Philosophy and Society* Charles Cunneen,1978-01-01 **Phenomenology and Natural Existence** Dale Riepe,1973-06-30 Indian

Philosophy Since Independence Dale Maurice Riepe, 1979-01-01 This concludes the first volume of Indian Philosophy Since Independence the second volume includes the following chapters P iv v 1 *Marxism, Science, and the Movement of History* Alan R. Burger, Hyman R. Cohen, David H. DeGrood, 1980 **Consciousness and Social Life** David H. DeGrood, 1976-01-01

Handbook of Contemporary European Social Theory Gerard Delanty, 2006-09-27 This innovative publication maps out the broad and interdisciplinary field of contemporary European social theory It covers sociological theory the wider theoretical traditions in the social sciences including cultural and political theory anthropological theory social philosophy and social thought in the broadest sense of the term This volume surveys the classical heritage the major national traditions and the fate of social theory in a post national and post disciplinary era It also identifies what is distinctive about European social theory in terms of themes and traditions It is divided into five parts disciplinary traditions national traditions major schools key themes and the reception of European social theory in American and Asia Thirty five contributors from nineteen countries across Europe Russia the Americas and Asian Pacific have been commissioned to utilize the most up to date research available to provide a critical international analysis of their area of expertise Overall this is an indispensable book for students teachers and researchers in sociology cultural studies politics philosophy and human geography and will set the tone for future research in the social sciences **A Dictionary of Scientific Quotations** Alan L. Mackay, 2019-04-04

Science affects us all in the words of Albert Einstein The whole of science is nothing more than a refinement of everyday thinking It is therefore fascinating to discover the thoughts of scientists philosophers humanists poets theologians politicians and other miscellaneous mortals on this most important of subjects A Dictionary of Scientific Quotations is a personal selection of scientific quotations by Professor Alan L Mackay that includes graffiti lines of song proverbs and poetry Whether you believe that All problems are finally scientific problems George Bernard Shaw or that Imagination is more important than knowledge Einstein it is without doubt that It is a good thing for an uneducated man to read books of quotations Churchill You will be charmed and delighted by this collection and remember Why said the Dodo the best way to explain it is to do it Alice in Wonderland Lewis Carroll **Self-Reference** S.J. Bartlett, P. Suber, 2012-12-06 Self reference although a topic studied by some philosophers and known to a number of other disciplines has received comparatively little explicit attention For the most part the focus of studies of self reference has been on its logical and linguistic aspects with perhaps disproportionate emphasis placed on the reflexive paradoxes The eight volume Macmillan Encyclopedia of Philosophy for example does not contain a single entry in its index under self reference and in connection with reflexivity mentions only relations classes and sets Yet in this volume the introductory essay identifies some 75 varieties and occurrences of self reference in a wide range of disciplines and the bibliography contains more than 1 200 citations to English language works about reflexivity The contributed papers investigate a number of forms and applications of self reference and examine some of the challenges posed by its difficult temperament The editors hope that readers of this volume will gain a richer sense of

the still largely unexplored frontiers of reflexivity and of the indispensability of reflexive concepts and methods to foundational inquiries in philosophy logic language and into the freedom personality and intelligence of persons Leo Strauss and Anglo-American Democracy Grant N. Havers, 2013-10-15 Leo Strauss and Anglo American Democracy critically interprets Strauss's political philosophy from a conservative perspective Most mainstream readers of Strauss have either condemned him from the Left as an extreme right wing opponent of liberal democracy or celebrated him from the Right as a traditional defender of Western civilization Rejecting both portrayals Grant N Havers shifts the debate beyond the conventional parameters stating that Strauss was neither a man of the Far Right nor a conservative but in fact a secular Cold War liberal In Leo Strauss and Anglo American Democracy Havers contends that the most troubling implication of Straussianism is that it provides an ideological rationale for the aggressive spread of democratic values on a global basis while ignoring the preconditions that make these values possible Concepts such as the rule of law constitutional government Christian morality and the separation of church and state are not easily transplanted beyond the historic confines of Anglo American civilization as recent wars to spread democracy have demonstrated **Proceedings of the XVth World Congress of Philosophy**, 1973 A History of Modern Philosophy Horatio Willis Dresser, 1928 **Socialism Unbound** Stephen Eric Bronner, 2011-11-22 Published more than twenty years ago Stephen Eric Bronner's bold defense of socialism remains a seminal text for our time Treating socialism as an ethic reinterpreting its core categories and critically confronting its early foundations Bronner's work offers a reinvigorated class ideal and a new perspective for progressive politics in the twentieth century Socialism Unbound is an extraordinary work of political history that revisits the pivotal figures of the labor movement Karl Marx Friedrich Engels Karl Kautsky Vladimir Lenin and Rosa Luxemburg Examining their contributions as well as their flaws Bronner shows how critical innovation gave way to dogma New practical problems have arisen and this volume engages with the relationship between class and social movements institutional accountability and democratic participation economic justice and market imperatives and internationalism and identity With a foreword by Dick Howard and a new introduction by the author Bronner's classic study remains indispensable for scholars and activists alike

History of Modern Philosophy from Bacon to Spinoza: A New Translation Ludwig Feuerbach, 2024-05-09 Feuerbach's 1837 work *Geschichte der neueren Philosophie von Bacon bis Spinoza* History of Modern Philosophy from Bacon to Spinoza is an important contribution to the study of philosophy and intellectual history The work traces the development of philosophical thought from the seventeenth century to the Enlightenment and examines the key figures and ideas that shaped this period He argues that philosophy is not a static set of ideas but rather a dynamic and evolving process that is shaped by social political and cultural factors the basic Materialist Anthropology adopted by Marx Feuerbach was heavily influential on Marx who modeled his entire religion on Feuerbach's de-mythologization of the Hegelian dialectic Schopenhauer and Nietzsche both took their satirical criticism about religion from Feuerbach and every aspect of Marxism

can be found here in Marx's favorite Philosopher Feuerbach is a critical figure in the development of not merely Marxism but Materialistic Humanism in general Feuerbach is critical to understanding Marx Feuerbach's historiography reframes early modern philosophy as a dialectical struggle between empiricism and rationalism culminating in Spinoza's pantheistic resolution By contextualizing Bacon's empiricism within colonial capitalism he reveals how knowledge production serves material interests a thesis Marx expands in *The German Ideology* The text's treatment of Spinoza's Deus sive Natura as a proto materialist unity of mind and matter anticipates Marxist monism rejecting Cartesian dualism Feuerbach's focus on philosophy's social embeddedness challenges Hegel's idealism insisting ideas emerge from class struggle rather than abstract reason Critics note his teleological narrative oversimplifies Enlightenment diversity yet his materialist framework remains foundational for critical theory The work's emphasis on historical contingency influenced Gramsci's theory of hegemony which treats ideology as a battleground for power

If you ally infatuation such a referred **Radical Currents In Contemporary Philosophy** ebook that will come up with the money for you worth, get the categorically best seller from us currently from several preferred authors. If you desire to witty books, lots of novels, tale, jokes, and more fictions collections are along with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every ebook collections Radical Currents In Contemporary Philosophy that we will no question offer. It is not in this area the costs. Its roughly what you dependence currently. This Radical Currents In Contemporary Philosophy, as one of the most involved sellers here will totally be accompanied by the best options to review.
