Zanuck* Bernard F. Dick, 2022-03-30 Beginning with *The Jazz Singer* 1927 and *42nd Street* 1933 legendary Hollywood film producer Darryl F Zanuck 1902 1979 revolutionized the movie musical cementing its place in American popular culture Zanuck who got his start writing stories and scripts in the silent film era worked his way to becoming a top production executive at Warner Bros in the later 1920s and early 1930s Leaving that studio in 1933 he and industry executive Joseph Schenck formed Twentieth Century Pictures an independent Hollywood motion picture production company In 1935 Zanuck merged his Twentieth Century Pictures with the ailing Fox Film Corporation resulting in the combined Twentieth Century Fox which instantly became a new major Hollywood film entity *The Golden Age Musicals of Darryl F Zanuck* *The Gentleman Preferred Blondes* is the first book devoted to the musicals that Zanuck produced at these three studios The volume spotlights how he placed his personal imprint on the genre and how especially at Twentieth Century Fox

he nurtured and showcased several blonde female stars who headlined the studio's musicals including Shirley Temple, Alice Faye, Betty Grable, Vivian Blaine, June Haver, Marilyn Monroe, and Sheree North. Building upon Bernard F. Dick's previous work in *That Was Entertainment: The Golden Age of the MGM Musical*, this volume illustrates the richness of the American movie musical, tracing how these song and dance films fit within the career of Darryl F. Zanuck and within the timeline of Hollywood history.

**Sterling Hayden's Wars** Lee Mandel, 2018-05-03 A master sailor when he was barely in his twenties, Sterling Hayden (1916-1986) became an overnight film star despite having no training in acting. After starring in two major films, he quit Hollywood and trained as a commando in Europe. Hayden joined the OSS and fought in the Balkans and Mediterranean, earning a Silver Star for his distinguished service. Hayden's wartime admiration for the Yugoslavian Partisans led to a brief membership in the Communist Party after the war, and this would come back to haunt him when he was called to testify in front of the House Un-American Activities Committee, where he became the first star to name names. After returning to Hollywood, Hayden's film career flourished as he starred in several films, including *The Asphalt Jungle*, *Denver and Rio Grande*, and *The Killing*. His personal life, however, descended into chaos. His bitter custody battle with his second wife led to his well-publicized and controversial kidnapping of their four children for a voyage to Tahiti. Increasing alcohol and substance abuse would take its toll, but Hayden's career would be revived as a character actor in such classics as *Dr. Strangelove* and *The Godfather*. In addition, he proved to be an excellent author, penning two international bestsellers. Despite these achievements, his later years were characterized by depression, self-doubt, alcoholism, and substance abuse. His life was metaphorically a series of wars, including the most difficult of them all: the war that Sterling Hayden fought with himself.

**John Wayne** Randy Roberts, 1997-01-01 John Wayne remains a constant in American popular culture. Middle America grew up with him in the late 1920s and 1930s, went to war with him in the 1940s, matured with him in the 1950s, and kept the faith with him in the 1960s and 1970s. In his person and in the persona he so carefully constructed, middle America saw itself, its past, and its future. John Wayne was his country's alter ego. Thus begins *John Wayne: American*, a biography bursting with vitality and revealing the changing scene in Hollywood and America from the Great Depression through the Vietnam War. During a long movie career, John Wayne defined the role of the cowboy and soldier, the gruff man of decency, the hero who prevailed when the chips were down. But who was he really? Here is the first substantive, serious view of a contradictory private and public figure.

**Film Noir** Andrew Spicer, 2018-10-08 *Film Noir* is an overview of an often celebrated but also contested body of films. It discusses film noir as a cultural phenomenon whose history is more extensive and diverse than American black and white crime thrillers of the forties. An extended Background Chapter situates film noir within its cultural context, describing its origin in German Expressionism, French Poetic Realism, and in developments within American genres: the gangster, crime, thriller, horror, and the Gothic romance, and its possible relationship to changes in American society. Five chapters are devoted to classic film noir (1940-59): chapters explore its contexts of production and reception, its visual style, and its narrative patterns.

and themes chapters on character types and star performances elucidate noir's complex construction of gender with its weak ambivalent males and predatory femmes fatales and also provide a detailed analysis of three noir auteurs Anthony Mann Robert Siodmak and Fritz Lang Three chapters investigate neo noir and British film noir chapters trace the complex evolution of neo noir in American cinema from the modernist critiques of *Night Moves* and *Taxi Driver* to the postmodern hybridity of contemporary noir including *Seven Pulp Fiction* and *Memento* the final chapter surveys the development of British film noir a significant and virtually unknown cinema stretching from the thirties to Mike Hodges Croupier Films discussed include both little known examples and seminal works such as *Double Indemnity* *Scarlet Street* *Kiss Me Deadly* and *Touch of Evil* A final section provides a guide to further reading an extensive bibliography and a list of over 500 films referred to in the text Lucidly written *Film Noir* is an accessible informative and stimulating introduction that will have a broad appeal to undergraduates cin astes film teachers and researchers

**The Marxist and the Movies** Larry Ceplair,2007-11-16 As part of its effort to expose Communist infiltration in the United States and

eliminate Communist influence on movies from 1947 1953 the House Committee on Un American Activities subpoenaed hundreds of movie industry employees suspected of membership in the Communist Party Most of them including screenwriter Paul Jarrico 1915 1997 invoked the Fifth Amendment and refused to answer questions about their political associations They were all blacklisted In *The Marxist and the Movies* Larry Ceplair narrates the life movie career and political activities of Jarrico the recipient of an Oscar nomination for his screenplay for *Tom Dick and Harry* 1941 and the producer of *Salt of the Earth* 1954 one of the most politically besieged films in the history of the United States Though Jarrico did not reach the upper echelon of screenwriting he worked steadily in Hollywood until his blacklisting He was one of the movie industry's most engaged Communists working on behalf of dozens of social and political causes *Song of Russia* 1944 was one of the few assignments that allowed him to express his political beliefs through his screenwriting craft Though MGM planned the film as a conventional means of boosting domestic support for the USSR a wartime ally of the United States it came under attack by a host of anti Communists Jarrico fought the blacklist in many ways and his greatest battle involved the making of *Salt of the Earth* Jarrico other blacklisted individuals and the families of the miners who were the subject of the film created a landmark film in motion picture history As did others on the blacklist Jarrico decided that Europe offered a freer atmosphere than that of the cold war United States Although he continued to support political causes while living abroad he found it difficult to find remunerative black market screenwriting assignments On the scripts he did complete he had to use a pseudonym or allow the producers to give screen credit to others Upon returning to the United States in 1977 he led the fight to restore screen credits to the blacklisted writers who like himself had been denied screen credit from the late 1940s to the mid 1960s Despite all the obstacles he encountered Jarrico never lost his faith in the progressive potential of movies and the possibility of a socialist future *The Marxist and the Movies* details the relationship between a screenwriter's work and his Communist beliefs From Jarrico's immense archive interviews with him and those who knew him best and a host of other sources Ceplair has crafted an insider's view of Paul Jarrico's life and work placing both in the context of U S cultural history
