Radical Takeoffs:

The Fascist Persuasion in Radical Politics A. James Gregor, 2015-03-08 How valid are the assertions of contemporary radicals who insist that they are Marxists A James Gregor measures the distance that separates today's radicals from the belief system of Marx and Engels He finds that the characteristic qualities of modern mass mobilizing movements bear more impressive similarities to the paradigmatic Fascism of Benito Mussolini than to classical Marxism Thus he offers a new conceptual framework for the analysis of contemporary totalitarian movements and established regimes Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Generally Speaking Sandra Shores Brown, 2013-08 Behind me stretch four generations of military lives This book is for the most part the story of my life as the daughter of a two star general and the wife of a three star general It recounts the fascinating lands I was either fortunate enough to reside in or visit and as an adult I went into these civilizations and continents with fire in my belly to capture the cultures the landscape and the people with my two Nikons hanging off my neck Even after retirement it was hard to shed my peripatetic life style so I went to China Bali Kuala Lumpur and Singapore It's a story about doing the best you can with the cards you are dealt about making your way through difficult moments and supporting your children and your husband and keeping it all together The military is not an easy life but it is a good one And I do not hesitate to recount some of the more wretched events For the most part it has been a charmed life I write about unique incidents having a gun fired at my car on an early morning trip to the airport in Bangkok Of a shoot out in a Pamplona Spain square and of being reunited with a childhood friend in Oslo Norway then a young prince and at the time of the visit the Crown Prince and now the King During our two year Italian Odyssey we received a letter from the Countess Chinigo of Ravello for a dinner at her villa above the Amalfi Coast We did not answer But on the second effort we did and thus visited her numerous times in her little gem of a villa I was a lucky lucky woman

How to Read Plans and

Take off Bills of Material WM.A. Radford ,1925 *Takeoff* Cyril M. Kornbluth,2023-11-11 Cyril M Kornbluth s *Takeoff* is a masterful exploration of the human condition set against the backdrop of a future where space exploration is not merely a sci fi dream but a looming reality The novella is characterized by Kornbluth s signature blend of satirical wit and poignant social commentary encapsulating the anxieties of the 1950s concerning scientific advancement and its ethical implications With a narrative style that deftly alternates between light hearted humor and serious reflection Kornbluth deftly critiques society s obsession with technology making readers question the moral responsibilities that accompany progress Cyril M Kornbluth a seminal figure in mid 20th century science fiction drew inspiration from his experiences during World War II where the rapid advancement of technology brought both innovation and destruction His intimate understanding of the intersection between humanity and technology informs the ethical dilemmas presented in *Takeoff* A prolific writer known for his collaborative works with fellow sci fi luminary Frederik Pohl Kornbluth s literary prowess shines brightly in this thought provoking narrative *Takeoff* is highly recommended for readers who appreciate incisive social commentary wrapped in an engaging narrative It not only serves as a lens through which to examine our present concerns about technology and its impact on society but also as a timeless warning about the perils of progress devoid of ethical consideration Dive into Kornbluth s world and allow yourself to consider the true cost of our aspirations **Arizona Ice Tea** James Elliott McCall,2019-10-03 The year is 1988 Naval Intelligence Service Vice Admiral Mark J Malibu Bowman is on the verge of putting a 45 caliber round in his own temple In a single moment his Gulfstream III has been torn from the sky taking with it the two women who made his life what it is He is stopped in his intention by the arrival of his replacement He agrees to take on a mysterious suicidal assignment in the desolation of Southern Arizona Once there he becomes embroiled in a project leading to a plot hatched by the President himself to take over the world Malibu s investigation into the conspiracy leads him to form an alliance with Vierte Reich the Fourth Reich with world domination plans of their own A romantic alliance with a hard core attractive bar owner further complicates his mission And this is just the beginning He is joined by Dallas Raines his former Executive Officer After 9 11 the conspiracy goes to places that will kill millions It is up to them to overcome the opposition and stop it

The radicals Thomas Francis Wade,Sir Walter Hillier,1903 **Radical Campus** Hugh Johnston,2009-09-01 This engaging history of a university and an era traces the formative years of Simon Fraser University in Burnaby BC SFU was born in a period of ferment and flux when ideas about education were changing so rapidly and the western world was starting to feel the impact of student activism the Civil Rights movement and opposition to the Vietnam War Promoted as an open innovative university SFU attracted more mature students and far younger and more idealistic faculty than other schools The stage was set for educational and political fireworks *Radical Campus* traces those first exhilarating confusing and profoundly educational years from the search for an architect who could produce an extraordinary design to the hiring of young professors from all over the world to the uproar caused when Chancellor Gordon Shrum declared himself against

tenure for faculty All contributed to SFU s reputation as a radical difficult obstreperous place In fact the university rapidly became a lightning rod in an unforgettably creative era in post secondary education in the Western world From the tumult of its first years SFU has emerged to become one of Canada s most respected universities youthful energetic regorous and still growing and learning Rules for Radicals Saul Alinsky,2010-06-30 This country s leading hell raiser The Nation shares his impassioned counsel to young radicals on how to effect constructive social change and know the difference between being a realistic radical and being a rhetorical one First published in 1971 and written in the midst of radical political developments whose direction Alinsky was one of the first to question this volume exhibits his style at its best Like Thomas Paine before him Alinsky was able to combine both in his person and his writing the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition **The Economics of**

Take-Off into Sustained Growth W. Rostow,R. Baker Jr,2016-04-30 Takeoff at Mid-century Stuart I. Rochester,1976

Reforming the Investment Climate Sunita Kikeri,Thomas John Kenyon,Vincent Palmade,2006-01-01 This paper analyzes the administrative political and technical challenges involved in passing and implementing investment climate reforms in developing countries Drawing on more than 25 case studies the authors emphasize the role of international benchmarking in triggering reform the importance of pilot projects for policy learning and experimentation and the need to treat implementation and monitoring as an integral part of the reform process and not merely as an afterthought *Zhu Rongji And China's Economic Take-off* John Wong,2016-04-25 Following Deng Xiaoping s economic reform and opening Gaige Kaifang policy China experienced unprecedented high growth for over three decades Crucial in the process was the role of Zhu Rongji who was hand picked by Deng initially as Executive Vice Premier and later full Premier to carry through the needed reform and manage the critical marketization process through the turbulent 1990s when China s economy suffered many ups and downs Dubbed as China s Economic Czar Zhu tackled many thorny problems associated with the country s then half reformed economy ably and effectively thereby laying the ground for subsequent periods of greater dynamic growth Zhu was instrumental in preparing China s economy for its final take off The chapters in this volume were originally written as policy briefings for the Singapore government from 1997 to 2003 when Zhu was Premier They cover a wide variety of topics including how he had applied his own way of macroeconomic control Hongguan Tiaokong how he went about reforming taxation foreign exchange and state owned enterprises and finally his embrace of capitalism Each chapter is preceded by a detailed introduction highlighting the main issues and interpreting them from today s perspective based on updated information and additional new research *Take Off into English Teaching!* Nicholas McGuinn,2017-09-01 Planning to become a secondary English teacher This must have guide contains everything you need to know before embarking on your training programme From your reflections on your chosen course and your preparations for interview to thinking about the demands of school based training this book encourages you to engage with the challenges of teaching in a

realistic and enthusiastic manner It aims to answer the question What should trainees know understand and be able to do before they start the training programme Written in a practical accessible and thought provoking style each chapter is packed full of reflective points discussion questions and a wealth of activities and examples It explores key aspects of practice including target setting and progression as well as observing and being observed and offers advice on tricky topics such as how to accept and build upon criticism and how to take responsibility for your professional development There are numerous opportunities to reflect upon your subject knowledge in order to help you celebrate what you know already as well as to identify what you still need to find out before you begin Above all the book encourages you to think about what English teaching means to you You are invited to engage with core issues related to theory curriculum and assessment before exploring these issues in the context of the school Although Take Off into English Teaching is written for trainee teachers and teachers of Secondary English many of the issues it covers will be highly relevant for school and academic staff trainees and training staff involved in secondary education generally

Take Off Your Glasses and See Jacob Liberman,2011-06-22 This revolutionary new look at vision will broaden your understanding of how you see and how you can see without your glasses or contact lenses Take Off Your Glasses and See shows you how to free yourself from the crutch of prescription lenses to build your self confidence and awareness and to open up your inner and outer vision in order to see more clearly Jacob Liberman an internationally recognized authority on holistic vision care explains how most vision problems are the result of an unconscious decision to close your eyes to emotional discomfort or pain and how increasingly powerful corrective lenses only encourage eyesight to withdraw even further By removing lenses and practicing breath and movement awareness techniques to shift your perception you can reintegrate the original disruption in the mind body system Dr Liberman s approach can help you join the thousands who have escaped from the self defeating cycle of poor vision

Vertical Take-off and Landing (VTOL) Rotorless Aircraft with Inherent Stability Isidor B Laskowitz,1961 **Second Takeoff: Strategies For Malaysia's Economic Resurgence** Chin Tong Liew,2024-07-01 The Malaysian economy is at a crossroads amid global and regional shifts in geopolitics Malaysia

is in a prime position to benefit from the renewed appetite for investment into the region If Malaysia gets its priorities right this could be the beginning of the country s next economic takeoff An updated collection of Chin Tong s writings on economics society and governance over the years this book provides policy suggestions to catapult Malaysia s development to the league of high income nations amid ongoing geopolitical trends Central to his thesis is the need for Malaysia to create a middle class society in which the economic structure supports the creation of dignified jobs with decent pay for all Malaysians Chin Tong is no stranger to the centrality of jobs in the pursuit of a good life having grown up selling lottery tickets alongside his mother and waiting tables as a teenager to make ends meet for his working class family His eventual experience as a Member of Parliament for over a decade and a Deputy Minister in two different administrations further confirmed his beliefs that good jobs are the crucial missing component in Malaysia s growth engine In this book Chin Tong takes us on a whirlwind tour of Malaysia s socio economic history what went wrong after the first growth miracle of 1988 1997 and how to make things right this time around Ultimately the book tells the story of how to fulfil Chin Tong s undying wish for a Malaysia where everyone has a chance to live a good life with a good job under a responsible and kind state
