## **Radical Right Report On John Birch Society And Its Allies:**

The radical right Benjamín R. Epstein, **The World of the John Birch Society** D. Mulloy, 2014-06-27 As far as members of the hugely controversial John Birch Society were concerned the Cold War revealed in stark clarity the loyalties and disloyalties of numerous important Americans including Dwight Eisenhower John Kennedy and Earl Warren Founded in 1958 as a force for conservative political advocacy the Society espoused the dangers of enemies foreign and domestic including the Soviet Union organizers of the US civil rights movement and government officials who were deemed soft on communism in both the Republican and Democratic parties Sound familiar In *The World of the John Birch Society* author D J Mulloy reveals the tactics of the Society in a way they've never been understood before allowing the reader to make the connections to contemporary American politics up to and including the Tea Party These tactics included organized dissemination of broad based accusations and innuendo political brinksmanship within the Republican Party and frequent doomsday predictions regarding world events At the heart of the organization was Robert Welch a charismatic writer and organizer who is revealed to have been the lifeblood of the Society's efforts The Society has seen its influence recede from the high water mark of 1970s but the organization still exists today Throughout *The World of the John Birch Society* the reader sees the very tenets and practices in play that make the contemporary Tea Party so effective on a local level Indeed without the John Birch Society paving the way the Tea Party may have encountered a dramatically different political terrain on its path to power **The Radical Right** Benjamin R. Epstein, Arnold Forster, 1967 An analysis of the John Birch Society its organization and propaganda techniques and its anti-Semitism and anti civil rights activities The Oxford Handbook of the Radical Right Jens Rydgren, 2018 The radical right an introduction Jens Rydgren Ideology and discourse The radical right and nationalism Tamir Bar On The radical right and islamophobia Aristotle Kallis The radical right and anti-semitism Ruth Wodak The radical right and populism Hans Georg Betz The radical right and fascism Nigel Copsey The radical right and euroscepticism Sofia Vasilopoulou Issues Explaining electoral support for the radical right Kai Arzheimer Party systems and radical right wing parties Herbert Kitschelt The radical right and gender Hilde Coff Globalization cleavages and the radical right Simon Bornschier Party organization and the radical right David Art Charisma and the radical right Roger Eatwell Media and the radical right Antonis A Ellinas The non party sector of the radical right John Veugelers and Gabriel Menard The political impact of the radical right Michelle Hale Williams The radical right as social movement organizations Manuela Caiani and Donatella Della Porta Youth and the radical right Cynthia Miller Idriss Religion and the radical right Michael Minkenberg Cross national links and international cooperation Manuela Caiani Political violence and the radical right Leonard Weinberg and Eliot Assoudeh Case studies The radical right in France Nonna Mayer The radical right in Germany Austria and Switzerland Uwe Backes The radical right in Belgium and the Netherlands Joop J M van Holsteyn The radical right in Southern Europe Carlo Ruzza The radical right in the UK Matthew J Goodwin and James Dennison The radical right

**Confronting Right Wing Extremism and Terrorism in the USA** George Michael, 2003-09-02 This study draws upon declassified government documents NGO reports and extremist literature to provide a thought provoking account of the extreme right challenge in America It will provide an invaluable resource to students of terrorism political violence and right wing extremism as well as appealing to the general reader with an interest in contemporary American politics Jacket The Radio Right Paul Matzko, 2020 In this book Paul Matzko tells the story of the emergence of ultra conservative radio in the 1960s and reveals the Kennedy administration's involvement in a censorship campaign against conservative broadcasters The Radio Right provides the essential pre history for the last four decades of conservative activism as well as the historical context for current issues of political bias and censorship in the media Anti-Communism in Twentieth-Century America Larry Ceplair, 2011-10-05 This compelling critical analysis of anti communism illustrates the variety of anti Communist styles and agendas thereby making a persuasive case that the threat of domestic communism in Cold War America was vastly overblown In the United States today communism is an ideology or political movement that barely registers in the consciousness of our nation Yet merely half a century ago communist was a buzzword that every citizen in our nation was aware of a term that connoted traitor and almost certainly a characterization that most Americans were afraid of Anti Communism in Twentieth Century America A Critical History provides a panoramic perspective of the types of anti communists in the United States between 1919 and the collapse of the Soviet Union It explains the causes and exceptional nature of anti communism in the United States and divides it into eight discrete categories This title then thoroughly examines the words and deeds of the various anti Communists in each of these categories during the three Red Scares in the past century The work concludes with an unapologetic assessment of domestic anti communism This book allows readers to more fully comprehend what the anti communists meant with their rhetoric and grasp their impact on the United States during the 20th century and beyond for example how anti communism has reappeared as anti terrorism **What's Fair on the Air?** Heather Hendershot, 2011-07-15 The rise of right wing broadcasting during the Cold War has been mostly forgotten today But in the 1950s and 60s you could turn on your radio any time of the day and listen to diatribes against communism civil rights the United Nations fluoridation federal income tax Social Security or JFK as well as hosannas praising Barry Goldwater and Jesus Christ Half a century before the rise of Rush Limbaugh and Glenn Beck these broadcasters bucked the FCC's public interest mandate and created an alternate universe of right wing political coverage anticommunist sermons and pro business bluster A lively look back at this formative era What's Fair on the Air charts the rise and fall of four of the most

prominent right wing broadcasters H L Hunt Dan Smoot Carl McIntire and Billy James Hargis By the 1970s all four had been hamstrung by the Internal Revenue Service the FCC s Fairness Doctrine and the rise of a more effective conservative movement But before losing their battle for the airwaves Heather Hendershot reveals they purveyed ideological notions that would eventually triumph creating a potent brew of religion politics and dedication to free market economics that paved the way for the rise of Ronald Reagan the Moral Majority Fox News and the Tea Party **Dog Whistle Politics** Ian

Haney-López,2014 Sweeping and definitive account of how politicians and plutocrats deploy veiled racial appeals to persuade white voters to support policies that favor the extremely rich yet threaten their own interests **To Right These Wrongs**

Robert R. Korstad,James L. Leloudis,2011-01-20 When Governor Terry Sanford established the North Carolina Fund in 1963 he saw it as a way to provide a better life for the tens of thousands whose family income is so low that daily subsistence is always in doubt Illustrated with evocative photographs by Billy Barnes To Right These Wrongs offers a lively account of this pioneering effort in America s War on Poverty Robert Korstad and James Leloudis describe how the Fund s initial successes grew out of its reliance on private philanthropy and federal dollars and its commitment to the democratic mobilization of the poor Both were calculated tactics designed to outflank conservative state lawmakers and entrenched local interests that nourished Jim Crow perpetuated one party politics and protected an economy built on cheap labor By late 1968 when the Fund closed its doors a resurgent politics of race had gained the advantage led by a Republican Party that had reorganized itself around opposition to civil rights and aid to the poor The North Carolina Fund came up short in its battle against poverty but its story continues to be a source of inspiration and instruction for new generations of Americans [Encyclopaedia of Propaganda](#)

Robert Cole,2022-03-24 The Encyclopedia of Propaganda examines all aspects of propaganda through history and is organized in an A to Z format The set defines the arenas in which propaganda is used such as politics war advertising and media pinpoints the political systems in which it is used such as Nazism Communism and McCarthyism and describes notable progenitors of propaganda and their works including Hitler and Mein Kampf Machiavelli and The Prince Sun Tzu and The Art of War and Plato and The Republic The Encyclopedia of Propaganda also examines noteworthy individuals who have employed propaganda to further their own agenda including Walt Disney Fidel Castro Jane Fonda the Rev Jerry Falwell Saddam Hussein Rush Limbaugh and Eleanor Roosevelt Organizations which have utilized propaganda in a systematic fashion are also included among them the Black Panther Party the Sandinista National Liberation Front and the People for Ethical Treatment of Animals This well organized easy to use reference should be a valuable research tool for students of world history politics and literature **American Psychosis** David Corn,2022-09-13 1

New York Times bestselling author and investigative reporter David Corn tells the wild and harrowing story of the Republican Party s decades long relationship with far right extremism bigotry and paranoia A fast paced rollicking behind the scenes account of how the GOP since the 1950s has encouraged and exploited extremism bigotry and paranoia to gain power American Psychosis offers readers a

brisk can you believe it journey through the netherworld of far right irrationality and the Republican Party's interactions with the darkest forces in America In a compelling and thoroughly researched narrative Corn reveals the hidden history of how the Party of Lincoln forged alliances with extremists kooks racists and conspiracy mongers and fostered fear anger and resentment to win elections and how this led to Donald Trump's triumph and the transformation of the GOP into a Trump personality cult that foments and bolsters the crazy and dangerous excesses of the right The Trump incited insurrectionist attack on the US Capitol on January 6 2021 was no aberration American Psychosis shows it was a continuation of the long and deep rooted Republican practice of boosting and weaponizing the rage and derangement of the right The gripping tale in American Psychosis covers the last seven decades From McCarthyism to the John Birch Society to segregationists to the New Right to the religious right to Rush Limbaugh to Newt Gingrich to the militia movement to Fox News to Sarah Palin to the Tea Party to Trumpism the Republican Party has deliberately nurtured and exploited rightwing fear and loathing fueled by paranoia grievance and tribalism This powerful and important account explains how one political party has harnessed the worst elements in politics to poison the nation's discourse and threaten American democracy Corn is a great journalist I love the way he thinks I love the way he writes I'm so glad he's done a super readable modern history of the right We just need smart digestible history about this stuff right now American Psychosis is perfectly timed Relevant history for where we are right now Rachel Maddow host The Rachel Maddow Show With American Psychosis David Corn did the full homework to take us all the way back to where it really begins Lawrence O'Donnell host The Last Word

*Women of the Right* Kathleen M. Blee, Sandra McGee Deutsch, 2015-06-29 In *Women of the Right* Kathleen M Blee and Sandra McGee Deutsch bring together a groundbreaking collection of essays examining women in right wing politics across the world from the early twentieth century white Afrikaner movement in South Africa to the supporters of Sarah Palin today The volume introduces a truly global perspective on how women matter in the national and transnational links and exchanges of rightist politics Suitable for classroom use it sets a new agenda for scholarship on women on the right Aside from the editors the contributors are Nancy Aguirre Karla J Cunningham Kirsten Delegard Kathleen M Fallon Kate Hallgren Randolph Hollingsworth Jill Irvine Vandana Joshi Carol S Lilly Annette Linden Julie Moreau Margaret Power Mariela Rubinzal Daniella Sarnoff Ronnee Schreiber Meera Sehgal Louise Vincent and Veronica A Wilson

*Rabble Rousers* Clive Webb, 2010 The decade following the 1954 Brown v Board of Education decision saw white southerners mobilize in massive resistance to racial integration Most segregationists conceded that ultimately they could only postpone the demise of Jim Crow Some militant whites however believed it possible to win the civil rights struggle Histories of the black freedom struggle when they mention these racist zealots at all confine them to the margin of the story These extremist whites are caricatured as ineffectual members of the lunatic fringe Civil rights activists however saw them for what they really were calculating dangerous opponents prepared to use terrorism in their stand against reform To dismiss white militants is to underestimate the challenge they posed to the movement and in

turn the magnitude of civil rights activists accomplishments The extremists helped turn massive resistance into a powerful political phenomenon While white southern elites struggled to mobilize mass opposition to racial reform the militants led entire communities in revolt Rabble Rousers turns traditional top down models of massive resistance on their head by telling the story of five far right activists Bryant Bowles John Kasper Rear Admiral John Crommelin Major General Edwin Walker and J B Stoner who led grassroots rebellions It casts new light on such contentious issues as the role of white churches in defending segregation the influence of anti-Semitism in southern racial politics and the divisive impact of class on white unity The flame of the far right burned brilliantly but briefly In the final analysis violent extremism weakened the cause of white southerners Tactical and ideological tensions among massive resisters as well as the strength and unity of civil rights activists accelerated the destruction of Jim Crow      Decade of Disillusionment Jim F. Heath, 1975 Discusses the decade of the Sixties in America the administrations of two Democratic Presidents Kennedy and Johnson and the war in Vietnam

*George C. Wallace and the Politics of Powerlessness* Jody Carlson, 2023-04-14 This is the only complete study of the Wallace phenomenon It covers all of the presidential campaigns and views Wallace from a variety of vantage into historical context content analysis of speeches and analysis of election data including voting statistics and attitudinal patterns of supporters *Politics of Powerlessness* examines nationwide support for George C Wallace in the presidential campaigns of 1964 1968 1972 and 1976 A number of election and candidate preference surveys are used as sources of data on supporters An understanding of Wallace's appeal is provided through an examination of themes noted throughout his speeches and an analysis of his political history from biographical sources personal interviews and newspaper accounts of the time The picture of Wallace that emerges is one of a man who saw himself as a crusader for his supporters interests while deliberately heightening and intensifying their feelings of powerlessness as a means of getting votes Carlson shows that Wallace voters were not marginal They did not reflect a loss of status nor were they simply outside the mainstream of political life They were very much like major party voters with the exception of their feelings of political powerlessness that came about by increased government participation in state politics This work informed not only by a careful analysis but by interviews with Wallace many of his followers and people active in his campaigns The work has the additional advantage of having follow up analyses and interviews as late as 1978 In this sense it represents not only a scholarly analysis of the Wallace phenomenon but the most up to date analysis as well      **The Other Side of the Sixties** John A. Andrew, 1997 Contains primary source documents

**What's Good for Business** Kim Phillips-Fein, Julian E. Zelizer, 2012-04-12 This volume showcases the most exciting new voices in the fields of business and political history While the media frequently warns of the newfound power of business in the world of politics the authors in this book demonstrate that business has mobilized to shape public policy and government institutions as well as electoral outcomes for decades Rather than assuming that business influence is inevitable the chapters explore the complex evolution of this relationship in a wide range of different arenas from attempts to create a

corporate friendly tax policy and regulations that would work in the interests of particular industries to local boosterism as a weapon against New Deal liberalism to the nexus between evangelical Christianity and the oil industry to the frustrations that business people felt in struggles with public interest groups The history that emerges show business actors organizing themselves to affect government in myriad ways sometimes successfully but other times with outcomes far different than they hoped for The result in an image of American politics that is more complex and contested than it is often thought to be The essays represent a new trend in scholarship on political economy one that seeks to break down the barriers that once separated old subfields to offer a vision of the economy as shaped by politics and political life influenced by economic relationships

*Encyclopedia of American Civil Rights and Liberties* Kara E. Stooksbury, John M. Scheb II, Otis H. Stephens Jr., 2017-09-21 Thoroughly updated and featuring 75 new entries this monumental four volume work illuminates past and present events associated with civil rights and civil liberties in the United States This revised and expanded four volume encyclopedia is unequalled for both the depth and breadth of its coverage Some 650 entries address the full range of civil rights and liberties in America from the Colonial Era to the present In addition to many updates of material from the first edition the work offers 75 new entries about recent issues and events among them dozens of topics that are the subject of close scrutiny and heated debate in America today There is coverage of controversial issues such as voter ID laws the use of drones transgender issues immigration human rights and government surveillance There is also expanded coverage of women's rights gay rights gay marriage and Native American rights Entries are enhanced by 42 primary documents that have shaped modern understanding of the extent and limitations of civil liberties in the United States including landmark statutes speeches essays court decisions and founding documents of influential civil rights organizations Designed as an up to date reference for students scholars and others interested in the expansive array of topics covered the work will broaden readers understanding of and appreciation for the people and events that secured civil rights guarantees and concepts in this country At the same time it will help readers better grasp the reasoning behind and ramifications of 21st century developments like changing applications of Miranda Rights and government access to private Internet data Maintaining an impartial stance throughout the entries objectively explain the varied perspectives on these hot button issues allowing readers to draw their own conclusions

**The Politics of Rage** Dan T. Carter, 2000-02-01 Combining biography with regional and national history Dan T Carter chronicles the dramatic rise and fall of George Wallace a populist who abandoned his ideals to become a national symbol of racism and later begged for forgiveness In *The Politics of Rage* Carter argues persuasively that the four time Alabama governor and four time presidential candidate helped to establish the conservative political movement that put Ronald Reagan in the White House in 1980 and gave Newt Gingrich and the Republicans control of Congress in 1994 In this second edition Carter updates Wallace's story with a look at the politician's death and the nation's reaction to it and gives a summary of his own sense of the legacy of the most important loser in twentieth century American

politics

If you ally obsession such a referred **Radical Right Report On John Birch Society And Its Allies** ebook that will present you worth, acquire the enormously best seller from us currently from several preferred authors.
