Theology and Conversation Jacques Haers, P. De Mey, 2003 This collection of articles presents the main contributions to the third LEST Louvain Encounters in Systematic Theology conference held at the KU Leuven's Faculty of Theology November 2001 Its theme Theology and Conversation Towards a Relational Theology continues the explorations in contemporary theology as set out in the 1997 LEST I conference on The Myriad Christ BETL 152 and in the 1999 LEST II conference on Sacramental Presence in Postmodern Context BETL 160 In LEST III also the plurality and diversity of theological approaches play a major role and the question is raised whether the contemporary theological endeavour in a global world contains in itself the tools to respectfully and constructively approach this diversity The ideas of relation and conversation as found in the theologies of the Trinity and of creation as presupposed in ecclesial praxis and as articulated in reflections that take their bearings from spiritual experience provide a powerful means for renewed theological reflection capable of confronting plurality and diversity

Decolonizing Equity Billie Allan, Rhonda Hackett, 2022-05-15T00:00:00Z Institutions everywhere seem to be increasingly aware of their roles in settler colonialism and anti Black racism As such many racialized workers find themselves tasked with developing equity plans for their departments associations or faculties This collection acknowledges this work as both survival and burden for Black Indigenous and racialized peoples It highlights what we already know and are already doing in our respective areas and offers a vision of what equity can look like through a decolonial lens What helps us to make this work possible How do we take care with ourselves and each other in this work What does solidarity collaboration or allyship look like in decolonial equity work What are the implicit and explicit barriers we face in shifting equity discourse policy and practice and what strategies skills and practices can help us in creating environments and lived realities of decolonial equity This edited collection centres the voices of Indigenous Black and other racialized peoples in articulating a vision for decolonial equity work Specifically the focus on decolonizing equity is an invitation to re-articulate what equity work can look like when we refuse to separate ideas of equity from the historical and contemporary realities of colonialism in the settler colonial nation states known as Canada and the United States and when we insist on linking an equity agenda to the work of decolonizing our shared realities

In Praise of Psychotherapists James M. McMahon, 2002 In Praise of Psychotherapists gets to the heart of what really happens between two people in psychotherapy James M McMahon boldly confronts the problems in the profession that have wounded psychotherapy particularly over the past two decades He challenges the daunting theory political infighting unexamined personal and professional shame narcissism and fusion topped off by the managed care cabal that have left the profession and its intended beneficiaries reeling Still McMahon maintains that an inexorable power of growth is unleashed when two people commit themselves to the examination of personal struggle and he demonstrates the conditions necessary for that explosion of awareness to occur in a way never before shown Not since Carl Rogers has a psychologist written with such courage compassion and insight Dr McMahon brings a completely fresh perspective to understanding human experience and opens a previously unknown window into the subject of human change He is the rare psychotherapist who writes of his work with such brilliance and beauty as to be inspirational Ken Byrne Psy D CEO The Balint Group Melbourne Australia

The Philosophy of Forgiveness - Volume IV Gregory L. Bock, 2019-04-01 The Philosophy of Forgiveness Volume IV Christian Perspectives on Forgiveness is a collection of essays that explores different Christian views on forgiveness Each essay takes up a different topic such as the nature of divine forgiveness the basis for forgiving our enemies and the limits of forgiveness In some chapters the views of different philosophers and theologians are explored figures such as St John Climacus Bonaventure and Nietzsche In other chapters the concept of forgiveness is analyzed in light of historical events such as the Nickel Mines shooting the Charleston shooting and the Armenian genocide The contributors to the volume come from different backgrounds including philosophy theology and psychology The essays are written for scholars in the humanities social sciences and theology as well as graduate students and upper division undergraduate students

Inwardness and

Morality Eric Wolf Fried,2005-01-01 This book reminds us that in inwardness I am in myself It defines our experience in terms of subjectivity private self awareness and complex relationships between interiority and outwardness The book shows that our inwardness need not confine us to narcissistic self absorption but may expand our capacity for richer more sympathetic relations with others

Transcending Reason Matthew Burch,Irene McMullin,2020-08-17 The received view of Martin Heidegger s work is that he leaves little room for reason in the practice of philosophy or the conduct of life Citing his much scorned remark that reason is the stiff necked adversary of thought critics argue that Heidegger s philosophy effectively severs the tie between reason and normativity leaving anyone who adheres to his position without recourse to justifying reasons for their beliefs and actions Transcending Reason is a collection of essays by leading Heidegger scholars that challenges this view by exploring new ways to understand Heidegger s approach to the relationship between reason normativity and the philosophical methodology that gives us access to these issues The volume points to Heidegger s novel approach to reason understood in terms of what he calls Dasein s transcendence the ability to occupy the world as a space of normatively structured meanings in which we navigate our striving to be By examining the strengths and weaknesses of this new and innovative take on Heidegger s philosophy this collection considers the possibility that he does not sever but rather reconceives the relation between reason and normativity

Chained to the Desk in a Hybrid World Bryan E. Robinson,2023-05-02 A step by step guide to reestablishing work life balance Americans love a hard worker The employee who toils eighteen hour days and eats meals on the run between appointments is usually viewed with a combination of respect and awe But for many this lifestyle leads to family problems a decline in work productivity and ultimately physical and mental burnout Intended for anyone touched by what Robinson calls the best dressed problem of the twenty first century Chained to the Desk in a Hybrid World provides an inside look at the impact of work stress on those who live and work with workaholics partners spouses children and colleagues as well as the appropriate techniques for clinicians who treat them This groundbreaking book builds on the research included in three previous editions of Chained to the Desk from the best selling author and widely respected family therapist Bryan E Robinson In the wake of the COVID 19 pandemic and the rise of working from home Robinson finds that the agonies of work stress have only become more challenging Recent years have seen an unprecedented shift to remote work which has made it significantly harder to maintain the already delicate work life balance weakened as it is by smartphones and other technology The result is that many workaholics are more stressed and burnt out than ever before in their work despite being constantly in the presence of family Chained to the Desk in a Hybrid World both counsels and consoles It provides a step by step guide to help readers spot understand and ultimately recover from workaholism

The Challenge of Evil William Greenway,2016-12-02 Belief in God in the face of suffering is one of the most intractable problems of Christian theology Many respond to the spiritual challenge of evil by ignoring it blaming God or insisting on the inherent meaninglessness of life In this book William Greenway contends that we don t have to deny

our moral selves by either ignoring evil or abandoning our moral sensibilities toward it We can open our eyes fully to suffering and evil and our own complicity in them We can do so because it is only in this full acceptance of the world's guilt and our own that we make ourselves fully open to agape to being seized by love of others and God Inspired by the Jewish philosopher Emmanuel Levinas and the Christian novelist Fyodor Dostoyevsky *The Challenge of Evil* lovingly explains how we can look squarely at the overwhelming suffering in the world and still by grace have faith in a good and loving God

Burning Man Linda Noveroske-Tritten, 2024-02-06 This book centers on a philosophical analysis of creative acts at the Burning Man Festival and their roles in wider social change With particular focus on the Ten Principles of Burning Man Linda Noveroske Tritten posits a re interpretation of common notions of self and other as they apply to identity difference and the ways that these personal impulses ripple outward from changing individuals into changing societies Such radical re imagination of ideology can be most powerful when it occurs in spaces of otherness of heterotopia This study casts Burning Man as a heterotopia not only to destabilize what we think we know about visual art performance and creative encounters but also bring these acts into an attitude of immediacy that facilitates previously unimagined behavior and opens out artistic drive into the unknown This book would be of value for scholars and practitioners in Performance Studies Theatre and Dance Art History Psychology Phenomenology Humanities Architecture and Urban Studies *Teacher Burnout from a Complex Systems Perspective* Carol Griffiths, 2025-04-28 This edited book investigates the factors contributing to teacher burnout and its potential consequences Topics include the relationship of burnout to cultural identity modality and job satisfaction and chapters discuss various settings such as the English as a Medium of Instruction EMI classroom secondary and primary schools The book aims to provide possible solutions and ways forward for tackling the issue of burnout both at a personal and systemic level It will be of interest to students and scholars in the fields of teacher education wellbeing school and schooling as well as practising teachers and school leadership
