Radionic Healing Is It For You:

Radionic Healing David V. Tansley, 1988 *Distant Healing Manual* , *Alternative Healthcare* Jack Raso, 2013-12-05
Raso examines the philosophical underpinnings of alternative medicine as well as hands on healing Qigong and faith healing. He shows that whatever the specific philosophy the common denominator is a rejection of the scientific approach of modern medicine in favor of a belief in paranormal forces that influence the well being of mind and body. The final section is a firsthand account of Raso's many revealing visits to various alternative healthcare practitioners. The book concludes with an encyclopedic glossary of alternative healthcare terminology **The Essential Guide to Energy Healing** Ben Andron, Dr. Michael Andron, 2012-08-07
In our complex times innumerable people are stricken with disease, discomfort and pain, some from identifiable sources and others rooted deeply in psychological trauma. More and more people are turning to natural holistic therapies to supplement or replace traditional medicine, ease pain and heal the source of their suffering. *The Essential Guide to Energy Healing* illuminates the various uses of body and earth energy to mitigate disease and suffering and helps readers judge for themselves which methods will be most effective for their ailments or those of others they wish to heal. Practical steps show how to put these energies to use. Topics covered include: What energy medicine is and how it works; Magnet therapy; Light therapy; Cymatic sound therapy; Psychic healing; Therapeutic touch; Healing touch; Esoteric healing; Qi Gong healing; Reiki; Pranic healing; Crystal healing; Distant healing *The Healing Forces of Music* Randall McClellan, 2000
The Healing Forces of Music explores the shamanistic practices and musical cosmologies of the ancient world, the worlds of Eastern and Western classical forms as well as contemporary resources. McClellan takes us into basic acoustics, the process of hearing and the vibratory nature of the human body. He presents a healing method through cymatics, the effect of vibration on physical matter and also systems of healing with sound, voice and mantra. Tantric therapies and the utilization of the Endocrine Gland system and Chakra energies. He presents a thorough investigation of the physical, emotional, mental and spiritual effects of music, the characteristics of healing music, procedures for using music as a healing agent and advocates a new philosophy of music as a transcendent experience. Back cover **Radionics Interface With The Ether-Fields** David V. Tansley, 2011-08-31
This book explores the interface that exists between the human energy field and the Universal Field of energy in which we live. It shows how these fields can be utilised for distant diagnosis and treatment. It also illustrates that the surest and most effective way to ameliorate a defect in any biological system is to modulate the interacting and interdependent energy fields by way of the chakras. The same energy fields can be used to take photographs of distant objects, particularly the energy structures of living human tissues and pathological states existing in them. The vibratory patterns and potencies of homoeopathic remedies can also be drawn from the ether fields and impregnated into neutral substances such as water or alcohol solutions which have a capacity for memory. Radionics is a healing art that links the physical world with the unseen worlds lying beyond the physical senses. Diagnostically it probes to the levels of causation of

disease therapeutically it is gentle and non invasive Develop Your Intuition and Psychic Powers David Furlong,2008 Comprehensive and authoritative Develop Your Intuition and Psychic Powers uncovers the natural gifts we all possess yet often leave unused and underdeveloped Shedding the mystique that has surrounded this field and supported by scientific evidence this book shows you how to unlock your creative intuitive and perceptive skills using simple exercises In addition it will help you achieve effective decision making to find purpose and direction in life by understanding the patterns that weave through it **Radionics - Medicine of the Future** Langstone Day,George La De Warr,2021-11-08 Radionics is an extraordinary technique of energy balancing that was born at the beginning of 900 and now has operators all over the world The great English pioneer George de la Warr defined it The science that studies the action of mind on matter and the union of all things One of its peculiarities is in fact the possibility to operate at a distance By means of the radiesthetic faculty and with specific instruments the radionic operator can analyze and intervene on any system living or not living that is near him as well as on the other side of the world Although this may seem absurd the new discoveries of Physics confirm that at certain levels there is no separation and we are one as claimed by the ancient Knowledge Radionics demonstrates this daily to thousands of people around the world who use it to send or receive treatment To carry out its action Radionics uses pendulums graphs symbols shapes instruments of many types Although it uses in some cases electronic instruments it has nothing to do with this science in fact it operates exclusively at those pre physical levels which subtend matter The fields of action of Radionics are many In reality there is no sector on which it is not possible to intervene positively with this very special technique precious for the health and the future of man and of the whole planet This text offers the reader the basis for making the most of this wonderful and fascinating branch of human knowledge *Radionics and Life Force Technologies* Martin K. Ettington, Radionics is the term for machines which manipulate life forces This is often for healing or increasing psychic perceptions The Author is an engineer and has many decades of experience with the paranormal and well as time learning and experimenting with radionics devices from the 1970s While radionics devices are often considered pseudoscience those opinions don t take into account the sensitivities of individuals who have incredible paranormal and healing abilities In my first year of engineering school at Rensselaer Polytechnic Institute in Troy New York I met a man who became my mentor in the Paranormal and other things too This was in 1973 I learned to meditate and how to open my crown chakra to take in vital forces which allowed me to do many things including healing others In addition I also met another middle aged guy at a Psychic Fair in Saratoga Springs New York He was a researcher in the arcane field of Kirlian Photography In this book the history of radionics is discussed some of the major influencers on that history how these devices are used for healing and even some plans for building radionics devices My hope is that this book will give you a good grounding in radionics to learn to use it productively for your own efforts Pathways to God Dr. Robert Newton,2012-04-09 Many people profess a belief in the existence of God but very few of us are aware of the biofeedback

believes that the time is ripe for radionics to bear witness to an energy field of a more subtle nature that is in fact its innate purpose
