Maharasa Manjusa Prakriti Goswami, 2023-08-01 An annotated translation of Nandadasa's poetic rendition of the five chapters of rasa lila in the Bhagavata highlighting the text's musical legacy devotional worship and Vedantic foundations Maharasa Manjusa Sacred Poetry of the Divine Dance provides translation and scholarly commentary of Nandadasa's five chapters of rasa lila collectively known as the rasapancadhyayi In the Vaisnava tradition propounded by Vallabhacarya Nandadasa is considered to be one of the eight devotional poets whose compositions are exquisitely detailed with description of both Krsna's cosmic form and his divine play This gradually developed into a distinctive style of performing art haveli sangita which is practiced even today Maharasa Manjusa Sacred Poetry of the Divine Dance brings out the poetics narrative style and idiosyncrasies of the recitation of devotional poems from the region of Vraja in the 16th Century An exquisite specimen of devotional poetics

Nandadasa's Rasapancadhyayi is a Braja Bhasa rendition of the Bhagavata's quintet of Maharasa written in Sanskrit verse. The Bhagavata is one of the most beloved texts of Kṛṣṇa devotional traditions and the foundational scripture of Braja Vaisnavism and its five chapters describing the divine dance illustrate the ecstatic fruit of devotion. Presenting a devotee's execution of the Maharasa while examining its interpretative themes underpinned in the epistemology of Vallabhacarya Maharasa Manjusa Sacred Poetry of the Divine Dance offers an intensive view of the musical legacy a devotee's worshipful interactions and Vedantic foundations of the ecstatic devotion expressed by Nandada sa. The introductory chapters provide first compendious study of the theo-aesthetic epistemic and liturgical framework of Pustimarga's orthopraxis that have fuelled this lyrical delivery. Enriched with annotations the translations are literal while offering nuanced insights into the colloquial intricacies of Braja Bhasa poetics and the cultural expressions of the Braja region.

Dark Horse Records Aaron Badgley, 2024-11-06 In 1974 with Apple winding down George Harrison still aspired to help new artists so rather than trying to salvage Apple he set up his own label Dark Horse Records on a much smaller scale. His plan was to release records from new artists as well as some of his old friends with an eye to eventually releasing his own music. While Dark Horse had an encouraging beginning with a hit single from Splinter the label suffered increasing problems failing to establish itself in the way Harrison hoped. However some incredible and varied music was created from 1974 to 1977 including some of Harrison's best solo material. Towards the end of its initial life Dark Horse dropped most of its artists and released mainly Harrison's solo work. Thankfully since 2020 Dhani Harrison has taken the reins and has made Dark Horse viable once again signing Cat Stevens and Billy Idol and releasing music from Joe Strummer and Leon Russell. Finally in 2023 it was announced that Harrison's entire solo catalog was going to be re-released on Dark Horse. This book tells the story of the label from the beginning through its struggles and on to its exciting renaissance in the new millennium. At a very young age Aaron Badgley developed a profound love of The Beatles and music in general also developing a fascination with record labels. At the age of 19 he started working in radio and by the age of 20 he was a production manager for a number of stations in Canada. In 2005 he debuted his syndicated radio show The Beatles Universe which ran for six years. Currently he is the host of Here Today and Backwards Traveller radio shows and co-hosts From Memphis To Merseyside and The Way Back Music Machine with Tony Stuart. He writes for Spill Magazine and Immersive Audio Album. He has also contributed to the All Music Guide. Aaron resides in Toronto, Canada.
