## **Rainer Maria Rilke Und Maurice Maeterlinck:**

**Rainer Maria Rilke und Maurice Maeterlinck** Hans W. Panthel, 1973 Rainer Maria Rilke and Jugendstil Karl Eugene Webb, 2020-05-01 This study focuses on the striking relationship between one of the most important and enigmatic poets of the twentieth century and the art and artists of the Art Nouveau The author explores the depth of the relationship itself examines Rilke's activities as an art critic and analyzes the profound influence of Art Nouveau upon the themes motifs and structure of the poet's early works *Young Rilke and His Time* George C. Schoolfield, 2009 A look at neglected aspects of the early career of one of the premier poets of the German language **Rainer Maria Rilke, 1893-1908: Poetry as Process - A Poetics of Becoming** Ben Hutchinson, 2017-12-02 Rainer Maria Rilke's early verse is often seen as having little relevance to the great achievement of the middle years the *Neue Gedichte* Yet the very different styles of the juvenilia and this new maturity are united by a preoccupation with processes of motion and growth which governs both his life and work In this meticulous philological study Ben Hutchinson reassesses every level of Rilke's early poetry from its motives and metaphors to its very grammar and syntax in order to trace what he terms a poetics of becoming With careful attention to rhythm resonance and linguistic detail he illuminates both the hidden patterns of the poetry and the artistic context of the fin de siècle From its roots in the intellectual climate of the 1890s to the poems inspired by Rodin in 1908 Rilke's stylistic development is set against the surprising consistency with which he pursues this poetics of becoming Objects in Air Margareta Ingrid Christian, 2021-06-07 Margareta Ingrid Christian unpacks the ways in which around 1900 art scholars critics and choreographers wrote about the artwork as an actual object in real time and space surrounded and fluently connected to the viewer through the very air we breathe Theorists such as Aby Warburg Alois Riegl Rainer Maria Rilke and the choreographer Rudolf Laban drew on the science of their time to examine air as the material space surrounding an artwork establishing its milieu atmosphere or environment Christian explores how the artwork's external space was seen to work as an aesthetic category in its own right beginning with Rainer Maria Rilke's observation that Rodin's sculpture exhales an atmosphere and that Cezanne's colors create a calm silken air that pervades the empty rooms where the paintings are exhibited Writers created an early theory of unbounded form that described what Christian calls an artwork's ecstasis or its ability to stray outside its limits and engender its own space Objects viewed in this perspective complicate the now fashionable discourse of empathy aesthetics the attention to self-projecting subjects and the idea of the modernist self-contained artwork For example Christian invites us to historicize the immersive spatial installations and environments that have arisen since the 1960s and to consider their origins in turn of the twentieth century aesthetics Throughout this beautifully written work Christian offers ways for us to rethink entrenched narratives of aesthetics and modernism and to revisit alternatives **Modern Character** Julian Murphet, 2024-03-05 In this groundbreaking and comprehensive study Julian Murphet examines how dramatists and prose writers at the turn of the twentieth century experimented with new forms

of modern character Old truisms of character such as consistency depth and verisimilitude are eschewed in favour of inconsistency bad faith and fragmentation

Poisoned cigars seductive apparitions minds and empires in the last of their decline and the most notorious kiss in dramatic history decadent plays challenged the moral as much as the dramatic imagination of their own day and continue to probe horizons of taste and the possibilities of stagecraft In the late 19th and early 20th centuries many writers reacted to urban modernity by embracing decadent themes and styles and dramatists were no exception Decadence offered these writers a framework for exploring nonconformist identities and beliefs that challenged behavioural norms as much as the desirability of modern progress Decadent plays were at once behind the times in their celebration of antiquity and forward thinking in their staging of themes that have become all the more timely in the 21st century including queerness unconventional eroticism and critiques of empire and industrial progress Equally the diversity of decadent drama cannot be pigeon holed many of these plays still have the capacity to offend worldviews and invite us to interrogate present day conventions and propriety International in scope and eclectic in content this edited anthology is an authoritative and accessible introduction to a fast expanding field of decadent literature The first publication of its kind to deal with decadent drama and featuring plays translated into English for the first time Decadent Plays 1890 to 1930 breaks new ground by foregrounding decadence as a dramatic sensibility in this most pivotal of periods in the history of modern drama Featuring canonical and little known works by Oscar Wilde Michael Field Lesya Ukrainka Rachilde Remy de Gourmont Jean Lorrain Leonid Andreyev Gabriele D'Annunzio Maurice Maeterlinck Izumi Kyoka and Djuna Barnes this anthology is an essential introduction to decadent drama that will pique the interest of specialists and non specialists alike
