**The Sacred Place of Exile** Carla Brewington, 2013-02-01 The person of exile may be considered a wanderer a nomad a refugee or a rebel People of exile can be the marginalized the disenfranchised the outcast the left out and the pushed away Different terms are used but what defines them all is separation Exile is a dangerous and dominant theme that runs through Scripture through the lives of the people of Israel and through the universal church Women who have known the sacred place of exile are uniquely qualified to form a women's mission The case is made for a momentum shift in missiological thinking There is a desperate and aching need for a women's mission which could lead the way to a women's missionary movement The emergence of such a mission movement is indeed fraught with skepticism and suspicion from many of those inside the church and leaders in the missionary world But the radical disruptive costly following of Jesus to those outside the camp is our calling

**Meeting God on the Cross** Arnfríður Guðmundsdóttir, 2010 The cross of Christ has proven to be no less of a stumbling block for Christians living in the end of the twentieth century and the beginning of the twenty-first than it was in the first century when the newly established community of friends and followers of Jesus Christ sought to define the foundation of their faith over against the critiques of their Jewish and Greek contemporaries. This book presents a theological reception of the contemporary feminist challenge to classical christology by means of an explicit feminist retrieval and reconstruction of a theology of the cross. Guðmundsdóttir argues that a feminist theology of the cross serves a dual purpose in feminist christology: it discloses the patriarchal distortion of traditional christology and can also reveal lost dimensions in the understanding of the person and work of Jesus Christ. Although Guðmundsdóttir argues that feminist critique is an indispensable element of contemporary christology, she also claims that there is a redemptive message in the cross of Christ that is retrievable for women today. Despite its potential for abuse and indeed its well-documented history of misuse against women in the past, a theology of the cross proclaims Jesus as a divine co-sufferer who brings good news to the poor and oppressed and as such can be a source of healing and empowerment for suffering women. The constructive task of this book is to show that a theology of the cross can indeed become a theology of hope today, offering women meaning and strength from a God who takes human form and enters redemptively into their situations of suffering.

There are also treatments of the motif as it appears in other cultural expressions such as Nathaniel Hawthorne's *Scarlet Letter* and assessments of the theme's significance for contemporary theologies, in particular for feminist and pastoral approaches. The contributors represent a wide range of professional and ecclesiological backgrounds.
