Brodey, 2011-12-20 Published here for the first time in English My Individualism and The Philosophical Foundations of Literature are essays which explore issues close to famed Japanese novelist Soseki Natsume's heart the philosophical and cultural significance of isolation belonging and identity associated with rapid technological industrial and cultural change Set against the background of the Meiji era in which Soseki believed modern man was dislocated from Japan's past as well as its

future he defines the role of art and the artist in light of the loneliness and individualism of the modern world True to his self conscious style each essay includes individual biographical anecdotes inviting their allegorical reading as stories about the fate of Japan In *My Individualism* Soseki gives a rare account of his stay in London from the perspective of twelve years after his return allowing us to see the profound shift in his thinking about literature that occurred during this time In *The Philosophical Foundations of Literature* we find one of Soseki s principal attempts to provide a cross cultural framework for the interpretation of literature Together the essays reveal Soseki s attempts to create a theory of literature that is characteristically Japanese

**The Literature of Travel in the Japanese Rediscovery of China, 1862-1945** ,1996-03 This study of the writings of Japanese travelers to China from 1862 to 1945 serves both as a window onto changing Japanese images of China and as a vivid account of Sino Japanese interactions over nearly a century The year 1862 saw the lifting of the Tokugawa shogunate s ban of over two centuries on overseas contacts and Japanese travelers were able to resume contact with China which had begun some fifteen hundred years before Through the centuries China had exerted a profound influence on the development of Japanese culture and what began as a wish to adopt the latest most developed political and cultural achievements of China assumed to be the most advanced country on earth later became an effort to understand the essence of Japan by defining its difference from China This book is based upon some five hundred accounts of travel in China by Japanese only a handful of which have previously been available in Western literature

**Sino-Japanese Transculturation** Richard King,Cody Poulton,Katsuhiko Endo,2012-01-01 This is a multi author work which examines the cultural dimensions of the relations between East Asia s two great powers China and Japan in a period of change and turmoil from the late nineteenth century to the end of the Second World War This period saw Japanese invasion of China the occupation of China s North east Manchuria and Taiwan and war between the two nations from 1937 1945 the scars of that war are still evident in relations between the two countries today In their quest for modernity the rulers and leading thinkers

of China and Japan defined themselves in contradistinction to the other influenced both by traditional bonds of classical culture and by the influx of new Western ideas that flowed through Japan to China. The experiences of intellectual and cultural awakening in the two countries were inextricably linked as our studies of poetry, fiction, philosophy, theatre, and popular culture demonstrate. The chapters explore this process of transculturation, the sharing and exchange of ideas and artistic expression not only in Japan and China but in the larger region which Joshua Fogel has called the Sinosphere, an area including Korea and parts of Southeast Asia with a shared heritage of Confucian statecraft and values underpinned by the classical Chinese language. The authors of the chapters, who include established senior academics and younger scholars, and employ a range of disciplines and methodologies were selected by the editors for their expertise in particular aspects of this rich and complex cultural relationship. As for the editors, Richard King and Cody Poulton are scholars and translators of Chinese literature, and Japanese theatre respectively, each taking a historical and comparative perspective to the study of their subject. Katsuhiko Endo is an intellectual historian dealing with both Japan and China.

### **Reflections in a Glass Door**

Marvin Marcus, 2009-07-15. Much has been written about Natsume Soseki (1867-1916), one of Japan's most celebrated writers. Known primarily for his novels, he also published a large and diverse body of short personal writings, *shohin*, that have long lived in the shadow of his fictional works. The essays which appeared in the *Asahi Shinbun* between 1907 and 1915 comprise a fascinating autobiographical mosaic while capturing the spirit of the Meiji era and the birth of modern Japan. In *Reflections in a Glass Door*, Marvin Marcus introduces readers to a rich sampling of Soseki's *shohin*. The writer revisits his Tokyo childhood, recalling family friends and colleagues and musing wistfully on the transformation of his city and its old neighborhoods. He painfully recounts his two years in London where he immersed himself in literary research even as he struggled with severe depression. A chronic stomach ailment causes Soseki to reflect on his own mortality and what he saw as the spiritual afflictions of modern Japanese: rampant egocentrism and materialism. Throughout, he adopts a number of narrative voices and poses the peevish husband, the harried novelist, the convalescent, the seeker of wisdom. Marcus identifies memory and melancholy as key themes in Soseki's personal writings and highlights their relevance in his fiction. He balances Soseki's account of his Tokyo household with that of his wife, Natsume Kyoko, who left a straightforward record of life with her celebrated husband. Soseki crafted a moving and convincing voice in his *shohin*, which can now be pondered and enjoyed for their penetrating observation and honesty as well as the fresh perspective they offer on one of Japan's literary giants.

**A Fictional Commons** Michael K. Bourdaghs, 2021-08-09. Modernity arrived in Japan as elsewhere through new forms of ownership. In *A Fictional Commons*, Michael K. Bourdaghs explores how the literary and theoretical works of Natsume Soseki (1867-1916), widely celebrated as Japan's greatest modern novelist, exploited the contradictions and ambiguities that haunted this new system. Many of his works feature narratives about inheritance, thievery, and the struggle to obtain or preserve material wealth while also imagining alternative ways of owning and sharing. For Soseki, literature was a means for thinking

through and beyond private property Bourdaghs puts S seki into dialogue with thinkers from his own era including William James and Mizuno Rentar author of Japan s first copyright law and discusses how his work anticipates such theorists as Karatani K jin and Franco Moretti As Bourdaghs shows S seki both appropriated and rejected concepts of ownership and subjectivity in ways that theorized literature as a critical response to the emergence of global capitalism      **Encyclopedia of the World Novel, 1900 to the Present** Michael David Sollars,Arbolina Llamas Jennings,2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature      Language, Nation, Race Atsuko Ueda,2021-06-01 A free open access ebook is available upon publication Learn more at [www.luminosoa.org](http://www.luminosoa.org) Language Nation Race explores the various language reforms at the onset of Japanese modernity a time when a national language kokugo was produced to standardize Japanese Faced with the threat of Western colonialism Meiji intellectuals proposed various reforms to standardize the Japanese language in order to quickly educate the illiterate masses This book liberates these language reforms from the predetermined category of the nation for such a notion had yet to exist as a clear telos to which the reforms aspired Atsuko Ueda draws on while critically intervening in the vast scholarship of language reform that engaged with numerous works of postcolonial and cultural studies She examines the first two decades of the Meiji period with specific focus on the issue of race contending that no analysis of imperialism or nationalism is possible without it      **Sanshiro** Natsume Soseki,2009-11-26 One of Soseki s most beloved works of fiction the novel depicts the 23 year old Sanshiro leaving the sleepy countryside for the first time in his life to experience the constantly moving real world of Tokyo its women and university In the subtle tension between our appreciation of Soseki s lively humour and our awareness of Sanshiro s doomed innocence the novel comes to life Sanshiro is also penetrating social and cultural commentary      The Facts on File Companion to the World Novel Michael Sollars,Arbolina Llamas Jennings,2008      **Kokoro** Natsume Soseki,2010-02-23 Soseki is the representative modern Japanese novelist a figure of truly national stature Haruki Murakami The father of modern Japanese literature s best loved novel in its first new English translation in half a century No collection of Japanese literature is complete without Natsume Soseki s Kokoro his most famous novel and the last he completed before his death Published here in the first new translation in more than fifty years Kokoro meaning heart is the story of a subtle and poignant friendship between two unnamed characters a young man and an enigmatic elder whom he calls Sensei Haunted by tragic secrets that have cast a long shadow over his life Sensei slowly opens up to his young disciple confessing indiscretions from his own student days that have left him reeling with guilt and revealing in the seemingly unbridgeable chasm between his moral anguish and his student s struggle to understand it the profound cultural shift from one generation to the next that characterized Japan in the early twentieth century      *A Companion to European Romanticism* Michael Ferber,2008-04-15 This companion is the first book of its kind to focus on the whole of European Romanticism Describes the way in which the Romantic Movement swept across Europe in the early nineteenth century Covers the national literatures of France Germany
