Redundant Masculinities Employment Change And White Working Class Youth:

Redundant Masculinities? Linda McDowell, 2011-07-22 Redundant Masculinities investigates the links between the so called crisis of masculinity and contemporary changes in the labour market through the lives of young working class men Allows the voices of poorly educated young men to be heard Looks at how the labour market is changing Emphasises the social construction of gender and racial identities Dispels popular myths about the crisis in masculinity Redundant Masculinities? Linda McDowell, 2003-08-08 Redundant Masculinities investigates the links between the so called crisis of masculinity and contemporary changes in the labour market through the lives of young working class men Allows the voices of poorly educated young men to be heard Looks at how the labour market is changing Emphasises the social construction of gender and racial identities Dispels popular myths about the crisis in masculinity **Young Working-Class Men in Transition** Steven Roberts, 2018-06-27 Young Working Class Men in Transition uses a unique blend of concepts from the sociologies of youth and masculinity combined with Bourdieusian social theory to investigate British young working class men s transition to adulthood Indeed utilising data from biographical interviews as well as an ethnographic observation of social media activity this volume provides novel insights by following young men across a seven year time period Against the grain of prominent popular discourses that position young working class men as in crisis or as adhering to negative forms of traditional masculinity this book consequently documents subtle yet positive shifts in the performance of masculinity among this generation Underpinned by a commitment to a much more expansive array of emotionality than has previously been revealed in such studies young men are shown to be engaged in school open to so called women s work in the service sector and committed to relatively egalitarian divisions of labour in the family home Despite this class inequalities inflect their transition to adulthood with the toxicity of neoliberalism rather than toxic masculinity being core to this reality Problematising how working class masculinity is often represented Young Working Class Men in Transition both demonstrates and challenges the portrayal of working class masculinity as a repository of homophobia sexism and anti feminine acting It will appeal to students and researchers interested in fields such as youth studies masculinity studies gender studies sociology of education and sociology of work **The White Working Class** Justin Gest, 2018 Powered by original field research and survey analysis in the United States and United Kingdom The White Working Class What Everyone Needs to Know R provides a comprehensive and accessible exploration of white working class politics and the populism that is transforming the transatlantic social and political landscape In recent years the world has been reintroduced to the constituency of white working class people In a wave of revolutionary populism far right parties have scored victories across the transatlantic political world Britain voted to leave the European Union the United States elected President Donald Trump to enact an America First agenda and Radical Right movements are threatening European centrists in elections across the continent In each case white working class people are driving the reaction to the social change brought by globalization In

the midst of this rebellion a new group consciousness has emerged among the very people who not so long ago could take their political economic and cultural primacy for granted In *The White Working Class What Everyone Needs to Know* R Justin Gest provides the context for understanding this large group of people He begins by explaining what white working class means in terms of demographics history and geography as well as the ways in which this group defines itself and has been defined by others Gest also addresses whether white identity is on the rise why white people perceive themselves as marginalized and the roles of racism and xenophobia in white consciousness Finally he looks at the political attitudes voting behavior and prospects for the future of the white working class This accessible book provides a nuanced view into the forces driving one of the most complicated and consequential political constituencies today **Young People and Work** Robin Price, Paula McDonald, 2016-02-11

This edited book brings together empirical studies of young people in paid employment from a variety of disciplinary perspectives and in different national settings In the context of increasing youth labour market participation rates and debates about the value of early employment it draws on multi level analyses to reflect the complexity of the field Each of the three sections of the book explores a key aspect of young people s employment their experience of work intersections between work and education and the impact of other actors and institutions The book contributes to broadening and strengthening knowledge about the opportunities and constraints that young people face during their formative experiences in the labour market This book will be required reading for all those working in the fields of sociology employment relations and education **Masculinity and Aspiration in an Era of Neoliberal Education** Garth Stahl, Joseph Nelson, Derron Wallace, 2017-03-16

This collection investigates the ways in which boys and young men negotiate neoliberal discourse surrounding aspiration and how neoliberalism shapes their identities Expanding the field of masculinity studies in education the contributors offer international comparisons of different subgroups of boys and young men in primary secondary and university settings A cross sectional analysis of race gender and class theory is employed to illuminate the role of aspiration in shaping boys identities which adds nuance to their complex identity work in neoliberal times *Identity, Neoliberalism and Aspiration* Garth Stahl, 2015-01-09

In recent years there has been growing concern over the pervasive disparities in academic achievement that are highly influenced by ethnicity class and gender Specifically within the neoliberal policy rhetoric there has been concern over underachievement of working class young males specifically white working class boys The historic persistence of this pattern and the ominous implication of these trends on the long term life chances of white working class boys has led to a growing chorus that something must be done to intervene This book provides an in depth sociological study exploring the subjectivities within the neoliberal ideology of the school environment in order to expand our understanding of white working class disengagement with education The chapters discuss how white working class boys in three educational sites enact social and learner identities focusing on the practices of meaning making and identity work that the boys experienced and the disjunctures and commonalities between them The

book presents an analysis of the varying tensions influencing the identity of each boy and the consequences of these pressures on their engagement with education Drawing on Bourdieu s theoretical tools and a model of egalitarian habitus Identity Neoliberalism and Aspiration Educating white working class boys will be of interest to academics researchers and postgraduate students in the field of sociology of education and those from related disciplines studying class and gender

Retail Work Irena Grugulis,Ödül Bozkurt,2011-03-15 Internationally renowned experts assess the role of retail work in modern industrial economies in Retail Work Chapters are arranged thematically to capture four aspects of retail work the nature of work and the shop floor work across the supply chain and the wider productive system the skills used in retailing and workers as a collectivity **Young People, Class and Place** Robert MacDonald,Tracy Shildrick,Shane

Blackman,2013-10-18 Under the weight of apparently growing consumer affluence globalisation and post modern social theory many have proclaimed the declining significance of social class and place to young people s lives and for social science Drawing upon new empirically grounded theoretically innovative studies this volume begs to differ It argues that the youth phase provides a privileged vantage point from which to interrogate and think about broader processes of social change and social continuity These themes are addressed by all the diverse contributions gathered here The chapters include investigation of the problems of growing up in gang neighbourhoods and young people s use of space for leisure new patterns of class formation and youth transition in Eastern Europe the effects of classed labels and identities such as chav and charver in youth culture and schooling the changing meanings of class and place for young women in changing socio economic landscapes new patterns of youth culture and transition among Black young men in East London and how we think and theorise about change and continuity in youth studies Together these new empirical studies and critical theoretical analyses confirm the continuing central importance of class and place in shaping the opportunities transitions sub cultures and life styles of young people This book was based on a special issue of Journal of Youth Studies **Masculinity Beyond the Metropolis** J. Kenway,A. Kraack,A. Hickey-Moody,2006-06-20 This book gives insights on youth masculinity and place by exploring spatially marginalized masculinities in stigmatized and romanticized out of the way places in developed Western countries It shows the impact of globalization on place and identity through global ethnographic studies and media representations of young men in peripheral places *The Design History Reader* Grace Lees-Maffei,Rebecca

Houze,2024-12-12 This revised and updated edition addresses the international history and practice of design from the 17th century to the present day Covering both primary texts by social theorists designers and design reformers and secondary texts in the form of key works of design history and design thinking the Reader provides an essential resource for understanding the history of design the development of the discipline and contemporary issues in design history and practice including decolonization sustainability historiography gender and globalization Extracts are grouped into thematic sections each with a contextualizing introduction by the editors and a guide to further reading The updated edition of The Design

History Reader expands upon its original content and features numerous significant voices from across the globe Authors include William Morris Karl Marx Roland Barthes Victor Margolin Penny Sparke Judy Attfield Ellen Lupton and many more

Precarious Worlds Katie Meehan,Kendra Stauss,2015-11-15 This edited collection contributes to the theoretical literature on social reproduction defined by Marx as the necessary labor to arrive the next day at the factory gate and extended by feminist geographers and others into complex understandings of the relationship between paid labor and the unpaid work of daily life The volume explores new terrain in social reproduction with a focus on the challenges posed by evolving theories of embodiment and identity nonhuman materialities and diverse economies Reflecting and expanding on ongoing debates within feminist geography with additional cross disciplinary contributions from sociologists and political scientists Precarious Worlds explores the productive possibilities of social reproduction as an ontology a theoretical lens and an analytical framework for what Geraldine Pratt has called a vigorous materialist transnational feminism

The Transformation of Citizenship, Volume 3 Juergen Mackert,Bryan S. Turner,2017-03-16 This volume Struggle Resistance and Violence examines the fact that all over the world the rights of citizens have come under enormous pressure and addresses the many ways in which people are making claims against both autocratic and democratic authority Without any doubt rule breaking riots and violent upheavals have become an aspect of political struggles for citizenship The book takes up a conflict perspective that directs attention to these recent phenomena It stresses the necessity of a careful analysis of resistance and violence as critical factors for coming to terms with social

conflicts for citizenship from Europe to South America as well as the Near East the Far East and the Arab World *The Oxford Handbook of Meaningful Work* Ruth Yeoman, Catherine Bailey, Adrian Madden, Marc Thompson, 2019-01-03 The Oxford Handbook of Meaningful Work examines the concept practices and effects of meaningful work in organizations and beyond Taking an interdisciplinary approach this volume reflects diverse scholarly contributions to understanding meaningful work from philosophy political theory psychology sociology organizational studies and economics In philosophy and political theory treatments of meaningful work have been influenced by debates concerning the tensions between work as unavoidable and necessary and work as a source of self realization and human flourishing This tension has come into renewed focus as work is reshaped by technology globalization and new forms of organization In management studies much empirical work has focused on meaningful work from the perspective of positive psychology but more recent research has considered meaningful work as a complex phenomenon socially constructed from interactive processes between individuals and between individuals organizations and society This Handbook examines meaningful work in the context of moral and pragmatic concerns such as human flourishing dignity alienation freedom and organizational ethics The collection illuminates the relationship of meaningful work to organizational constructs of identity belonging callings self transcendence culture and occupations Representing some of the most up to date academic research the editors aim to inspire and equip researchers by identifying new directions and methods with which to deepen scholarly inquiry into a topic of growing importance Polish Migration to the UK in the 'New' European Union Kathy Burrell, 2016-04-22 Since the 2004 enlargement of the European Union over half a million Polish migrants have registered to work in the United Kingdom constituting one of the largest migration movements in contemporary Europe Drawing on research undertaken across a wide range of disciplines history economics sociology anthropology film studies and discourse analysis and focusing on both the Polish and British aspects of this phenomenon both emigration and immigration this edited collection investigates what is actually new about this migration flow what its causes and consequences are and how these migrants lives have changed by moving to the United Kingdom As the first book to deal with Polish migration to the United Kingdom *Polish Migration to the UK in the New European Union* will appeal to scholars across a range of social sciences whose work concerns migration and the migration process **Work and Livelihoods** Susana Narotzky, Victoria Goddard, 2016-12-01 Winner of the Society for the Anthropology of Work book prize 2017 This volume presents a global range of ethnographic case studies to explore the ways in which in the context of the restructuring of industrial work the ongoing financial crisis and the surge in unemployment and precarious employment local and global actors engage with complex social processes and devise ideological political and economic responses to them It shows how the reorganization and re signification of work notably shifts in the perception and valorization of work affect domestic and community arrangements and shape the conditions of life of workers and their families *Grandparenting Practices Around the World* Virpi Timonen, 2020-05-13 This exciting collection presents an in

depth up to date analysis of the unprecedented phenomenon of increasing numbers of grandparents worldwide co existing and interacting for longer periods of time with their grandchildren The book contains analyses of topics that have so far received relatively little attention such as transnational grandparenting and gender differences in grandparenting practices It is the only collection that brings together theory driven research on grandparenting from a wide variety of cultural and welfare state contexts including chapters on Europe North America Africa Asia and Australia drawing broad lines of debate rather than focusing at a country level Building on the success of Contemporary grandparenting edited by Virpi Timonen and Sarah Arber this book further deepens our understanding of how social structures continue to shape grandparenting across a wide range of cultural and economic contexts The book is essential reading and reference for researchers students and policy makers who want to understand the growing influence of grandparents in ageing families and societies across the world

Cities and Gender Helen Jarvis,Jonathan Cloke,Paula Kantor,2009-06-02 Men and women experience the city differently in relation to housing assets use of transport relative mobility spheres of employment and a host of domestic and caring responsibilities An analysis of urban and gender studies as co constitutive subjects is long overdue Cities and Gender is a systematic treatment of urban and gender studies combined It presents both a feminist critique of mainstream urban policy and planning and a gendered reorientation of key urban social environmental and city regional debates It looks behind the headlines on issues of transport housing uneven development regeneration and social exclusion for instance to account for the hidden infrastructure of everyday life The three main sections on Approaching the City Gender and Built Environment and finally Representation and Regulation explore not only the changing environments working practices and household structures evident in European and North American cities today but also those of the global south International case studies alert the reader to stark contrasts in gendered life chances differences between north and south as well as inequalities and diversity within these regions while at the same time highlighting interdependencies which globally thread through the lives of women and men as the result of uneven development This book introduces the reader to previously neglected dimensions of gendered critical urban analysis It sheds light through competing theories and alternative explanations on recent transformations of gender roles state and personal politics and power relations across intersecting spheres of home work the family urban settlements and civil society It takes a household perspective alongside close scrutiny of social networks gender contracts welfare regimes and local cultural milieu In addition to providing the student with a solid conceptual grounding across broad structures of production consumption and social reproduction the argument cultivates an interdisciplinary awareness of and dialogue between the everyday issues of urban dwellers in affluent and developing world cities The format of the book means that included with each chapter are key definitions boxed concepts and case study evidence along with specifically tailored learning activities and further reading This is both a timely and trenchant discussion that has pertinence for students scholars and researchers
