The Hammer of God Arthur C. Clarke, 1994-10-01 Entertaining Arthur Clarke handles both ideas and characters with deftness and wit in short the outstanding living science fiction writer is romping Chicago Sun Times In the year 2110 technology has cured most of our worries But even as humankind enters a new golden age an amateur astronomer points his telescope at just the right corner of the night sky and sees disaster hurtling toward Earth a chunk of rock that could annihilate civilization While a few fanatics welcome the apocalyptic destruction as a sign from God the greatest scientific minds of Earth desperately search for a way to avoid the inevitable On board the starship Goliath Captain Robert Singh and his crew must race against time to redirect the meteor from its deadly collision course Suddenly they find themselves on the most important mission in human history a mission whose success may require the ultimate sacrifice Praise for The Hammer of God Clarke is still at the top of his game The Detroit News As good as anything he has written For a hard science fiction treat I suspect The Hammer of God won't be topped Star Tribune Minneapolis Classic Clarke A good story The Denver Post

The Garden of Rama Arthur C. Clarke, Gentry Lee, 1992-09-01 In the spellbinding Arthur C Clarke tradition here is an exhilarating adventure into the hearts of both the Universe and mankind By the twenty third century Earth has already had two encounters with massive mysterious robotic spacecraft from beyond our solar system the incontestable proof of an alien technology that far exceeds our own Now three human cosmonauts are trapped aboard a labyrinthine Raman vessel where it will take all of their physical and mental resources to survive Only twelve years into their journey do these intrepid travelers learn their destination and face their ultimate challenge a rendezvous with a Raman base and the unseen architects of their galactic home The cosmonauts have given up family friends and possessions to live a new kind of life But the answers that await them at the Raman Node will require an even greater sacrifice if humanity is indeed ready to learn the awe inspiring truth
