**Deep South** Allison Davis,Burleigh Bradford Gardner,Mary R. Gardner,2009 First published in 1941 Deep South is the cooperative effort of a team of social anthropologists to document the economic racial and cultural character of the Jim Crow South through a study of a representative rural Mississippi community Researchers Allison Davis Burleigh B Gardner and Mary R Gardner lived among the people of Natchez Mississippi as they investigated how class and caste informed daily life in a typical southern community This Southern Classics edition of their study offers contemporary students of history a provocative collection of primary material gathered by conscientious and well trained participant observers who found then as now intertwined social and economic inequalities at the root of racial tensions Expanding on earlier studies of community stratification by social class researchers in the Deep South Project introduced the additional concept of caste which parsed a community through rigid social ranks assigned at birth and unalterable through life a concept readily identifiable in the racial divisions of the Jim Crow South As African American researchers Davis and his wife Elizabeth along with his assistant St Clair Drake were able to gain unrivaled access to the black community in rural Mississippi unavailable to their white counterparts Through their interviews and experiences the authors vividly capture the nuances in caste enforcing systems of tenant landlord relations local government and law enforcement But the chief achievement of Deep South is its rich analysis of how the southern economic system and sharecropping in particular functioned to maintain rigid caste divisions along racial lines In the new introduction to this edition Jennifer Jensen Wallach situates this germinal study within the field of social anthropology and against the backdrop of similar community studies of the era She also details the subsequent careers of this distinguished

team of researchers      **Reflections on Reformational Theology** Kimlyn J. Bender, 2021-07-29 The essays in this volume examine some of the fundamental doctrinal convictions of Martin Luther and the Reformation legacy as well as the maturation and development of these convictions in the theology of Karl Barth The broad evangelical vision that spans its various confessional tributaries is presented in the essays of this volume Together these studies serve as a cumulative argument for the ongoing coherence meaning and consequence of that vision one that at its heart is constructive and ecumenical rather than narrowly polemical Kimlyn J Bender examines a variety of topics such as the relation of Christ and the Church as understood in the theology of Luther and Barth the centrality of Christ to an understanding of all the solas of the Reformation the place and significance of the Reformers in Barth's own thought and Barth's theology in conversation with distant descendants of the Reformation often neglected including Baptists in America Pietists in Europe and Barth's own complicated relationship with Kierkegaard Bender concludes his discussion by presenting constructive proposals for a Church and university on the way and thus ever reforming      **Refusals and Reflections** , 2024-11-04 Though qualitative research methods shape scholarship around the globe and institutions worldwide offer qualitative coursework there is very little explicit discussion on how to effectively teach qualitative research Instead a standard approach is for instructors to gain in depth expertise in qualitative methodologies with little or no pedagogical training The effect is a continuous and nearly exclusive emphasis on content knowledge that undermines the preparation of novice researchers as both teachers and learners This book works to fill that gap by offering perspectives strategies and applications from instructor and student perspectives based on a semester long class emphasizing social justice in qualitative research This edited volume offers sections on pedagogical strategies students responses to and applications of those concepts and then instructor reflections The goal is to offer an important starting point for explicit discussions on how qualitative research might be taught and learned in addition to how it might be thoughtfully and ethically conducted Contributors are Erica T Campbell Sun Young Gu Kelsey H Guy Aimee J Hackney April M Jones Alison N Kearley Caran Kennedy Amon Neely Cowan Allyson Pitzel Diana Quito Erin E Rich Stephanie Anne Shelton Ashley Salter Virgin and Venus Treva Watson      [Rearview Mirror Reflections](#) Frances Wright, 2013-03-15 Rearview Mirror Reflections depicts the family biographical reflections of one who was born and reared in the Deep South during the late 1940s This narrative presents a collection of illuminating short stories and incidents that reveals the delightful difficult and sometimes complicated experiences of my childhood These informative reflected stories events people and places were collected as the remembrance of them flowed from my richly endowed memories However the presentation of them will not always be arranged in the order in which these experiences occurred Life has a way of beckoning at us from our past Reflections of it show up as bright as the noonday sun alluding to the fact that it has in some way shaped our present day Experiences and lessons learned stare toward us with clear perceptions of those former days The joys and the sorrows of our family still stand out as markers of progressiveness and accomplishments Nowhere has it

been known of as having a childhood such as ours As I was growing up I did not have anything to compare my life with So I simply accepted things as they were Nevertheless my growing up years holds many fond memories that I would not have traded for anything else Therefore many of my reflections may seem somewhat amusing and maybe incredible to believe by some or even a bit absurd Nevertheless they all identify my youth as I reflect upon my childhood It is my hope that you will enjoy reading my family biographical reflections as well as I did in sharing them with you Studies in Short Fiction ,1977

**The White House Looks South** William E. Leuchtenburg, 2005-10-01 Perhaps not southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent

much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth The White House Looks South is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers **When Marx Mattered** Harold J.

Bershady,2014-06-15 A beautifully written trenchant and moving memoir When Marx Mattered follows Harold J Bershady s odyssey from childhood through his coming of intellectual age The wounds and pleasures of his childhood include fear of Nazis poverty the joys and constraints of Jewishness his caring family and love of music and the confusion surrounding World War II In this book Bershady describes his teenage encounter with Marxism and how it provided some understanding of the world and hope for peace Bershady gives us a serious portrayal of the evolution of scholarly judgment but also a social history of the second half of the twentieth century refracted through the author s own experiences in which Jewish Americans played an important but under appreciated part Along the way the author corrects the misapprehension that Jewish or non Jewish American political radicals only evolve into conservatives Through his own mistakes and hard won lessons Bershady shows the power importance and morality that intellectual standards play in enabling an intellectual to achieve sound and fair judgments Bershady firmly believes that his achievements in the social sciences are grounded in the fact that he also studied philosophy literature and history all of which immeasurably deepened his understanding of social life The generational portrait in this book is both an homage to those who preceded him and a hope for educational broadening of social science in the generation to come **Antiracist Teacher Education** Gilda Martínez-Alba,Luis Javier Penton

Herrera,Afra Ahmed Hersi,2022-07-26 In this edited book sponsored by the ATE Diversity Committee we invited teacher educators to provide their stories from the field of education related to antiracist instruction in teacher education The stories took the form of narratives and counternarratives The engaging ideas activities and suggestions throughout provide readers with much content to reflect on and apply in their teacher education classrooms and programs Education advocates and policy makers would also be interested in hearing the perspectives of these educators as they bring to light much information

that is not clear through just the numbers or quantitative statistics These in depth rich descriptions provide high quality information that would be beneficial to educators in various settings and subject areas as this is an antiracist teacher education is an issue that goes across all areas in education      **Reflections** Gary Russell Libby,2009 Reflections includes 69 paintings from the collection of Cici and Hyatt Brown of artists who worked in Florida capturing a visual history through art from 1865 1965 It includes chapters on over 40 artists with several essays from the artists on their work      Ethnography in the Open Science and Digital Age: New Debates, Dilemmas, and Issues Colin Jerolmack,Alexandra Murphy ,Victoria Reyes,2024-06-19 In the current moment ethnography is caught up in a number of debates that have led ethnographers to reflect on classic methodological and ethical dilemmas in new ways The replication crisis had led to a movement for open science e g registering hypotheses in advance sharing codes and data but it seems unclear that recommended best practices are appropriate to ethnography It s even up for debate whether ethnography is more of a social science or a genre The fact that many ethnographies are widely read invites questions and criticisms from beyond the ivory tower including our subjects about the ethics of representation e g who has license to write about whom and the extent to which journalistic standards of data verification and transparency e g fact checking naming sources should apply to qualitative research Some ethnographers are calling for more open critical discussions about the embodied dimensions of fieldwork including not only emotions but also issues like sexual intimacy and harassment There s also a growing expectation that ethnographers empower our subjects to represent and analyze themselves What s more as more of social life is lived online it becomes increasingly unclear where the boundaries of the field site should be drawn and whether ethnographic conventions can be applied wholesale to the study of digital spaces      But for Birmingham Glenn T. Eskew,2000-11-09 Birmingham served as the stage for some of the most dramatic and important moments in the history of the civil rights struggle In this vivid narrative account Glenn Eskew traces the evolution of nonviolent protest in the city focusing particularly on the sometimes problematic intersection of the local and national movements Eskew describes the changing face of Birmingham s civil rights campaign from the politics of accommodation practiced by the city s black bourgeoisie in the 1950s to local pastor Fred L Shuttlesworth s groundbreaking use of nonviolent direct action to challenge segregation during the late 1950s and early 1960s In 1963 the national movement in the person of Martin Luther King Jr turned to Birmingham The national uproar that followed on Police Commissioner Bull Connor s use of dogs and fire hoses against the demonstrators provided the impetus behind passage of the watershed Civil Rights Act of 1964 Paradoxically though the larger victory won in the streets of Birmingham did little for many of the city s black citizens argues Eskew The cancellation of protest marches before any clear cut gains had been made left Shuttlesworth feeling betrayed even as King claimed a personal victory While African Americans were admitted to the leadership of the city the way power was exercised and for whom remained fundamentally unchanged      The Sea Captain's Wife: A True Story of Love, Race, and War in the Nineteenth Century Martha

Hodes,2011-02-07 A finalist for the Lincoln Prize The Sea Captain's Wife comes surprisingly and movingly alive Tina Jordan Entertainment Weekly Award winning historian Martha Hodes brings us into the extraordinary world of Eunice Connolly Born white and poor in New England Eunice moved from countryside to factory city worked in the mills then followed her husband to the Deep South When the Civil War came Eunice's brothers joined the Union army while her husband fought and died for the Confederacy Back in New England a widow and the mother of two Eunice barely got by as a washerwoman struggling with crushing depression Four years later she fell in love with a black sea captain married him and moved to his home in the West Indies Following every lead in a collection of 500 family letters Hodes traced Eunice's footsteps and met descendants along the way This story of misfortune and defiance takes up grand themes of American history opportunity and racism war and freedom and illuminates the lives of ordinary people in the past A Library Journal Best Book of the Year and a selection of the Book of the Month Club Literary Guild and Quality Paperback Book Club **The Sea Captain's Wife**
