Waters' Reflection Jennifer Driscoll,2016-05-30 At the age of nine Jillian Waters idyllic childhood dissolved the day her mother disappeared She somehow survived the loss but that doesn t mean she emerged with her heart intact She spent the next twenty years moving from town to town with her police officer father as he worked on the case of his life She built up sturdy walls to protect her heart from anything close to love Now living in Chicago within arm s reach of Lake Michigan

which along with her dad has been the only constant in her life she meets Drew Montgomery He is a boat builder and a man of passion searching for someone with whom to build his life his way with a solid foundation and plenty of heart Their mutual love of the lake draws Jillian and Drew into a relationship unlike any she has ever dared to risk When Jillian discovers a connection to her mother she must decide to walk away or risk her heart on a man who may hold answers to so many questions that have lingered throughout her life Waters Reflection is a story of connections loss and strength in the face of danger and on the chance of love Love always matters *The North American Review* Henry Cabot Lodge, Jared Sparks, Edward Everett, James Russell Lowell, 1917 Vols 277 230 no 2 include Stuff and nonsense v 5 6 no 8 Jan 1929 Aug 1930 *Reflections from the Kitchen* Fred Raynaud, 2006-10 Reflections is not a cookbook There are no recipes between its pages What you will find is a look at Christ through the eyes of a chef The book takes you behind the scenes of restaurant life and reflects the Glory of Christ while working and worshipping within the marketplace Reflections in Blue Water and Other Stories Richard Bist, 2020-06-11 A collection of ten short stories that reflect on different aspects of life from the heartbreakingly familiar to the strangeness and quirkiness that defines our existence Chemical News and Journal of Industrial Science, 1878 Chemical News and Journal of Physical Science, 1919 **The Chemical News and Journal of Physical Science**, 1878 The Chemical News and Journal of Industrial Science, 1878 Chemical News and Journal of Physical Science William Crookes, James H. Spiller, 2001-01-28 A dark and poetic look into the End of the World Can one man

really make a difference Is the road to Hell truly paved with good intentions Will the world really end not with a bang but with a whimper Ms Spiller offers her answer to all of these questions in her dark and poetic look into the end of mankind The narrator is a mysterious omniscient poet who speaks directly to the reader much like the Muses in an ancient tragedy The narrator looks back on the events of the book some time after The End has occurred The book is full of ironies and symbols The story of The End takes place over the course of seven days an ironic parallel of The Creation Ms Spiller s concept of Hell is portrayed as a shattered and broken world yet shockingly similar to the world around us in the present day The End of the World we find is not caused by a nuclear holocaust or global warming or an incurable disease but rather the simple but deadly combination of good intentions and misguided decisions The concept and the story are excellent insightful and hypnotic This book is a quick read but it will make a lasting impression Highly recommended Chris Tringali as posted at Amazon com
