Volume II: The Eighteenth Century P. J. Marshall,Alaine Low,1998-05-28 Volume II of the Oxford History of the British Empire examines the history of British worldwide expansion from the Glorious Revolution of 1689 to the end of the Napoleonic Wars a crucial phase in the creation of the modern British Empire This is the age of General Wolfe Clive of India and Captain Cook The international team of experts deploy the latest scholarly research to trace and analyse development and expansion over more than a century They show how trade warfare and migration created an Empire at first overwhelmingly in the Americas but later increasingly in Asia Although the Empire was ruptured by the American Revolution it survived and grew into the British Empire that was to dominate the world during the nineteenth and early twentieth centuries series blurb The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records It deals with the interaction of British and non western societies from the Elizabethan era to the late twentieth century aiming to provide a balanced treatment of the ruled as well as the rulers and to take into account the significance of the Empire for the peoples of the British Isles It explores economic and social trends as well as political *Reformation, Exploration, and Empire: Privacy and luxury-servants* ,2005 A ten volume set documents important people places and events in world history that occurred during the Reformation period from the sixteenth century through the seventeenth century *The New Cambridge Medieval History: Volume 7, C.1415-c.1500* Rosamond McKitterick,1995 This volume covers the last century interpreted broadly of the traditional western Middle Ages

Often seen as a time of doubt decline and division the period is shown here as a period of considerable innovation and development much of which resulted from a conscious attempt by contemporaries to meet the growing demands of society and to find practical solutions to the social religious and political problems which beset it The volume consists of four sections Part I focuses on both the ideas and other considerations which guided men as they sought good government and on the practical development of representation Part II deals with aspects of social and economic development at a time of change and expansion Part III discusses the importance of the life of the spirit religion education and the arts Moving from the general to the particular Part IV concerns itself with the history of the countries of Europe emphasis being placed on the growth of the nation states of the early modern world
